Agents Wanted,
For Frank Moores's New Work,
"WOMEN OF THE WAR."

AGENTS will find this a book of *real merit* and *intrinsic value*—the subject new—*extremely interesting* and *exciting*. NO WORK ever attracted and engaged the public mind like this. Everybody wants it, and thousands will purchase it as soon as an opportunity is afforded them. Read what Agents say of it.

One experienced agent writes: It is the easiest and pleasantest Book to sell he ever canvassed for, and says people are delighted with it, the *Ladies* especially. Another says: "Women of the War" is the book of the season. Another, 187 ORDERS IN FOUR DAYS. One reports 17 orders the first day of canvassing.

INTELLIGENT, active MALES or FEMALES will find the sale of *this* work a pleasant and *lucrative employment*. THIS BOOK HAS NO COMPETITOR.—It comes fresh and new to the people. The territory is clean and clear. Agents understand the advantages of this particular. For full particulars send for circular. Address

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what it is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling, and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

All in want of a Stove of the first order, *at a moderate price*, are respectfully invited to call and examine the KEARSARGE before purchasing.

CAUTION.

The public are cautioned against being imposed upon by the purchase of any other Stove bearing the name "Kearsarge," as others are in the market. The genuine Kearsarge Stove is sold only by the subscriber, and has the name U. BLAISDELL upon the hearth.

Also in Store, a large assortment of other

NOW OPEN!
MONTGOMERY'S
MUSIC, PICTURE FRAME, AND VARIETY STORE,
10 1-2 Dental Street,
(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COBB, would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMP'S altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman.

The Mechanic Association's
Reading Room and Exchange.

In Carr's Block, corner Pleasant and State sts., is now in its second year, and is regarded as permanently established in that favorable and convenient location; and the managers desire to invite public notice to it and the Association, and to the advantages here offered to mechanics, and business men generally.

The Reading Room is well supplied with the Newspapers of the city, and is open from 7 o'clock A. M. to half-past 9 in the evening. Terms $4 per year. Free to all members of the Association and their apprentices—and strangers visiting the city are invited to visit it at any time.

The Association is open to membership of Mechanics and Manufacturers, of good character; and the advantages are great, at a very small expense. B. M. PARKER, Secretary.

HINTS TO FARMERS—BY "GIRLS."—WHAT HOES TO USE.—In planting or hoeing corn, use the ordinary hoes in general use. Neither India rubber hoes nor cotton hoes would be of account in a corn-field; no more would one of Hoe's eight cylinder presses.

How to hold the Plow—Don't try to hold it out at arm's length. You can't do it. If you hain't a plow of your own, get out an attachment on your neighbor's who owes you. Any justice will tell you whether you can hold it or not.

The Best Time to Put in Rye—I asked an old farmer once what was the best time to put in rye? He looked at his watch and replied: "This is about the hour." The rye was immediately put in. All seasons are the same for putting in rye.

How to keep Corn—The best place to keep corn is in a corn-house, though some prefer to keep it in the system—in the juice. If they don't keep corn, they keep corn'd.

Fences and Fencing—Good fencing is essential on a farm. Get a good "fencing master" to teach you. A rail fence is better than an imaginary one. You can't repair a worm fence by taking vermilage.—Neither can you cut good white wash brushes out of brush fences. Minister can tell you that.

To make your Stables warm in Winter—Set fire to them.

To Drain Lands—Drink whisky and spend all your time at the village tavern. This will drain your lands in a short time.

To make Stone Fence—Equal parts of whisky and cider. This is the reciprocal stone fence; the more you lay of it the more it will "lay" you.

Easy way to draw Saw-logs—Draw them on a piece of paper with a crayon pencil. After a little practice you will be able to "draw" the largest kind of saw-logs with ease.

Pork—Packing thread is of no use in packing pork. In curing hams the time varies. Hams that have got trichina can't be cured at all.

Postponed until
Thursday Evening, Oct. 11th, '66.
200,000 tickets, at $1 each. 75,000 Presents, valued at $250,000, consisting of the Residences, Lots, Pianos, Diamonds, Jewelry, Silver Ware, etc., etc.

A CARD.—A large number of Tickets remaining unsold, it will be necessary to POSTPONE THE DRAWING until THURSDAY, the 11th of October, 1866, at which it will positively come.—The many swindling schemes that have been presented to the public during the last few months, have had delayed our sales, until we were able to satisfy the people throughout the country that this enterprise was genuine, and SOLELY for charitable purposes. The Directors are confident if the sale of every ticket, and have allotted sufficient time to guarantee the sales without any further postponement.

Postmasters, Booksellers, etc., are requested to act as Agents, and Tickets will be supplied on application; no commission will be allowed.

House and an Acre and a half of Land For Sale.
The HOUSE and LAND of Freeman's Point, owned by Mr. MOSES WHERREN, is offered for sale. The House is a well-built two-story dwelling, 18 by 36 feet, with an L 12 by 32 feet. It contains 8 rooms, conveniently arranged. The situation is one of the finest around the city, rivalling in its extent and variety of prospect the celebrated view from "Lincoln Hill." The terms of sale will be most favorable to the purchaser, and in these days of high prices of building materials, the opportunity to get a well built house in a pleasant situation and superior neighborhood, at a low cost, is well worthy the consideration of any one desiring a home.
WILLIAM H. HACKETT.
Portsmouth, Aug. 30th, 1866.—eop.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption,* and all diseases that follow as a sequence of youthful indiscretions.
The Cherokee Cure will restore health and vigor, stop the spotting, and effect a permanent cure, after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Mucous Secretings, Brick Dust Deposits,* and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days,* and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their unusual worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds, in order to make money—and in place of these, *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to give full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

The Chronicle.

☞ There is in Pekin a "House with Chicken Feathers," where houseless vagabonds may sleep for one mill (the tenth part of a cent) a night. In an immense hall the floor is covered two or three feet thick with chicken feathers. The customers are introduced into this hall and take the first place they can find; they disappear in the feathers as if they were in water. All ages and both sexes lie pell-mell together. Over this downy bed hangs a canopy as large as the hall itself; the canopy is made of felt and is perforated with as many oval holes as the hall may contain sleepers. When the hour is struck for the closing of doors this canopy is lowered to the floor. Every sleeper hastens to thrust his head through a hole in order to breathe fresh air and escape being suffocated by the feathers. At the hour of rising a gong sounds and each sleeper pulls his head out of the hole to avoid being strangled by the canopy, which is pulled up to the ceiling by blocks and pulleys. This secures the waking of all the lodgers. They then go to the office and pay their mill for their night's lodging.

COOL.—The Washington Republican, the confidential organ of the President, gives a pathetic account of the manner in which the White House is overrun by office-seekers. Among the worst, it says, is "the class heretofore known as 'Copperheads,' who were spurned at Philadelphia as unworthy to be recognized through their chief, Vallandigham." "Now," says the Republican, this class "dare to come here" and demand a share of the offices. Perhaps the President's organs will be equally prompt to repudiate Copperhead assistance at the polls. Let them say so, and then the Johnson vote in Ohio, for instance, will be a curiosity.—*Exchange.*

— The canal between Washington and Alexandria is to be reopened. The business of the latter city, it is said, is rapidly increasing. New manufactories and mills are in process of erection, and there is every indication that the city will not only soon recover its former prosperity, but advance much further.

— The first and second mates of the clipper Great Republic, who were sentenced last year by a San Francisco court, one to eighteen months in the State prison, and the other to sixteen months in the county jail, for brutal treatment of sailors, have been discharged, the first mate by the expiration of his term, and the second by the pardon of the President.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 8 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since first introduced them, failed to cure the most alarming cases of CONSUMPTION AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. DOW has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Morning Chronicle.

Portsmouth N. H.

FRIDAY, SEPTEMBER 28, 1866.

☞ Mr. J. B. Ham, of Boston, appointed by the last Legislature to visit the manufacturing establishments of the State, and look after the educational interests of the juvenile employees, is in Fall River, has visited most of the mills, and finds the managers disposed to co-operate with him. The trouble is not with the employers, but with the employed. It is either the necessity or the avarice of parents, and not the grasping disposition of the mill owners, that keeps children at work when they should be at school.

JOHNSON'S SPEECHES.—Some patient and persistent individual who has read one of Johnson's recent speeches,condenses their argument as follows:

"I. The rebel States were never out of the Union, and by no possibility could they go out.

II. The rebel States can only be brought back into the Union by means of 'my policy.'

III. There never were any rebel States."

☞ At the Pittsburg Convention, Wednesday afternoon session, Gen. Barnum of New York, in behalf the various delegations, presented the armless soldier, who is there as a delegate, with a purse of several hundred dollars.

Addresses were delivered by Generals Harriman of New Hampshire, Gibson of Ohio, Sergeant Magee of Michigan, and Capt. Maxon of Michigan. The latter appeared on crutches.

On motion of Col. Streight a resolution was adopted calling on the President to remove all arms and munitions of war from the recently rebellious States.

Thanks were voted to the people of Pittsburg for their hospitality, and to the City Council, General Cox, the President of the Convention, and others.

A resolution of respect to the memory of Abraham Lincoln was unanimously adopted by the delegates rising in silence.

A committee was appointed to present copies of the proceedings to President Johnson, Congress, and the Governors of all the States.

A meeting of delegates to the convention, who at any time during the war were prisoners of war in Libby, Andersonville and other rebel prisons was held at night. Some forty persons were present. An association was formed to be called an "association of rebel prison survivors." General Streight was elected President. Its object is to procure a history of the rebel prisons during the late rebellion.

— The Galveston Bulletin states, on the authority of Gen. Kidder, Superintendent of the Freedmen's Bureau, that reports to him from his subordinates show that the crop of cotton will fall from a third to a half short of the former estimates; also, that there are not negroes enough at labor to pick out the crop.

— At Augusta, Me., General E. W. Hincks is making arrangements for the immediate occupation of the Togus Springs House, as the New England branch of the United States Military Asylum, the property having been purchased for that purpose. Dr. Bowman B. Breed, of Lynn, Mass., will have charge of Asylum.

— In Montreal, Tuesday, a girl fell over the wire railing that surrounds one of the basins in Viger square, into water eight feet deep. She was saved, like Rome, by some geese. A number of these warblers that were kept there commenced gabbling about the accident, and attracted the gardener's attention to the spot. He arrived just in time to rescue the child.

— It is not true that Jenny Lind is singing in public to retrieve her fortunes. She merely sings for charitable purposes, and emphatically denies the reports of her husband being either a spendthrift, a gambler, or a drunkard. She assures her friends, in whatever part of the world they may be, that Mr. Goldschmidt is a good husband and kind father.

— A young gentleman who was visiting a lady acquaintance during the flood in Springfield, Ohio, and remained until a somewhat late hour, found himself surrounded and imprisoned by the rising waters when he attempted to leave, and was consequently obliged to remain until next day.

— Sarah Norton is the oldest inhabitant of Newport, having completed her one hundred and first year. She was born in Newport, Sept. 4, 1765, and the Mercury says has through life enjoyed excellent health, although much of her time has been employed as nurse.

— A woman in Charleston, S. C., begged for $80 to bury her husband. A benevolent lady visited her home to take her the money. In a darkened apartment lay the corpse, the widow was crying and everything looked melancholy. She left the $80 and departed, forgetting her parasol. Returning, she found the corpse carefully counting the money.

IN THE PITTSBURG CONENVTION of Soldiers and Sailors, on Wednesday, Gen. Butler, as chairman of the Committee on Resolutions, offered the following, which were agreed to by acclamation.

Resolved, That the action of the present Congress in passing the Constitutional Amendment is wise, prudent, and just. It clearly defines American citizenship and guarantees all his rights to every citizen.—It places on a just and equal basis the right of representation, making the vote of a man in one State equally potent with the vote of another man in any State. It righteously excludes from places of honor and trust the chief conspirators and guiltiest rebels, whose perjured crimes have drenched the land in fraternal blood. It puts into the very frame of our Government the inviolability of the National debt, and the nullity forever of all obligations contracted in support of the rebellion. (Applause.)

Resolved, That it is unfortunate for the country that these propositions have not been received in the spirit of conciliation, clemency and fraternal feeling in which they were offerred, as they are the mildest terms ever granted to the subdued. (Applause.)

Resolved, That the President as an Executive officer has no right to a policy as against the legislative department of the Government; that his attempt to fasten his scheme of reconstruction upon the country is as dangerous as it is unwise; that his acts in sustaining it have retarded the restoration of peace and unity, they have converted conquered rebels into impudent claimants to rights which they have forfeited and places which they have desecrated, and, if consummated, it would render the sacrifices of the nation useless, the loss of the lives of our buried comrades vain, and the war in which we have so gloriously triumphed what his present friends at Chicago, in 1864, declared it to be—a failure. (Applause.)

Resolved, That the right of the conqueror to legislate for the conquered has been recognized by the public law of civilized nations; by the operation of that law for the conservation of the good of the whole country, Congress has the undoubted right to establish measures for the conduct of the revolted States, and to pass all acts of legislation that are neccessary for the complete restoration of the Union.

Resolved, That when the President claims that by the aid of the army and navy he might have made himself Dictator, he insulted every soldier and sailor in the Republic. He ought distinctly to understand that the tried patriots of this nation can never be used to overthrow civil liberty or popular Government. (Applause.)

Resolved, That the Neutrality laws should be so amended as to give the fullest liberty to the citizens consistent with the National faith: that the great Union Republican party is pledged to sustain liberty and equality of rights everywhere; and therefore we tender to all people struggling for freedom our sympathy and cordial co operation. (Applause.)

Resolved, That the Union men of the South without distinction of race or color, are entitled to the gratitude of every loyal soldier and sailor who served his country in suppressing the rebellion, and that in their present dark hours of trial when they are being persecuted by thousands, solely because they are now and have been true to the Government, we will not prove recreant to our obligations, but will stand by and protect with our lives, if necessary, those brave men who remained true to us when all around were false and faithless.—(Applause.)

Resolved, That in reorganizing the army, justice to the volunteer officers and soldiers demands that faithful efficient service in the field ought ever to have place in the Army and Navy of the Union. (Applause.)

Gen. Butler addressed the Convention, reviewing the history and position of public affairs. He took the ground that if during the rebellion the Southern States were not out of the Union, all the Union was out of them. Their representatives in arms surrendered, and with them all the rights of the Southern people were surrendered. They became paroled prisoners of war, and while government preserved its rights these people forfeited theirs. When the Southern people return humbled and repentant, let them be received and let their leaders be punished. Mr. Davis played his game boldly. He staked his life on the cast and he lost. Let his life pay the forfeit. Robert E. Lee, who deserted his flag to take a command in the army of the enemy, should suffer death. He would make examples of such men, so that no soldier should hereafter desert the flag of his country. The leading rebels threatened to expatriate themselves. He would say: "Go! stand not on the order of your going, but go at once." There was a golden opportunity lost.

General Harriman of New Hampshire responded to loud calls and made an able speech, in which he reviewed the action of the Dixie Doolittle Convention at Philadelphia. He was loudly applauded.

The members of the National Committee were then announced, as reported by the State delegations. The first name was Gen. Sigel, and the list comprises Gen. Logan and other fighting men. From New England are Lieut. Charles A. Boutelle of the Navy, Gen. Tilden and Gen. J. D. Fessenden of Maine; Gen. A. F. Stevens, Gen. Gilman Marston, and Capt. Joseph B. Clark of N. H.; Col. W. G. Veazy, Lieut. Col. S. E. Pingree, and Major John L. Barstow of Vermont; Gen. Burnside, Lieut. Lloyd Bowers of the Navy, and Gen. Tompkins of R. I.; Gen. Butler, Gen. Devens, Chaplain Quint, of Mass.; and Gen. Ferry Gen. Harland and Capt. Blakeslee of Conn.

The Convention closed by singing Old Hundred.

Correspondence of the Chronicle.

TOLEDO, O., Sept. 24th.

Messrs. Editors:—After an incessant rain storm of a week's duration, the clouds that "dropped down fatness" (resulting in many a lean pocket, however,) have disappeared, and old Sol beams gloriously forth, looking more brilliant and beautiful than ever. Long may he reign ere it again rains.

It is as yet impossible to estimate the damage done to crops, towns, railroads and bridges by the terrible flood which last week swept with resistless impetuosity through the fertile valleys of Ohio, Indiana and Illinois. But it is so serious that the grain markets have materially advanced in consequence, and weeks will be required to repair the damage ensuing to railroads, highways and fences. The West has not for many years experienced so disastrous a freshet; and in support of the adage that misfortunes never come singly, a keen and wide extended frost has the past two nights occasioned considerable injury to the standing crops.

Toledo is in a most flourishing condition, —now numbering 25,000 inhabitants. The growth has been second to no western city. Nearly three hundred buildings were erected within the city limits during the last year. The commerce of Toledo is exceeded in extent by no Lake port, excepting Chicago. It has six important railroad lines diverging in every direction, and a goodly share of the products of Michigan, Indiana, Illinois and south western Ohio find their way to this market for shipment. To accommodate this immense quantity of grain, flour, &c., ten elevators, with a storage capacity for 2,632,000 bushels, have been erected, and also sixteen extensive warehouses for rolling freight. These facts and figures indicate that the enterprising merchants are determined to keep pace with demand for increased business facilities.

Many lofty and beautiful blocks of stores are going up, elegant churches are being erected, and one of the largest hotels in the country is soon to be built in this city.—There are many middle-aged people here who can recollect when the spot upon which Toledo is built was a "howling wilderness;" and there are those who have transacted business in the same locality ever since they felled with their own hands the tall forest trees around their doors.

The streets of Toledo are in a shocking condition in wet weather, when the mud is ankle deep, through which a thousand grunting swine wallow with apparent satisfaction; but immense sums of money ($150,000 this year,) are being expended in grading, paving and draining, so that in a few years a great improvement will be wrought in this respect.

No city in the great West has a more glorious future awaiting her than this thrifty "Metropolis of the Maumee Valley."

SAUL.

☞ Mr. Beecher has achieved a sudden and wide popularity. In the conception of every blackleg, duelist, negro-killer and rowdy, from the St. John to the Rio Grande, he has all at once ceased to be a fanatic, a bigot, a disunionist, and become and enlightened patriot and statesman. His praises are freely mingled with the blasphemies of the Hook and the ribaldry of The Sunday Mercury. There is not in all the land one who considers "niggers very well in their place," but that place under the feet of the Whites, who does not thank him for his letter. The Thugs of New Orleans are by this time enjoying it; and Gen. Forrest would gladly preside at a meeting called expressly to ratify it. But there is sadness in many hearts where the eloquent pastor of Plymouth Church has been loved and honored—a mournful consciousness that they have trusted too confidingly and loved unwisely. "Little children, keep your hearts from idols."

H. G.

☞ Gov. Wells of Louisiana says in a letter recently written that the Union men of Louisiana find themselves under the ban of proscription, both socially and in their business affairs, and that their fidelity to the government is a brand or stigma. He asks, what is to be expected, then, when the military shall be removed? He adds:

That Congress will regulate all these matters at its next session is not a matter for doubt. Its first duty, as I conceive, will be to pass an enabling act, prescribing how the rebel States shall be reorganized. The first preliminary to that end will of course be a convention from the people to form a constitution, and in electing that convention I consider that Congress has the constitutional right to say who shall vote and who shall not vote.

When the convention meets, the power rests in that body to fix and regulate the basis of suffrage, the constitution they may adopt being submitted to Congress for its approval.

— It has been estimated, upon close calculation, by those versed in such matters, that during the last six months the New York city railroad companies have received an illegal profit of three thousand dollars, by charging each prisoner six cents, instead of five and one-eighth, as provided by law.

— Judge Advocate General Holt publishes a statement denying the authenticity of certain letters purporting to have been written by him, heretofore published, in relation to an attempt to suborn witnesses for the purpose of implicating Jeff. Davis in the crime of assassinating the late President Lincoln.

PREMONITIONS OF A MURDERED MAN. The Chicago Times, in its account of the tragical death of McKeever, the driver of "General Butler," the circumstances of which are fresh in the minds of our readers, says:

"It is reported that Mr. McKeever, just as the horses were about to start out in the darkness on the last heat, said to one of his friends, 'I will win this race if they don't kill me.' From these words it would seem that he had the premonition of the fate which was in store for him; he knew the malignancy of the enemies of his horse, and seemed to think that murder would not deter them from securing Butler's defeat."

SIGNIFICANT.—Senator Scovill of New Jersey, in an address to his constituents, delivered recently, said that they might tell any man who doubted his Republican principles, that no man, besides himself, in America, held in his hand the Constitutional Amendment and the election of a loyal United States Senator, and so holding both, gladly hastened to do his whole duty, in spite of Andrew Johnson, and Collectorships, and Consulates to Liverpool.

MR. BEECHER.—Mr. Stephen M. Griswold, a member of Plymouth Church, offers to deposit $1000, to be given to the poor, provided Henry Ward Beecher can prove that one quarter the number of the members of his church will indorse his Cleveland letter, or disapprove of the sentiments contained in the Plymouth Church address which led to the letter explaining the Cleveland document.

ON BAIL.—A few day ago we gave an account of the guerrilla capture of Dr. Ferris, the mail agent, who was indicted in Louisville for murder on account of the execution of two guerrillas, while he was acting as a Provost Marshal during the war, under Gen. Burbridge's orders, and of the apprehension that existed for his safety. It appears that he has been released on $2000 bail.

A HARD CASE.—Evins Miller a newly imported German, was fined $50 in New York, on Monday, for carrying a sword cane, notwithstanding his plea that he was not acquainted with the law regulating such matter, and that his intentions were entirely pacific.

☞ At Bristol, R. I., Wednesday evening, the kerosene works of Wm. B. Spooner & Son exploded, and were entirely destroyed. Loss $15,000, including $5000 in oil; partially insured. Wm. C. Norton, watchman, was badly injured.

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. Hygienic with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re animating the function of the INGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYS. PEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle. They are free from producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (inclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION. Sold by all Druggists in Portsmouth and elsewhere. lyendaw—oct19

CHOLERA!

MR. PERRY DAVIS—SIR: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhœa, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have time to our recovered from a severe attack of the Sick Headache, by using two teaspoonfuls, taken at thirty minutes interval, in a wine-glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1849. Travelling amid heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or at the most, half a day! I have heard of many cases of Dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude, and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

D. T. TAYLOR, JR., Minister of the Gospel.

A TESTIMONIAL.—Messrs. Childs and Jenks have in their window on Tremont street, Boston, a testimonial to W. L. Hanscom, Esq., formerly naval constructor, in the Navy Yard at this place, presented him by his friends in Philadelphia, where Mr. H. was stationed a few months previous to leaving the service. It consists of the likeness of Mr. Hanscom, the resolutions of the donors, and a perfect model of the United States monitor "Monadnoc," designed by him, surmounted by an eagle,—all executed with a pen. Both in design and execution it displays wonderful skill and ingenuity on the part of the artist. The Traveller, in referring to this testimonial, says of the recipient: "There is no testimonial that Mr. Hanscom can receive that is not merited by him. He has has been one of the ablest engineers and constructors in the navy, a man of rare kindness of heart and gentle manners, and gave to the country some of the finest models of war vessels afloat. No one ever retired from a post of honor more universally regretted."

POLICE COURT, Sept. 27.—Drunks have risen; "six eighty six" used to appease the dignity of the law, but to-day Michael Donahoe, for being drunk, was fined $3 and costs $4 80. Luxuries are becoming fearfully expensive.

John Evans, for brawl and tumult, was fined $3 and costs $4 80.

HEIGHT OF POLITENESS.—The following is the reply of a colored gentleman who lives in a neighboring village to an invitation to an evening party, made by some of his colored friends:

"—— —— —— respectfully regrets that circumstances repugnant to the arquiescence of the invitee reluctantly compel him to decline the invitation."

☞ The excursion for the school children on Steamer Pioneer, (postponed from Wednesday,) will take place on Saturday afternoon, at 3 o'clock. Tickets—Children 15 cts. Parents accompanying them 25 cts. ☞ In Canada, an offer has been made by the Priests to purchase the Parliament buildings in Ottawa, and it was alleged that the affair had reference to the eventuality of the Pope's establishing his See in Canada.

LORD LYNDHURST'S THOROUGHNESS. It was on the occasion of the trial of Boville v. Moore" that Sir John Copley (afterward Lord Lyndhurst,) who was retained in the interest of Mr. Heathcoat, learned to work the bobbinet machine in order that he might master the details of the invention. On reading over his brief he confessed that he did not clearly understand the merits of the case; but as it seemed to him to be one of great importance, he offered to go down into the country forthwith, and set himself to work the machine until he thoroughly understood it; "and then," said he, "I will defend you to the best of my ability." He accordingly put himself into that very night's mail, and went down to Nottingham, where he worked at the machine, making a piece of bobbinet very defily, until he thoroughly understood the principle as well as the details of the invention. When the case came before the court the learned sergeant was enabled to work the model on the table with such ease and skill, and to explain the action of the machine with such felicitous clearness, as to astonish alike judge, jury, and spectators; and the thorough conscientiousness and mastery with which he handled the whole case no doubt exercised considerable influence on the decision of the court.—*Self-Help.*

Mahogany Cloth.

J. F. SHORES, JR., No. 38 MARKET ST.,

has just received a supply of Mahogany Cloth, of 36, 42, and 48 inches in width.

Also, FIGURED SPREADS, for Stands and Tables.

This is a new article, and will supersede the old fashioned oil Cloth, as it will wear better, will not crack, and will not spot by articles placed on it. It is used for Table and Piano Covers, for Store and Bank Counters, and for Covers for various articles of Furniture. It may be tested with *Boiling Water, Camphene, Spirits, &c.*

Ladies are invited to call and examine it, as they will find it a very useful article about their houses.

REDUCTION IN PRICE OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co., Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

All in want of a Stove of the first order, *at a mod erate price*, are respectfully invited to call and examine the KEARSARGE before purchasing.

CAUTION.

The public are cautioned against being imposed upon by the purchase of any other Stove bearing the name "Kearsarge," as others are in the market. The genuine Kearsarge Stove is sold only by the subscriber, and has the name U. BLAISDELL upon the hearth.

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COBB, would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order.

LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Morning Chronicle.

☞ On the 1st of June, Frank E. Burke of Barnesville, Ala., issued the prospectus of a work called "A Book of Outrages Committed by United States Soldiers During the Late War," and asking contributions of facts for its pages. He now issues a card complaining that he has received but a very responses to his call for information. The trouble is such facts as he wants are not very numerous, and the people down that way, who can write, don't see the benefit of such a book as he proposes.

☞ Mr. Seward in 1860, ridiculed the idea of secession, saying:

"Let South Carolina, let Alabama, let Louisiana, let any other State go out, and while they are rushing out you will see Canada and all the Mexican States rushing in to fill up the vacuum."

He concluded with predicting—in December, 1860—that in "sixty days" the political atmosphere would be much more cheerful and peaceful.

Again, in April, 1861, Mr. Seward wrote to our Minister at Paris, speaking of the rebellion:

"The condition of slavery in the several States *will remain the same* whether it succeeds or fail."

And now in his recent Western tour Mr. Seward has the face to boast that he had tried to save the Republican party from destruction—he had "tried to show them the way, straight and plain," but they had neglected his advice, and now, says he, "where are they?" The astonishing blindness revealed by this question is on a par with the sagacity and consistency shown in the preceding brief extracts.

THE LAST IDEA.—The rebel leaders have generally been ready to admit that they were overpowered in the war; but Forrest, the Fort Pillow butcher and correspondent of the Cleveland Convention, said in his speech at Memphis: "We did down our arms because we thought it our duty. Not a man was conquered." So probably he would have said that Lee merely felt a strong impulse of duty to surrender to Grant—his defeat and necessity had nothing to do with it! It is no wonder that this Forrest, in the course of his speech, blundered into using these words, viz: "I am here to say to those living in the Confederate States." And this is the man whose congratulations are eagerly received by a Johnson convention!

☞ The Jackson (Miss.) Clarion says the speech put into the mouth of General Pemberton by Pollard, in his rebel "History of the War," as having been made to the rebel army at Vicksburg, declaring his intention to resist till the last cracker was gone and the last man had perished, was never made by him, and that he never addressed a word of encouragement, written or oral, to his men during the whole siege.

— Dyspeptic persons, would you be cured of this dreadful disease, and all others arising from the use of common saleratus? Also, have you white, light and healthy Bread and Biscuit? Do you fail to procure a paper of Herrick Allen's Gold Medal Saleratus, after which you will never use any other. It is the best in the world. Try it. Call on your Grocer for it. At wholesale by all dealers.

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder, Stone and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits,* and all diseases that require a diuretic, and when used in conjunction with the **CHEROKEE INJECTION,** does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days,* and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success. Price, Remedy, One Bottle, $2, Three Bottles, $5. " Injection, $1, " $3. The Cherokee "*Cure,*" "*Remedy,*" and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds, in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor, Dr. W. R. MEEWIN, 37 Walker St., N. Y.

"NOTHING BUT A MASON."—This is the language we heard from a passenger's lips, the other day as we rode up in the horse cars. It was however addressed to a lady who for the sake of her sex, we are glad to say replied that she thought that she should prefer the choice of becoming the wife of an industrious mechanic, than one who through fear of being called a mechanic would live on the hard earnings of his parents. From the crimsoned countenance of the party addressed, the shoe must have pinched. We did not know either of the parties, but if their eyes should rest on this, and the shoe fits, we have no objection to their wearing it and hope they will profit thereby.

Certainly, at this time of activity, and when the mechanic's hand is so visible in all the ruling elements of life, on every hand in our city in the building and improvements going on, such words should not be heard. Does not the utterer of this absurd remark know that labor is the ruling element of life and its highest relish? Luxuries and conquests are its results, we can imagine nothing without it; and the noblest man of earth, is he, who puts his hand cheerfully, and nobly, to honest toil. Labor is a business and ordinance of God—Suspend labor and toil, try and live by measuring tape or shaving notes, and how long, think you, we would have to wait, for our city to get back to its appearance of former days, or how long would it be before we should have houses to accommodate the thousands who have had their roofs burnt from over their heads. Labor, industry is every thing; take it away and where would be the glory and pomp of earth, the fruit, fields, and palaces and fashioning of matters for which men strive and war.

Let the subject of these remarks look around him, look at himself and learn what are the trophies of toil—from the crown of his head, to the sole of his foot, unless he is made as the beast, he is the debtor and slave of toil. The very labor he scorns has blocked him into the state and appearance of man, for such as he, are only men in appearance, not in heart or mind. There can be nothing high, noble or exalted in the one that in this age of scientific improvement can look upon labor as menial or disgraceful. Where gets he, his garments? Let labor answer. Labor makes music in the mines, and the furrow, and at the forge; opens the chambers of the deep, and extracts its treasures—makes the billows a highway on which they ride as on a tame steed. Are not, as one of our great writers says, "the elements of fire and water chained to crank, and at the mechanics bidding compelled to turn it? Have not mechanics opened the bowels of the earth and made its products contribute to our wants? The forked lightning is their plaything and they ride triumphant on the wings of the mighty winds."—And most exalted of all argument in favor of his exalted calling is, that he who made the universe and controls its every movement, is the Master mechanic. Then who is there that can claim so exalted a leader, and should be prouder of the station they are filling in society than the mechanic? Not only this but by true and honest labor they are rearing up monuments to their memory by even piling up bricks that will live and be honored when the "lily white hands" of the party who called forth these remarks is forgotten among other useless things of the past.—*Portland Advertiser.*

AMERICAN AND FOREIGN PATENTS,
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is more successful. At THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services more moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

SATURDAY, SEPTEMBER 29, 1866.

DISHONESTY.—At Norfolk, Va., a close examination made into the affairs of Mr. C. C. Flint, proprietor of the Old Dominion newspaper, shows he has victimized the following: National Bank of Norfolk $6000; First National Bank of Norfolk $3600; Insurance Trust Company of Norfolk $8200; total, $15,800. The forgeries were mostly upon Government bills and vouchers There is no clue as yet to the whereabouts of the defaulter, who went off with another man's wife, leaving his own behind.

The Montreal papers have a rumor that a young publisher of that city has absconded, carrying twenty or twenty-five thousand dollars in his pocket. It is stated that he left behind him a letter, saying that he was ruined and went away to hide himself.

SENTENCE FOR HIGHWAY ROBBERY.—The Manchester Mirror says, at the Supreme Court now in session at Gilford, George W. Chamberlain, of Alton, was sentenced by Chief Justice Perley to imprisonment in the State Prison for the term of fifteen years, for highway robbery.—Chamberlain was tried for the offence at the March term of the same Court, and the jury did not agree, ten being for conviction, and two for acquittal. At the present term he retracted his former plea and plead guilty.

The robbery was committed in November last at Alton, under the following circumstances: John H. Dudley, a drover and resident of Alton, was returning home on foot, between daylight and dark on the 30th of November. Chamberlain sprung out of the bushes, knocked him down, stabbed him in the region of the heart with a sharp pointed knife, and robbed him of $966. He was left senseless and for dead. A memorandum book in the pocket of Dudley stopped the force of the blow of the knife, and he soon recovered, and complained of Chamberlain the same night.

[It might be a matter of some interest to know what sort of men the two dissenting jurymen were.]

— Secretary McCulloch has recently avowed his decided disapproval of officers in his Department taking an active part in political contests, and his desire that their principal attention should be devoted to the public business.

[They should attend to the public business;—but there is no good reason why they should not, like all the citizens, take an active and independent part in elections.]

NEW HAMPSHIRE ITEMS.

—— William Ladd, Esq., of Gilford, has left at the Laconia Democrat office the yield of one hill of potatoes, being nine in number and weighing twelve pounds.

—— In Laconia a new trotting park is to be opened to-day, by three trots, open to all horses in the county. The Laconia Rifles, and the Bell Rifles of Lake Village, are to make their first appearance on this occasion.

☞ We took the liberty to *doubt* a Washington special dispatch to the N.Y. Herald, reporting Pres. Johnson about to recommend the Constitutional Amendment now pending.—A dispatch of Friday from the same source, contradicts the report, and makes another about what the President means to recommend to Congress.—But the President's meanings, and the correspondent's guesses, are alike worthless. The Amendment has gone out from Congress, and bids fair to be ratified by the States.

☞ Brown, the Portland oarsman, feels aggrieved by the intimation in some of the papers that he sold the race at Springfield. He states that a boat was sent for him to row in there which he had condemned and in which he refused to row, but was persuaded to do so to prevent disappointment on the part of the the crowd. Before he entered the race he distinctly stated that he did not expect to win the race, and did not row with that intention. He stands ready to row any man in the country for any reasonable sum or for the championship.

CHURCHES IN VERMONT.—Official reports give the number of Congregational churches in Vermont as 191, with 17,149 members. There have been added to these churches during the year by profession 568, by letter 361. Removed by death 337, by dismission 419, by excommunication 34; showing an aggregate increase of 137.—Whole amount of contributions to benevolent objects, $8,583.62.

GOLD, Friday, 145.

— Recently, as Mr. David Berry, living near Alton, Ill., was driving his team into his yard, the bees from 100 or more hives made a sudden attack upon the horses and himself, stinging both of the animals to death and Mr. Berry severely. It appears, from Mr. Berry's statement, that the attack was simultaneous from all the swarms, and that it was impossible to escape their fury except by flight.

Local.

☞ Several friends have during the past week invited attention to a newspaper paragraph designed to injure Uncle Toby by holding him up to ridecule. The paragraph was published Sept. 20, in a paper which we rarely see, and seldom read nowadays, the editor of which seems to be very fond of throwing dirt upward, towards people who live on a higher plane than himself, and aiming especially to hit ministers, or priests, as he calls them. His success is but moderate, compared with the effort. For example, he announced the death of Rev. Thos. Starr King, in this way: "Star King, a ranting abolition traitor priest, is dead." What was the effect? Is the memory of Starr King less fragrant with the thousands who loved, him, and the millions who admired him? Not at all. But on the other hand, hundreds here who knew him well as boy and man, citizen and orator, despise and contemn the poor creature who uttered the calumny on the illustrious dead.

The same slanderer has been throwing up vollies of dirt, for the last four years, towards Rev. Mr. Patterson, late pastor of the Universalist Society in this city; and with what effect? During these same four years, this pastor had his evening lectures crowded each season, and through the season, by such audiences as were gathered by no other speaker in the place. It is not certain that the editor's dirt increased the attendance, but it did not diminish it; for the house could hold no more.

And now, *miribile dictu*, the editor aims his mud machine at Uncle Toby, who might be buried under the rubbish if the whole charge hit him, but who only gets a little bespattered, as he has often been before, in about fifty years of newspaper printing and writing, and in more than thirty years of preaching, and lecturing on intemperance, war, slavery, sabbath schools, &c.

We copy the whole paragraph, that our readers may see on how few facts a large pile of falsehood may be erected. Here it is:

Our venerable Uncle Toby has a queer way of worming himself into a Sunday job. He has a marvellous itching to be heard in public. The dear old soul is very deeply in love with the enchanting music of his own voice. The Chronicle has been in the habit, the past summer, of advertising him to stand at South Hampton on Sundays, for the propagation of his peculiar breed of ideas. But the snows of winter are approaching, and he sees the necessity of keeping a little nearer home. Gospel, or no gospel he can't wallow so far to save souls, and so, embracing the chance left open by the abequatulated Bro. Patterson, he quietly goes into a private pew in the Pleasant St. Church and waits until the congregation nearly all get into their seats expecting to hear some new candidate, when the old fellow gets up with awful gravity, walks up the aisle and takes his seat in the pulpit. Of course, all sorts of scowls and wry faces are apparent throughout the church. Some get up and leave, while others just coming in, turn on the heel and retire in disgust. Some, a little more modest, conclude to remain and weather out the terrible infliction. This, we are told, was the case last Sunday. Our Uncle Toby is a cunning old rat and carries an immense "cheek," to say nothing of the sandy wig and the inevitable white hat. He is bound to make himself generally useful if not entertaining. Of course, he could not sit still and see a vacant pulpit. Better have a baboon in there than nobody. True to their originator, his disquisitions are both ornate and antique. His serene thoughts are blended in both of these characteristics like his old namesake who never had but two ideas in his head, the siege of Namur and the widow Wadman.—We suggested sometime ago that our Uncle Toby wanted a "Call." But, somehow, we have great difficulty in making people appreciate his splendid merits. The "Call" don't come, and we fear that before it arrives, a stern voice will be heard from below, "Uncle Toby, come home with Old John Brown." That will be an awful catastrophe. But somebody will get his own.

It is quite certain that the above babble was not suggested by any respectable parishioner of the Universalist Church, or any constant attendant there, for all such know better. A stranger, on reading the story, might suppose it to be a new or uncommon thing for U. T. to preach there, that he volunteered and managed to occupy the pulpit on that day, and that, entering the house as a hearer, he became the preacher by a *coup d'etat*. But none of these things are true. He has preached there more than twenty times within the last few years, always by request of the pastor or wardens, and never by any management whatever. The pulpit was to have been occupied on the day mentioned by Rev. Mr. Atwood of Portland, and when it was known that he could not be here that day, the Wardens applied on Saturday to U. T. to supply the place. He agreed, and did so to the best of his ability, and was kindly received, and patiently heard, as usual. He took his seat, also as usual, in his own pew, close to the pulpit, as he entered the house early, and entered the pulpit when the voluntary began, at which time less than half the congregation were in their seats. In all this there was nothing uncommon, or worthy of notice, except as it has been foolishly belied in the dirty sheet aforesaid.

Nor was there in the audience any such demonstration of displeasure at the disappointment, as the above extract falsely suggests. No person left the audience room except one lady who went out some time after the musical services began—and nothing occurred to disturb either speaker or hearers, that we saw or heard of, till after the volley of dirt was discharged from the mud machine.

That U. T. loves to preach is true, and no one who does not love his work is fit to preach. It is also true that he has preached at South Hampton, and given notice of the the same in the papers; but not true that he is afraid of the snow or cold, for he preached there regularly and without fail, through last winter. He is also fond of "Calls" to preach, and gets his full share of them, at home and abroad, though he does not generally give notice in papers *here*, of preaching at a distance.

And lastly, the immediate *effect* of the dirty notice above copied, was, that a gentleman, an officer of a rural parish, who read it in the paper, made a special visit to our good city, for the purpose of inviting U. T. to preach for his people on the next Lord's Day, which invitation he accepted, and gave due notice in the Gazette and Chronicle. Here endeth this lesson. U. T.

THE PROCESSION at Pittsburg, Penn. on Thursday, was a splendid affair. At 11 o'clock the procession moved, headed by a mounted division commanded by Gen. Sargent of Boston. It embraced five or six hundred veteran dragoons and light artillerymen, wearing their uniforms and bearing their good swords, many of which had flashed on hard fought fields. They were followed by other troopers unarmed, by a large detachment of butchers wearing white frocks, and by a cavalcade of citizens.

The delegates came next in carriages, many of which were drawn by four horses. In the first carriage were Gov. Curtin, General Banks, Devins and Barnum. The Wisconsin delegates had their war eagle, "Old Abe," with them, and in many of the carriages were the battle flags of regiments from different States.

The procession which followed was imposing indeed, and was, in fact, a popular demonstration. The workingmen of this busy region were out with their tools, with banners and with flags. The "boys in blue" marched with serried ranks.

Cars were filled with young ladies representing the States, who sang patriotic airs, nor was the comic element omitted, some of the displays eliciting shouts of laughter. It was, taken all in all, a unique and interesting demonstrations of the interest taken by the people in the great questions of the day, and it showed that while Congress is indorsed thereabouts, Andy Johnson is not believed.

It was one o'clock when the head of the column reached the wigwam, and although there were no intervals, it was half past two before the last platoon marched by.

On the speaking ground, Gen. Banks was chairman, and made a brief address.

Gen. Butler was the principal orator, and his remarks were received with applause by all who could hear them.

BEECHER TO BEECHER. — Rev. Edward Beecher, D. D., of Knox College, Galesburg, Illinois, the oldest member of the family whose name he bears, who stood by the side of Lovejoy when he was assassinated at Alton, and from that day to this has been consistently and earnestly on the side of justice to the negro, has written a letter (which fills three columns of the Chicago Tribune,) to his brother, Henry Ward, pointing out in a kindly and fraternal spirit, the fatal consequences of the policy advocated by that brother in his recent letter to the Cleveland Convention. He enforces in a masterly manner, the maxim, "Be just before you are generous," and indicates very clearly his opinion that the pastor of Plymouth Church has allowed one portion of God's truth to obscure all the portions, and to acquire an unbalanced ascendency over his mind.

☞ Halls' Journal of Health for October, contains an article on Cholera and Calomel, with Health Tracts.

— Dea. Stephen Deering brought into the Kennebec Journal office on Monday, a piece of coal from the fire of Sept. 17, 1865. The coal was dug up among the ruins in clearing out the celler on the old Stanley House site, Augusta, preparatory to building again. The fire had been smouldering there more than a year

— An old tady managed to be introduced to Gen. Grant at the depot in Erie, and grasping his hand very cordially, greeted him with tears and affection. "Oh," said she, "I am so glad to see you! I had four boys in the war. Two of them were killed, and the other two came home badly wounded. I would like much to have a talk with you, but I suppose you have not the time now. But I assure you I am glad to see you, notwithstanding you are in bad company."

— Unfavorable accounts of the crops in France and England continue to be given in the latest foreign journals, and it is probable that the deficiency will create a brisk demand for American breadstuffs. Private dispatches received by the Atlantic Telegraph confirm this view, and during the last two days all descriptions of breadstuffs have assumed a much firmer tone in the New York market.

— Epitaph on a Mr. Jones, a celebrated bone merchant:

"Here lies the bones
Of William Jones,
Who, when alive, collected bones;
But Death, that bony, grizzly spectre,
That most amazing bone collector,
Has boned poor Jones so snug and tidy,
That here he lies in bona fide."

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS are astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

CHOLERA!

MR. PERRY DAVIS—SIR: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to per a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhœa, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from a severe attack of the Sick Headache, by using two teaspoonfuls, taken at thirty minutes interval, in a wine-glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1849. Travelling amid heat, dust, toil, change of diet, and constant exposure to the infectious atmosphere, my system was daily predisposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or at the most, half a day! I have heard of many cases of dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude, and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

D. T. TAYLOR, JR., Minister of the Gospel.

☞ The able Boston paper called the Right Way, an advocate of just and safe reconstruction, impartial suffrage and equal rights, without distinction of color or race, has passed into the hands of the Impartial suffrage League. At the head of this league is Gov. Bullock, President of the Society,—and among the Vice Presidents are Wm. Clifton, J. M. Andrews, Benj. F. Butler, and Revs. D. S. Kirk and Miner. The editorial and other matter will be as usual, only a little more so.

☞ They who fail to read the advertisements in a paper, fail to avail themselves of one of the surest modes of deriving an insight as to the sort of community in which said paper is published. The advertising of a single issue will tell more clearly than the editorials for a fortnight, whether the people of the locality are wide-awake business men, instantly perceiving an opportunity for increasing or spreading a trade, or whether they are lacking in enterprise and content, like Mr. Micawber, to wait for "something to turn up" for their benefit.

We would call especial attention to a large number of new advertisements upon the fourth page of this morning's issue. Almost everything, from a hat to a hotel, from a steel pen to a sewing machine, is included in the list.

HOW TO TREAT A FOOL.—Solomon says, (PROV. XXVI,) "Answer not a fool according to his folly—lest thou be like unto him. Answer a fool according to his folly—lest he be wise in his own conceit." From this paradox a wise man may infer that tho' it may be worth while sometimes to notice a fool's sayings, so far as to answer them, it is not worth while to do it very often.

POLICE COURT, Sept. 28.—"The butcher, the baker, the candle-stick maker," were not the crew who confronted this awful presence this morning, but 'twas an equally motley crew.

Charles Stavers, yeoman, paid the new fine of $3 and $4.80 costs, for an old-fashioned drunk on Market street.

Joseph Rogers, sailor, for brawl and tumult, was also mulcted $7.80.

James Quinn, marine, was taxed $7.80 for drunkenness.

Charles Johnson, sailor, who squared his yards and bore down upon Charles Allen, was compelled to pay $7.80 for the assault.

Communication.

☞ Mr. Perry's benefit excursion, in steamer Pioneer, on Thursday, evening, was a very pleasant affair—a fine night, excellent music, and an agreeable company, making it one of the best of the season—but the number of excurionists was much smaller than we had hoped to see, having doubtless been diminished by the postponements on account of weather. The speeches of two or three volunteer orators were vociferously cheered at nearly every word. L.

EASTERN RAILROAD.—This road has so many new and excellent engines, so many new, light and airy cars, and so many improvements along its line that we cannot chronicle them as they appear. We have travelled over many routes, and we find none where the comfort and accomodation of passengers are better attended to.—The conductors are all civil and attentive gentlemen. The Superintendent is alive to the safety and convenience of the public, and the clerk and Treasurer is all that such an officer ought to be. Under such circumstances we are glad to see that its management is gaining the confidence and esteem of all who are brought in contact with it, and that the sure, gradual and healthy rise in its stock betoken security and prosperity to all who invest in it.—*Salem Statesman.*

— The American Colonization Society has recently purchased a ship to supply the place of the Mary Carolina Stevens, sold during the war. The new ship is the Golconda, of Boston, a first-class vessel of over 1000 tons burthen. More emigrants are now offering for Africa than the funds of the society will warrant in sending forward, and the managers are about making a strong appeal to the public for aid.

SEPTEMBER.

Fair autumn month! the earliest of the three,
Which, following sunrise with her livid train
Of glowing life, like a richly-laden wain,
Comes bearing in its fruits of harvest free
From many a field.

Athwart the hazy sky the molten clouds
Lie loosely stretched in sinuous fold.—
And flashing rays of sun, like bars of gold,
Shine slanting down on tree and shrub, low bowed
With promised yield.

Upon the hills, like banners on the plain,
The ripening corn throws out its flaunting leaves,
While in the meadow, waving to the breeze,
Are countless hosts of golden-headed grain
And drooping leaves.

Oh, Heavenly Father, may life's summer hour
Wear on like these fair months with promise filled—
And may its autumn, like September yield
A glorious harvest, which the garner's power
May bind in sheaves.

☞ Do you know how many different operations a single glove must undergo before it can be worn? Look at that fragile article of dress worn only a few hours and then tossed away, and imagine what pains it cost. I dare say you think it cost little or no pains. Henceforward look on it with a little more attention, and when Boivin asks a dollar for one pair of gloves do not part so reluctantly with the dollar. Each glove goes through 219 operations before it is ready for sale, and I do not reckon killing the kid and the first sequent operations. I take it only when it enters the leather dresser's hands where it goes through 134 operations, in the dyer's hands it goes through 18 operations, in the cutter's hands 34, in the seamstress's hands 17, and after it leaves her hand it still undergoes 12 more. Who could have believed it?

A FIRST RATE NOTICE.—An exchange, alluding to the late tour of the President says:—

In the abundant speech-making during the tour, very much was said of Andrew Johnson, little of Stephen A. Douglas. It was as though a professed mourner in a funeral procession, should stop the crowd by the way, and, mounting a post beside the road, should harangue them on giving him their votes at the next election.

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co., "Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

MONTGOMERY'S

MUSIC, PICTURE FRAME, AND VARIETY STORE,

10 1-2 Daniel Street,

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS AND REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

A LAKE WITH A HOLE IN THE BOTTOM.—Ottawa Lake in Whitford, Monroe county, Mich, is about two miles long and a half a mile wide, and about forty feet deep, when full, in the deepest part. It discharges a large amount of water in the spring through its outlet, which forms the north branch of the Ottawa Creek at Sylvania. This lake has been nearly dry three or four times within the last thirty years. At such times a whirlpool is seen in the centre, into which cakes of ice and other floating articles are drawn in and disappear; and if you are near this whirlpool, you will hear the roar of the waterfall. In the winter of 1862-3 the ice over where the whirlpool is when the water is low, was broken, and cakes of it thrown on the other ice by air escaping from below and the lake settled about five inches in twelve hours. Samuel Stacy and others were on the lake at the time, and some boys were skating near the very spot when the bursting up of the ice occurred.

There is an abundance of fish in the lake, and some pike have recently been caught weighing fourteen pounds.

The most mysterious part of the matter is the throwing up of the ice. Can any one explain the mystery?—*Milwaukee News.*

☞ In the city of H——there resided a worthy deacon, blessed of course with a tall, gaunt figure, and hands of enormous dimensions. He was strictly pious, never failing to ask a blessing, not only when his own family dined, but also at the servants' meals. On one occasion he employed a male servant, who was entirely ignorant of the deacon's religious propensities. He made his appearance shortly before the dining hour, and when the bell sounded the servant started for the table, and without ceremony commenced devouring the good things. The deacon was horrified, and extended his hands, saying, "Pause, young man, pause!" The young man raised his eyes significantly to the deacon's upraised hand, and replied: "Yes, and pretty good-sized paws, too, I should say!"

EXECUTIVE DEPARTMENT,
CONCORD, Sept. 22, 1866.

PROPOSALS will be received at the Office of the State Treasurer until the 20th day of Oct. next, for a loan of $1,500,000, payable as follows:

$200,000 October 1, 1866.
250,000 October 1, 1867.
250,000 October 1, 1870.
250,000 October 1, 1871.
250,000 October 1, 1872.
250,000 October 1, 1873.
250,000 October 1, 1874.

Registered Coupon Bonds of $1,000 and $500 each, will be issued, bearing date October 1st, 1866, at six per cent. interest, payable semi-annually, on the first days of October and April, and the principal at maturity, at the Office of the State Treasurer, or at the National Bank of Redemption, Boston, at the option of the holder.

No bid below par will be accepted: parties may offer for either of the series named, the highest bid having the preference, until the series is exhausted. The right to reject any and all proposals is reserved.

Interest will commence at the date of the bonds, but payment may be made at any time in October, November or December, adding accrued interest.

These bonds are issued under authority of a recent act of the Legislature of the State, for the purpose of a secure speedy redemption of the State debt, and funding the present floating debt, will take the place of the longer authorized bonds, unissued, which have been destroyed by order of the Legislature, and will constitute a large portion of the indebtedness of the State.

For perfect security and remunerative interest, the loan is believed to be the most desirable investment now before the public.

Important to the General People.

Next to the common articles of daily food, fruits, &c., there is nothing is more universal use than candies and confectionery. There is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. Considering that there is no article pure in what has made Southmayd's candies so popular, and what has so enhanced his business as to compel him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innoxious coloring materials, and the neatest and most tasteful style of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

MRS. WINSLOW'S QUEEN
HAIR RESTORER,
HAS PROVED ITSELF
The Best Hair Restorer ever offered to the Public.

It will change gray hair to its original color. It will thoroughly cleanse the scalp and eradicate all dandruff. It will arrest premature decay and falling out of the hair. It is a natural stimulant and invigorator, and will promote the growth of the hair. A standard for the toilet. It excels all Oil Preparations as a Dressing. It changes at once dry and wiry hair to soft and silken tresses. LADIES, YOUNG AND OLD, if you wish the best article for the hair, try the "Queen's." Once used, it becomes indispensable.

Price $1 per bottle. Sold by all Druggists.

Mrs. Winslow's
MYSTIC PILLS.
THE GREAT FEMALE REMEDY.

THE MYSTIC PILLS are prepared only for a legitimate purpose, and are the only safe and effective medicine for all these painful and dangerous disorders to which the female constitution is subject.

They are the only Genuine Female Pills extant.

They moderate all excess, and remove all obstructions. They invigorate the debilitated and delicate, and assist nature to bring back the bloom to the pallid cheek. No maiden, wife or mother should be without the Mystic Pills. Sold by all Druggists.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,

Cures all diseases caused by selfabuse, viz:—*Spermatorrhœa, Seminal - Weakness, Night - Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Palpitation, Nervousness, Insanity, Consumption*, and all diseases that follow as a consequence of youthful indiscretions.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor.

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who may be asked to receive relief heretofore. Ladies or gentlemen can address us on *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicine, or advice, to the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

DR. KNIGHTS'
HAIR
DRESSING

A VEGETABLE PREPARATION

For beautifying and promoting the luxuriant growth of the hair.

It prevents the hair from falling off or turning gray.

It removes dandruff, cleanses the scalp, cures nervous headache, and all those distressing affections induced by the use of oily or alcoholic Hair Dressings.

Its invigorating properties insure luxuriant locks, inclined to curl, and by its persistent use the hair is restored to bald heads when such a result is possible.

It is odorless, perfumed, will not stain or soil the skin or any article of apparel, and is universally approved—especially by ladies and children.

A STORY WITH A MORAL.—A young man paying special attention to a young lady, met with the following incident during one of his visits:

Being invited in the parlor to await the lady's appearance, he entertained himself as best he might for some time, and was becoming very weary, when a little girl about five years old slipped in and began to converse with him.

"I can always tell," said she, "when you are coming to our house."

"You can," he replied, "and how do you tell it?"

"Why, when you are going to be here, sister begins to sing and get good, she gives me cake and pie, and anything I want, and she sings so sweetly when you are here, and when I speak to her she smiles so pleasantly. I wish you would be here all the while, then I would have a good time. But when you go off, sister is not good. She gets mad, and if I ask her anything, she slaps and bangs me about."

This was a poser for the young man.

"Fools and children tell the truth," quoted he, and taking his hat, he left and returned no more.

Moral.—Parents wishing their ill-natured daughters married, should keep their small children out of the parlor when strangers are there.

GEMS.

— Those are the best instructors that teach in their lives, and prove their words by their actions.

— If you will have a constant vigorous health, a perpetual spring of youth, use temperance.

— Nature bids me love myself, and hate all that hurt me; reason bids me love my friends and hate those that envy me; religion bids me love all, and hate none, and overcome evil with good.

— Never employ yourself to discover the faults of others, but be careful to mend and prevent your own.

— Never speak ill of any man; if of a good man, it is impiety; if a bad man, give him your prayers.

— Gossiping and lying go together.

— A Canadian newspaper contains the following plaintive advertisment: "Will the gentlemen who stole my melons on last Sabbath night be generous enough to return me a few of the seeds, as the melons are a rare variety."

The State of New Hampshire.

EXECUTIVE DEPARTMENT,
CONCORD, Sept. 22, 1866.

PROPOSALS will be received at the Office of the State Treasurer until the 20th day of Oct. next, for a loan of $1,800,000, payable as follows:

$300,000 October 1, 1867.
250,000 October 1, 1868.
250,000 October 1, 1870.
250,000 October 1, 1871.
250,000 October 1, 1872.
250,000 October 1, 1873.
250,000 October 1, 1874.

Registered Coupon Bonds of $1,000 and $500 each, will be issued, bearing date October 1st, 1866, at six per cent. interest, payable semi annually, on the first days of October and April, and the principal at maturity, at the Office of the State Treasurer, or at the National Bank of Redemption, Boston, at the option of the holder.

No bid below par will be accepted; parties may offer for either of the series named, the highest bid having the preference, until the series is exhausted. The right to reject any and all proposals is reserved.

Interest will commence at the date of the bonds, but payment may be made at any time in October, November or December, adding accrued interest.

These bonds are issued under authority of a recent act of the Legislature of the State, for the purpose of a more speedy extinguishment of the State debt, and funding the present floating debt, will take the place of the longer authorized bonds unissued, or which have been destroyed by order of the Legislature, and will constitute a large portion of the indebtedness of the State.

For perfect security and remunerative interest, this loan is believed to be the most desirable investment now before the public.

FREDERICK SMYTH, Governor.

Morning Chronicle.

Portsmouth N. H.

MONDAY, OCTOBER 1, 1866.

☞ Mr. Raymond of New York, in backing down from any chance of being sent again to Congress, says that he was unable to see anything but "ruin to the Union party" from a disagreement between its representatives in Congress and the President—just as though the loyal millions that carried through this war and know perfectly what they wanted of the present resulting crisis, could be baffled and undone by one of their own agents, mistakenly intrusted with power! Some over-cautious editors are even now dreaming that Congress might have *got along* without a disagreement with the President;—as no doubt they might, had they been content to do exactly what one or two executive dictators bade them, whether these same dictators happened to be sane or insane, sober or otherwise. But in truth, the great error of the present Congress was in yielding too much and too long. When they had passed their first Refugees and Freedmen's Bill, and Mr. Johnson had Vetoed it, they should have passed it over his head, as promptly as they did the second bill of the same sort! They lost strength by concession to wrong, and they regained it in some measure by recovered firmness in the right.

ITALIAN CONVENTS.—The law passed at the opening of the war last spring, between Italy and Austria, for the suppression and sale of the immense convent establishments that have been an incubus upon the prosperity of that country for centuries, is about to go into effect. An effort is being made to exempt some of the convents from the effect of the law, on the plea that they have great historical value, but the government will not take the responsibility of evading the decision of Parliament and they will be sold. Some of the principal convents, however, will be bought in by the monks and their friends, and they will thus be enabled to partially retain their present positions. But the convents thus inhabited will be private and not public property, and it will be no small achievement of progress for the Italian Government to become freed from a long alliance with church establishments.

THE POPE.—On Monday evening there was a great meeting of the Catholics of Montreal to aid the Pontifical loan. The people were told that the loan was an excellent speculation, that there was no fear of their losing the money; for even if the Pope were driven from Italy and lost the temporal power, the piety of two millions of Catholics would not allow him to become a bankrupt. The Bishop of Montreal said he had been told recently by those in Rome, "who govern in the name of the Holy Father," that they had nothing more to expect from the princes of the earth.

VIRGINIA.—The public debt of Virginia is a heavy one, and some of the papers are discussing repudiation as a means of relieving the State from its embarrassments. The debt is something over $42,000,000, to offset which there are railroad stock and bonds owned by the Commonwealth valued at about $15,500,000. This debt rests upon a population of about one million and a quarter, of whom half a million are freedmen. It is a heavy burden, but some influential presses are opposing the idea of repudiation.

☞ Major Howell, commanding the Federal forces at Jefferson, Texas, reports two soldiers of the 55th colored infantry, killed by Jack Phillips, the Deputy Marshal at Jefferson. The murdered men were the victims of a blind and revengeful passion. Phillips is at large, but a warrant for his arrest has been issued by the civil authorities.

NASHVILLE.—Letters from Nashville say the negroes die in great numbers of cholera, from their reckless imprudence in eating watermelons and other unwholesome fruit. The coffin makers are besieged with applications for coffins, and hearses greet the eye continually in the streets by day. The physicians are overworked, and several of them have been taken down by the disease. In the suburbs of the city around the railroad machine shops and old government buildings, the disease is making fearful ravages, both among the whites and negroes.

☞ Blackwood's Magazine for September contains: English Converts to Romanism, The Great Woods in Winter, The Great Unrepresented, Legacy of the Late Government, and other papers.

The contents of the London Quarterly Review for July are: Personal Life of Wellington, Hugonots at the Galleys, Iron and Steel, Life of Sir Joshua Reynolds, Baker's Albert Myanza, Life of Bishop Wilson, Value of India to England, Jamaica, and The Change of Ministry.

Received from the L. Scott Publishing Co., New York, who furnish either periodical at $4 per year.

NEW HAMPSHIRE ITEMS.

—— Geo. Blake has been appointed Post Master at Kensington.

—— A new stocking factory is to be put in immediate operation at Lebanon.

—— The South Congregational Church, of Concord, have voted, unanimously, to extend an invitation to Rev. Wm. F. V. Bartlett, of Brooklyn, N. Y., to become pastor, and the Society unanimously concurred.

—— The Peterboro' Transcript learns from a correspondent in Jaffrey that widow Sarah Byam, of that place, entered upon the one hundred and third year of her age on the 21st ult.

—— We saw on the farm of Jesse Barney, in Grafton, one day last week, a cluster of apple blossoms on a small tree, transplanted last spring from the Rochester nurseries. It is supposed to be winter fruit.—*Lebanon Press.*

—— The Merrimack County Fair, just closed at Concord, proves the most successful exhibition ever given by the Society. The receipts foot up two thousand dollars, which will pay all expenses and premiums and leave a surplus in the treasury. At the annual meeting on Wednesday evening, the present Board of Managers was re-elected.

—— The Concord Statesman, speaking of grey squirrels, says, the abundance this fall of these gay and cunning creatures exceeds all precedent in this portion, and indeed all chestnut-producing sections of New Hampshire. On Wednesday morning a young man brought into Concord thirteen greys, all shot in a brief time upon only four acres of woodland in Loudon.

—— In Enfield, Saturday, Sept. 22d, a barn belonging to the First Family Shakers, but occupied by Clement Smith, Esq., situated but a few rods from where the fire was two weeks previous, was burned with all its contents, consisting of about 10 tons of hay and a lot of grain. It is supposed the fire was set by some little boys at play in the barn as they were seen to run out of it just before the fire was discovered.

ENCAMPMENT AT DOVER.—The troops in the First Congressional District have been organized into the 2d Regiment New Hampshire Volunteer State Militia, and the following field and staff officers appointed: Colonel, Augustus W. Rollins, Dover: Lieut. Colonel, Nathaniel Shackford, Laconia; Major, Matthew T. Betton, Portsmouth; Adjutant, Clarendon Everett, Dover; Quartermaster, Ira A. Moody, Dover; Surgeon, Carle H. Horsch, Dover; Asst. Surgeon, Samuel H. Green, Newmarket; Chaplain, Enoch P. Ladd, Alton; Judge Advocate, Daniel Hall, Dover. This regiment includes the Auburn Rifles, Grant Guards, Portsmouth City Guards, Strafford City Guards, Granite State Zouaves, Bell Rifles and section "A" of the 1st Light Battery, and will muster at Dover Oct. 4, 5 and 6. The review by the Governor and staff will be on Friday. This encampment will not be so extensive as the one to come off at Manchester, but will, nevertheless, be one of great military and public interest. On account of the few companies thus far organized in northern and western New Hampshire, there will be no general muster the present season in the Third Congressional District, but the troops in that section will participate in a fall drill and parade.

— Capt. A. J. Burns of Rockland, was knocked down and robbed of a $150 gold watch, at Portland, Tuesday night.

— A Washington dispatch says one of the last acts of Secretary Harlan was to sell to the Connecticut Emigrant Society the reserve lands of the Cherokee Indians in Kansas, consisting of 800,000 acres, at one dollar per acre.

— Accounts have been received in Paris of the martyrdom of nine French Catholic missionaries in the Corea in Asia. One other escaped over the frontier of that country, and two more were still wandering in the mountains.

— Rumors have reached New Orleans that Gen. Sheridan who is now about making a tour of Texas, will be assassinated at the first convenient opportunity by some of the numerous bands of guerrillas abounding in that State.

— The island recently thrown up on the Florida coast, by volcanic action, has been explored, and consists mainly of quicksand, dangerous to travel on except in one small portion, which is of a rocky nature. Some signs of vegetation are already apparent, some rank grasses and plants have started.

— The fall fleet of vessels from the States that have gone to Quebec for timber, carried large quantities of Pennsylvania coal, and steam coal has been sold at auction here and at Montreal in lots at $5 per chaldron, and Lehigh coal at $5 (gold) per long ton.

— There was a fearful gale of wind on Saturday last on the eastern coast of Newfoundland, and a great many wrecks are reported. A French frigate was lost at St. Pierre, and several coasters wrecked. Over one hundred and fifty dead bodies were picked up at St. Pierre on Sunday, which were lost from different vessels. No further particular have been received.

☞ If a thing of beauty be a joy forever, then is Mr. James Vick, a great florist of Rochester, N. Y., one of the most eminent promoters of human happiness. We are again indebted to him for a copy of his beautifully illustrated annual catalogue of hardy bulbs and floral guide for 1866-67. The reading of it, together with the reports of N. Y. Fairs, &c., where we see Mr. Vick's name and productions honorably mentioned—causes us to long to visit his superb gardens; and if not that, at least to transplant a few of its beauties to our own, as we and several others of our citizens, have heretofore done.

☞ The second grand Musical Convention, at Haverhill, Mass., under the direction of Solon Wilder, will be held at Town Hall, commencing Monday evening, Oct. 8, and closing Friday evening, Oct. 12. The services of Mrs. H. M. Smith, Mrs. D. C. Hall, Mr. James Whitney, and Mr. M. W. Whitney, of Boston, have been secured for the three concerts, Wednesday, Thursday and Friday evenings. The celebrated Solo Pianist, Mrs. Martha Dana Shepard, with other talented artists have been engaged. Free return tickets from Haverhill to stations on the Boston & Maine and Haverhill and Newburyport Railroads.

☞ We have received a copy of the Sabbath School Melodist, a new Sunday School singing book prepared by Rev. John G. Adams. It is neat and tasteful in appearance, and is in all respects an excellent book. The music is very plainly printed; and the choice of words is worthy of the author's reputation as a poet and lover of poetry. The book contains 128 pages: R. A. Ballou of Boston, is the publisher.

☞ A Washington correspondent says,—Mr. William A. Short, Corresponding Secretary of the Soldiers' and Sailors' League, was removed from his clerkship in the Third Auditor's Office by Secretary McCulloch, upon the recommendation of Auditor John Wilson, upon a charge of insubordination. Mr. Short served four years in the Union army as a private soldier, and had recently secured an appointment to this clerkship. He applied for a leave of absence for five days to attend the Pittsburgh Convention which was refused. He again applied for leave without pay, which was also refused. He then concluded to go without leave, and for this was removed. It is needless to cite the many instances of clerks now on leave to electioneer in Democratic interests, while the fact is notorious that Priestly Young, a Treasury clerk, was given a ten-days leave to attend the Cleveland Convention.

— Elisha C. Sprague of Chicago, has had an action commenced against him for breach of promise, by a Cincinnati lady. Sprague is worth $500,000, and $50,000 damages are claimed. The lady has been for six years a teacher in the Newport Seminary.

— Dr. Hoy, Postmaster at Elyton, Ala., a peaceful, respectable and intelligent gentleman, and always a stanch Union man, has been compelled by rebels calling themselves "Peace Regulators" to flee from home for his life, and has applied at Nashville for a military escort to bring away his family and movable property.

— The wife of Lemuel Penfield of New Britain, Connecticut, committed suicide Thursday morning, by throwing herself into the reservoir at that place. It is a singular circumstance that three ladies living on the same street with deceased have drowned themselves in the same place within a few years.

— Last Thursday, in a lead mine at Memphis, Tennessee, some specimens of red sandstone were broken open and one was found to contain a petrified human hand in a perfect state of preservation.—In other cases parts of animals were found, and one black snake about five feet long, was found, of the consistency and weight of the stone.

— A keg of yeast exploded in an express office at Freeport, Illinois, on Monday last, hurling a forty pound bar of iron lying upon it through the ceiling above into a crate of crockery, to the great detriment of earthen ware. The express agent, who was standing near, was violently thrown over a pile of boxes and considerably injured.

— A number of men and women have lately tried to impose on the London Hospital with a pretense of choleraic symptoms. Some, whose acting was of a superior order, were admitted, but they soon fell into the fault of most amateurs. They overrated the cramps and exaggerated the pains.—This led to discovery and instant expulsion. Brandy was their object, probably.

— The venerable editor of the Piscataquis Observer makes a touching appeal to his subscribers who are delinquent by saying that his expenses are many; paper high with the prospect of remaining so; his wallet has collapsed; his stamps rather scarce; his debts not all paid; and the winter of sixty-seven coming on, and he shuddering at the prospect.

SIGNIFICANT.—The Empress of Mexico lately received at the Chateau of Miramar the President and Vice President of the Chamber of Commerce of Trieste and, replying to a short address, said that, in case the Emperor Maximilian should make next year a journey to Europe, he would not fail to visit that port.

MISAPPREHENSION.—Common taters, said Mrs. Partington, after the preacher had ended his sermon—he having alluded to some commentators of the good book—common taters, she continued, well all sorts of taters this year are poor enough, but what has that to do with the gospel? Not half so much as the J. Monroe Taylor Gold Medal Soap has, for that will make the outside of the platter clean, if not the inside, besides it keeps folks from scolding or complaining; it is the best Soap, and needs no revival. 18

MALARIA.—The decayed and decaying vegetation of newly settled lands, when damp, exhale a miasmatic poison which, absorbed through the lungs into the blood, causes the intermittent fevers and kindred diseases, which prevail in our Western States and Territories. But this great scourge of our rich alluvial bottoms in the West, is now robbed of its sting. Doct. Ayer has discovered an antidote which effectually neutralizes its venom: has combined it in a remedy—"AYER'S AGUE CURE"—which rarely, or, as some of our neighbors say, never fails. It is reliable both for prevention and cure. With it, men may live with complete immunity from the malignant effluvia which has hitherto rendered many localities almost uninhabitable. Those suffering from CHILLS AND FEVER may find in it immediate relief, and those exposed will find sure protection from attack, by taking it in small quantities as a preventive.—*Ill. Democrat.*

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. B. C. PERRY, who has made diseases of the skin a specialty has discovered a remedy for those discolorations, which is at once prompt, infallible and harmless.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by JOHN L. LYON, 196 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY!

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE. In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

POLICE COURT, Sept. 29.—Judge Bufford's levee was numerously attended, the parties doubtless being desirous of turning over a new leaf with the coming month.

Peter Leighton, a venerable sinner of about sixty years, was arraigned on a charge of stealing $25 from Mrs. Anne Messer. He was ordered to regonize in the sum of $200 for his appearance at the October term of the S. J. Court.

Hattie Burnham, a blooming widow aged about twenty, was charged with complicity in this theft with Leighton. She was arrayed in apparel such as Solomon never wore, which she confessed to have been purchased with the money, and the key of the bureau drawer whence the money was stolen was found in her stocking. On her testimony principally Leighton is held.—She waived examination in default of $200 bail and was committed to jail to await trial at S. J. Court in October.

Philip Woods, for assault on Samuel Spinney, was fined $5 and costs $5.74, and was required to give $30 bond to keep the peace. Appealed.

Ayer's Ague Cure,

for the speedy cure of

Intermittent Fever, or Fever and Ague, Remittent Fever, Child Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. One Dealer complains that it is too a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. sn29—2m

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public become acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL FINE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY

ARE FULLY WARRANTED

to be best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, into last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

All in want of a Stove of the first order, *as a moderate price*, are respectfully invited to call and examine the KEARSARGE before purchasing.

CAUTION.

The public are cautioned against being imposed upon by the purchase of any other Stove having the name "Kearsarge," as others are in the market. The genuine Kearsarge Stove is sold only by the subscriber, and has the name U. BLAISDELL upon the hearth.

Also in Store, a large assortment of other

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

From the Portsmouth Journal

CHARLES H. PEASLEE

Gen. Peaslee, who died suddenly last week, while on a business visit at St. Paul, was born in February 1804, at Gilmanton Corner, in the same village with Judge Eastman of Concord and Mr. Hackett of this city, who were for a long time his schoolmates.

Gen. Peaslee fitted for College at Gilmanton Academy, under the tuition of the venerable Andrew Mack, who survives him, and graduated at Dartmouth College in 1824, with a high reputation. He studied law in Gilmanton, Concord and Philadelphia, and commenced practice at Concord, in 1829. He had a reputable practice for several years, but he was never fond of the severe and more laborious business of his profession. He soon turned his attention to political affairs, and his genial nature and agreeable manners rendered him popular. He was several years a member of our State Legislature. While a Representative he projected and organized the plan for establishing the Asylum for the Insane, and he has been one of the trustees ever since this valuable institution was completed. He took the deepest interest in its growth and management, and by his efforts to establish and guard it has made himself a public benefactor.

In 1839, he became Adjutant General, which position he held until 1847, when he was elected to Congress. He continued in Congress for six years, and held a high position there.

In 1858 he was appointed Collector of Boston and held he position till 1857, discharging the duties with fidelity to the Government and with universal acceptance to the public.

He was one of the projectors of the Concord Rail Road, and we believe uninterruptedly a Director from the commencement of the enterprise.

Gen. Peaslee married the widow of the late Col. Dana of the U.S.Army, whose son, Gen. Dana, has so much distinguished himself in the late war. Mrs. Peaslee being a native of this city, after his retirement from the Boston Custom House he in 1860 came to Portsmouth to reside.

Gen. Peaslee was a gentleman of much ability, and by his kind heart and affable manners he made friends wherever he went. His venerable mother survives him in his native village, and this sudden bereavement must fall with crushing weight upon the mother of a devoted son.

Hanover Street School House.—For a number of years the lower room, occupied by Mr. DeMeritt, had been the subject of great and just complaints, as a low, damp and consequently unhealthy place for teacher and children to congregate in. The much needed repairs have at length been made, and two very pleasant, airy and comfortable rooms are secured to the children of District No. 1. The parents may well congratulate themselves upon the improvement. The building has been raised five feet, two of which is in the underpinning, and three in the height of the lower story, making the room at present twelve feet in height. An addition of ten feet in the rear of the building, has given ample space for entry room and closets, and in the second story a very comfortable and pleasant recitation room. In making the repairs, the first and second stories were completely cleared, and rearranged throughout. The third story, consisting of the room neatly finished by Mr. John M. Lord for the "Howard Sunday School" years ago, remains unchanged.

The whole work, so far as it has gone, would to the utilitarian, doubtless, be decidedly satisfactory; but the effort to make a new building of an old one, has not embraced in its results that beauty or symmetry of outside appearance which is pleasant to the eye. The grounds about the building, though they have been considerably raised in times past, are still very low in some places and require much more filling. The expense of re-modelling has been something like $4500.

Accident.—Mr. Charles A. Roberts, of Ossipee, employed at the wood yard of Mr. John M. Davis, on Tuesday last lost the little finger, to the right hand, and injured the other fingers, by the circular saw. He is doing well under the care of Dr. Oliver, and probably the injured fingers will be restored.

Good Reading Room.—The Mechanic Association Reading Room is now in its second year of successful experiment, and bids fair to be a permanent institution. It is well supplied with papers, is well managed and a matter of pride not only to the Association, but also to the city. It is open from 7 A. M. to 9½ P. M. at $4 per year. Free to the Association members and their apprentices.

Portsmouth Philharmonic Society.—With the return of the long and cool evenings, this Musical Association has been revived and its meetings have been held for a few weeks past with a very good attendance and interest, under the musical direction of Prof. Warren K. Day. The old book with a number of unused musical gems is not laid aside, but the Society have thought best to introduce also a new one, entitled the *Operatic Bouquet*, of a similar style of music to the *Chorus Wreath*. The members of the society can find a supply at the music store of Messrs. Joy & Tilton, cor. Market Square and Daniel street.

Gen. Mead has been on a visit to Montreal. All the military force were reviewed, expressly on the General's account. The General visited the new "church of the Jesu," which has cost $100,000 in gold. The backward season and wet weather is bad for the Canada crops, which promised, a short time ago to be unusually abundant.

Eclipse.—There was an eclipse of the Moon on Monday last, invisible. There will be a small eclipse of the Sun on Monday, Oct. 8, between 11 and 12 M. About 1-18th part of the Sun will be covered, which will make but a slight indentation on the side of the Sun. This Eclipse, says the Traveller, will be last of the Sun visible in the United States, until the magnificent one of August 7th, 1869, when the shadow of the Moon will pass over and produce a *total* eclipse, in part of seven States.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing more so subject to adulteration by and for the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe way to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest materials are used in their manufacture, the most innocent and innoxious coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

They are the only Genuine Female Pills extant.
They moderate all excess, and remove all obstructions. They invigorate the debilitated and delicate, and assist nature to bring back the bloom to the pallid cheek. No maiden, wife or mother should be without the Mystic Pills. Sold by all Druggists.

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal-Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretion.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges in Male or Female, curing recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites to Females*. The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5. Injection, " $2, " " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by offering cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us for *perfect confidence*. We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,
Dr. W. R. MEEWIN, 37 Walker St., N. Y.

A FINE BUBBLE.—The following brief letter, like a bubble shows one of the spots where Andrew Johnson went down. It was dated Executive Office, Washington, D. C., August 15, 1865, and directed to Governor W. L. Sharkey, Jackson, Miss.

"I am gratified to see that you have organized your Convention without difficulty. I hope that without delay your Convention will amend your State Constitution, abolishing slavery and denying to all future Legislatures the power to legislate that there is property in man; also, that they will adopt the amendment to the Constitution of the United States abolishing slavery. If you could extend the elective franchise to all persons of color who can read the Constitution of the United States in English and write their names, and to all persons of color who own real estate valued at not less than two hundred and fifty dollars, and pay taxes thereon, you would set an example the other States will follow. This you can do with perfect safety, and you thus place the Southern States, in reference to free persons of color, upon the same basis with the free States. I hope and trust your Convention will do this, and, as a consequence, the Radicals, who are wild upon negro franchise, will be completely foiled in their attempt to keep the Southern States from renewing their relations to the Union by not accepting their Senators and Representatives.

ANDREW JOHNSON,
President of the United States."

PURIFYING.—A speaker in Ohio used the following illustration:

"The gold miners used to find it very difficult to get out the gold dust without taking up some of the alloy with it, until finally they hit on the plan of dipping a highly magnetized wire, which took up the alloy and left the gold. They would keep dipping this rod until all the alloy was removed. Now Mr. Seward has been taking the President, his superior officer, by the nape of the neck, and thrusting him into the Union party, and then pulling him out again (laughter,) putting him in to see how much alloy there was. I say go on with this work, Mr. Seward—purify the Union party. ("Good.") Take out all the base metal, and it will be the better for it."

POTATOES IN MAINE.—The Belfast Age in an article supposed to fairly represent the average condition of the crop in Maine, says that amid all the apprehensions on account of potato rot, the disease does not seem to be prevailing to any extent. On the low lands the crops suffers some from water rot, and not the usual kind. Prices from 40 to 50 cents per bushel. The crop is the heaviest for many years.

KANSAS.—A Lawrence (Kansas) dispatch says the yield of wheat in that State is enormous. In Southern Kansas it will fully average from twenty-eight to thirty bushels per acre. Some fields average upwards of fifty bushels to the acre. Its quality is excellent, and it was harvested in fine condition.

—The Cheshire Co. (Keene) Republican says: "The Democrats of Maine, with very little effort, increased their vote 10,000 from that of last year. While the subject was in hand it might have said that the Republicans, with very little effort increased their vote over last year some 18,000 votes.

—In Henry Ward Beecher's volume of "Life Thoughts," we find the following passage, which deserves profound study: "A conservative young man has wound up his life before it was unreeled. We expect old men to be conservative, but when a nation's young men are so, its funeral bell is already rung." Mr. Beecher's age is now a matter of unusual interest.

Important to the Afflicted.
DR. DOW can be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. Hydropathy combined with practical experience to an unlimited extent. Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body, and, mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. (These or $1 and a red stamp.

Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Morning Chronicle.

Portsmouth N. H.

TUESDAY, OCTOBER 2, 1866.

☞ A Washington correspondent says, in a dispatch of Sunday: All statements to the effect that the President has announced his determination to recommend the adoption of the amendments to the Constitution, proposed by Congress, are utterly unfounded. He has not said to any one that he was in favor of those amendments. It is true, nevertheless, that the President has had under consideration some of the political points to be embraced in his next annual message to Congress, and some of these points have been submitted to his Cabinet.

We have good reason for saying that Mr. Johnson will adhere strictly to the *policy* that has characterized his administration. Among other things he will insist on the immediate admission of loyal and legally qualified representatives from all the non-represented States, in order that Congress may be enabled to prepare such amendments as the condition of the country demands. And he will urge that when Congress is organized to this view of the requirement of the Constitution, amendments be prepared adjusting the questions of representation and taxation to meet the changed condition of the country.

[That is to say, give the rebel leaders back all their power, and then ask them to give it up! When the sky falls, we shall catch larks.]

☞ The boiler of Winchell's brass factory in Cincinnati, exploded Saturday, wrecking the building and fatally injuring the engineer and wounding others.

☞ The three-story building, known as Commercial College, at Hillsdale, Michigan, fell Friday morning, burying a family named Dudley in the ruins. The father, wife and one son were killed and another son had his leg broken.

☞ Harvey Doolittle, proprietor of the Producers' Bank, which has just failed at Chicago, has been arrested. On account of his serious illness, he is under guard at his house. The Doolittles are not very popular just now.

☞ It is said Santa Anna has received dispatches from some of the Liberal Chiefs in Mexico to be prompt and assist them. An expedition has already started, consisting of about 2000 men, who, ere the Imperial authorities will receive news of their departure, will have landed on the coast. About 116 commissions have been issued to Americans who have smelt powder.

☞ A dispatch from Richmond states that Jefferson Davis will not be tried there and there is a report that Judge Underwood has itates to appoint his Court for that city, owing to a conspiracy to assassinate him. [Nice loyal State, that,—all peace,—and representatives, as loyal as these assassins, should come into Congress—on the policy.]

☞ The U. S. Consul at Gaspe Basin, under date of Sept. 15, reports the arrival at that place, from the Magdalen Islands, of four men of the schooner George T. Marsh, of Gloucester, Mass., loaded with crycolite, from Greenland and bound to Philadelphia. The George T. Marsh had on board the crew of a Yarmouth vessel which had been wrecked on a voyage to Greenland for a similar cargo. They were also saved. Both vessels were a total loss, having gone down in seven fathoms water off the east point of the Magdalen Islands. The crew saved themselves with merely what clothing they had on.

☞ The N. Y. Herald's Cable dispatch, dated London, Sept. 30, says in consequence of a difficulty which has existed for some time past between the United States Consul on the Island of Cyprus and the Turkish authorities, the United States Minister at Constantinople, Mr. E. Joy Morris, has demanded full satisfaction from the Sultan and his Cabinet, pending the negotiations, which have assumed rather a serious aspect. Mr. Morris communicated with Admiral Goldsborough, and the United States war ship Ticonderoga, Captain Charles Steedman, which has been lying off the port of Venice, was despatched thence for Cyprus.

WASHINGTON ITEMS.—The city of Alexandria, Virginia, supports the President, and rejoiced over his veto of the Freedmen's Bureau bill. Its mayor, under instructions from the city council, has just addressed a communication to General Howard, through the agent there, praying that the issue of rations lately suspended by the Executive be continued till May next.

A general officer who is a strong Johnson man says he was present during the war at the occupation of nearly all the principal Southern cities, and in none of them was the union army so coldly received as were the Johnson soldiers by the the citizens of Cleveland.

— Fremont has five men and a wheelbarrow at work on the South Branch Railroad in Missouri. An exchange says he will put it through if it ruins the wheelbarrow.

REAL EATATE IN PORTSMOUTH.—*Conveyances for September.*—[Compiled for the Chronicle.]—James DeNormandie to John Trundy for $5000. Land and buildings No. 55 on State street.

Wm. Warburton to B. F. Webster for $400. Land and buildings on Macdonough street.

Mary J. Currier to John H. Currier for $1500. Land and buildings bounded east on Washington street.

Chas. E. Myers to Frank Jones for $10,000. A farm containing 36 acres on the road to Newington.

Alphonzo L. Rand and others to Jere'h. C. Carr for $1375. Land and buildings on Ladd street.

Thos. H. Odion and others to Jere'h. C. Carr for $850. One undivided fourth of tract of land on Middle street.

Jacob Thompson to Sophia J. Moran for $1150. Land and buildings on McDonough street.

Benj. F. Webster to Charles D. Perry for $1400. Land and buildings on McDonough street.

☞ A match game of Base Ball came off at Rundlett's Hill, Saturday afternoon, between the Star Club of Kittery and the Granite State Club of this city, Juniors, the latter club winning by a score of 42 to 23. The Star Club have also challenged the National Club, Juniors, of this city, and the game will be played next Saturday afternoon. Below we publish the score of Saturday's game; both Clubs play well and bid fair to become adepts in this popular game.

☞ U. S. steamer Dawn, (a captured blockade runner,) arrived here on Sunday, bringing the crew for the Resaca.

NAVAL.—The following officers have been ordered to the Resaca, now at this naval station, fitting for a cruise.

Lieut Commanders—Allen V. Rand (detached from duty at Norfolk Navy Yard,) Sullivan D. Ames.

Act. Vol. Lieut. Charles Morton.

Act. Ensigns—Robert Dinsmore, J. D. Moore, E. J. Maitland.

Passed Asst. Surgeon George H. Cooke, (detached from duty at the Naval Academy).

Midshipmen—Samuel W. Very, Daniel W. Davis, Chapman C. Todd, Andrew A Blair, Emmet McCormack, Henry N. Manney.

Act. 3d Asst. Engineers—Leopold Callaway, A. D. Renshaw.

THE WAR IN CRETE.—The victory of the Christians in the island of Crete, over the Turks, will be likely to settle the war in favor of the Christians, as the Porte is reported to have sent conciliatory propositions to the insurgents. The revolt was made upon religious grounds, the Christians being unwilling to give up all their liberty into the hands of the Sultan. They have fought with great bravery, and their success will materially weaken the power of the Turkish government over its various dependencies. Already the inhabitants of Epriasham have been emboldened by the movements of the Cretans to refuse to submit to the unreasonable claims of the Turks, and the demand that all the Christians in that province should sign a declaration of fidelity to the Sultan, has caused the inhabitants of forty villages to declare their independence and flee to the mountains.—They will there be able to hold out against the Turks almost indefinitely, and the indications are that the Cretan war, comparatively insignificant in itself, will have no small influence upon the future of Turkey.

APPLES.—In the New York market, we learn, apples are arriving very freely, and the market is so fully supplied that they are slow of sale. Ordinary to good varieties are offered at $3.50 per barrel. We find it stated in various quarters that fall apples are plenty and good in most parts of New England.

— The preacher Lindsey, who whipped his daughter so severely that she died from the effects, has been indicted for murder in Albion, Orleans county, N. Y. He plead not guilty.

— The Herald's Washington dispatch says it has transpired that the Paymaster who embezzled several thousand dollars of government money by cutting from the 7-30 bonds in his possession the matured coupons and appropriating the proceeds to his own use, is Lieut. Col. Thomas F. Winston, Chief Paymaster of the Pay District of the Gulf, at New Orleans.

JOINING THE FREE MASONS.

"Very well, Mr. Jenks, you know my opinion of secret societies."

"Perfectly, my dear, perfectly," said our friend, thrusting his hands into his pocket, with all the energy he could sustain.

"And you will join?"

"Don't you think it best?"

"No sir, once for all I don't."

"Consider my dear; if you should be left a widow with nothing to support—"

"Now, what a ridiculous argument. Do you suppose, Mr. Jenks—"

"My dear."

"Mr. Jenks."

"Will you listen for a moment?"

"Certainly."

"Well, then, as much as I respect your wishes, and you know I love you dearly, it will be impossible for me to oblige you in this instance. I have sent in my documents, and to-night am to be initiated."

Mrs. Jenks opened her handsome eyes in amazement, and for a moment was lost in wonder.

"And you are actually going to be initiated?"

"Certainly, my dear."

"Will you tell me about it when you get home?"

"Perhaps so."

Comforted by this assurance, the lady offered no further opposition, and our hero took his departure. At about the hour of eleven he returned a wiser if not a better man.

"Well, my dear," exclaimed Mrs. Jenks, "what did they do to you—what was it like—were you frightened? Come, tell me about it."

"Don't ask me," gravely replied our friend; "I beg you won't ask me."

"Why not?" I am your wife, you know, and wife and husband are one. Why not?"

"Hark!" said Jenks; "did you hear anything?"

"No, nothing."

"Silence, my dear; remember what Shakespeare says about sermons in stones, books in running brooks, if I should divulge it."

"Who, my dear?"

"The patriarch of the lost tribes. Even now he may be at our window."

"Mercy on us!" ejaculated Mrs. Jenks. "How you terrify a body. I—I—I—shiver—shiver all over."

"If you don't want to be killed outright, ask no more questions."

"Surely, you can tell me something about it, an idea or two, that would not be divulging, you know."

"What if you should in an unguarded moment let the secret out?"

"Oh, trust me, it will be safe in my keeping."

"You will never tell?"

"Never."

"Not even to your mother? You know how gossiping some old ladies are."

"I'll never open my lips to her on the subject."

"Hark!" exclaimed Jenks, with a theatrical start. "Hear you nothing?"

"Nothing," repeated his wife, with unfeigned alarm.

"Tis only the wind," mused Jenks. "I thought it might be the grand bashaw, armed with his circumventor, and covered with the curious devices of the order. Now listen, if you love me, for the sacrifice I am about to make is a great one—and must seal your lips forever on the subject."

"Well, my dear," said the lady, with a long drawn sigh.

"You have often heard of the cat being let out of the bag."

"Yes."

"Well, I saw that cat to-night."

"A cat?"

"Yes, and an immense cat at that—a monstrous cat. But you shall know all—Let me begin at the beginning."

"That's right," exclaimed Mrs. Jenks, breathless with interest.

"On arriving at the Hall, I was immediately seized by four smart fellows, and taken upon the roof of the building. Here I was tongue-tied and compelled to answer about a hundred questions, all having a direct bearing on the science of astronomony."

"What a queer proceeding," exclaimed Mrs. Jenks.

"How I answered those questions must ever remain a mystery to myself, certain it is, however, I did answer every one—though I did not know it till to-night, there's a dipper and a four horse team, and I don't know what else in the sky. Is it not a pity that this beautiful science is so neglected?"

"What, what then?"

"Why, the first question is too absurd to be repeated. They wanted to know whether I took a newspaper, and if so, how much I owe the printer. Fortunately, I had just then paid my subscription, otherwise I must have been rejected, as no man can become a good Mason who owes a cent to the printer."

"Well, I never!" exclaimed Mas. Jenks, "what an influence those newspapers do exert, to be sure?"

"Exactly. But scarcely had I answered these questions satisfactorily, when an immense flame shot up, and we quickly shot down."

"What—through the roof?"

"Oh no! I suppose we took the stairs, but as I was securely bound and tongue-tied, I hardly know how we got down. The apartment into which I was ushered was pitch dark, and a strong odor of brimstone pervaded the room."

"Brimstone, my dear?"

"Yes, it must have been brimstone—for nothing else could have produced such a stifling sensation.

"Then began the roar of artillery with an occasional volley of small arms. In the midst of the tumult I heard a low, sweet voice chanting a hymn of peace: 'Man shall love his fellow,' then the angel sang, 'cruel war shall be waged no more, peace shall reign, slavery shall perish, industry shall meet its reward, charity fill the hearts of men.' When this happy singer had ceased, a loud cry for cheap postage rent the air."

"How very odd."

"Yes but just like these Free Masons; they are real informers," replied our friend.

"Well, what then?"

"Why, the lights were prepared, and I signed the Constitution."

"Well, what of the cat of which you were speaking."

"Oh, nothing my dear, only they let her out, and for a minute or two she was quite bewildered. It was the first time that I had ever seen the cat let out of the bag. But what struck me with the greatest awe was the appearance of the lost tribes and the double-jointed bashaw, who in a loud voice, constantly said, 'Life is short, prepare for what is to come. Let all men have charity and love their neighbor as themselves.'—Whereupon the grand patriarch, armed with the trail of the great grandfather's authority, arose and impressively adjourned the meeting."

"Well, I declare," ejaculated Mrs. Jenks, "and this is joining the Free Masons?"

'Yes; but remember and keep all that I have told you a profound secret," said Jenks, with a half smothered chuckle, as he buried his head under the night clothes to keep from laughing outright.

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. One Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au23—2m

or 10,000 Recipes in all the USEFUL ARTS, such as Agriculture, Brewing, Wine Making, Cooking, Cements, Farriery, Medicine, Domestic Economy, &c., &c., &c.

The MEDICAL DEPARTMENT, relating to Diseases and their treatment, by Dr. Henry Hartshorne, (Professor of Hygiene (Health) in the University of the State of Pennsylvania (Medical Department of Philadelphia).

The articles upon Farriery and Cookery are, like all the others, complete. The latter contains nearly 1000 Recipes. In fact, the work is a library in itself, and has no rival.

Special articles upon CHOLERA, the RINDERPEST, and TRICHINÆ. New, reliable and useful discoveries added to each edition, making it the MOST COMPLETE book of the kind ever issued. The whole work has been edited and arranged by a corps of the best scientific men of the country. No similar work has been published, equaling this in completeness, variety of matter, and reliability. No class of men once possessing it would willingly dispense with it. It is useful alike to the FARMER, the MERCHANT, the MECHANIC, the HOUSEKEEPER, and the PROFESSIONAL MAN.

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY!

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE.

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

Local.

☞ The enlargements and improvements of the Catholic Church, in this city, add considerably to the appearance of the west end, and the new spire, which we presume will be surmounted by a cross, appears to be as high as any in the city, and is prominently visible from all points. This house though well situated "on a hill," has heretofore been quite "hid" from general view; and the public spirit and proper appreciation of the interests of his Society, which have led Father Murphy to raise it from its insignificance and obscurity can but be commended.

The new Ward House at the south end is also approaching completion, and the neat belfrey of that is another prominent object in the landscape, in a view of the city from almost any point out of it.

☞ The excursion of the steamer Pioneer last Saturday for the school children, was the best thing that could have been done for their health and pleasure. The party consisted of from three to four hundred children, who enjoyed themselves to the best of their ability. It was a decided success, and reflects great credit upon its originator, Mr. Charles Perry, who with the other officers of the boat, did all in their power to make it safe and pleasant for all on board.

☞ The new and beautiful Carriage Robes and Horse Blankets advertised by Messrs. J. Larrabee & Sons, are worthy the attention of all purchasers in that line, as they are just received direct from the manufacturers, and offered at less than Boston prices—with the usual handsome display of harnesses and fine saddlery goods to be had at his saddlery establishment.

POLICE COURT, Oct. 1.—Samuel P. Betton, who was "swinging round the circle" on Court street, was considered to be in a state of intoxication, and was fined $3 and costs $4.80.

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed.

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commending with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

All in want of a Stove of the first order, *at a moderate price*, are respectfully invited to call and examine the KEARSARGE before purchasing.

CAUTION.

The public are cautioned against being imposed upon by the purchase of any other Stove bearing the name "Kearsarge," as others are in the market. The genuine Kearsarge Stove is sold only by the subscriber, and has the name U. BLAISDELL upon the hearth.

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutings, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Morning Chronicle.

A MERIMAID.—Our Iverary correspondent transmits the following:—"One morning recently, before sunrise, a laborer, setting out for his work along the shore of Lochfyne, about five miles from Inverary, saw, or imagined he saw, what is seldom seen by mortal eyes. On a smooth rock by the water's edge was reclining a creature which, in the struggling light, he thought to be a seal. When he approached it splashed into the water, and as he saw its head bobbing up and down, and its long grey hair floating on the wave, he altered his opinion, and became convinced that it was an ancient mermaid. Unromantic wretch that he was, he began to throw stones, to avoid which the creature moved further from the shore, but soon, for some reason not explained, changed its purpose, and made straight again for the rock, on which it landed. The man, no doubt from the laudable desire of furnishing the British Museum with a true specimen of a mermaid, (a person could hardly seal such a creature to the Zoological Gardens among wild beasts,) drew a huge knife from his pocket and advanced. He had hitherto kept a respectful distance. But he suddenly stopped, for to his amazement the creature spoke. To hear, in the early dawn of peaceful autumn morning, a mermaid speak!—that surely were bliss beyond compare. Not so thought the laborer; terror added wings to his feet and he fled, circulating over the parish that surely his eyes had seen, near, for he had seen a mermaid and heard her tongue. Eventually, however, however, his delusion was dispelled, for the mermaid turned out to be the wife of a Glasgow professor, who had come down to spend his holidays on the shores of Lochfyne. It is superfluous to add that the lady had gone out to bathe. We understand the man is still living!"—*Glasgow Herald.*

WHAT DO YOUNG MEN MARRY.—Some young men marry dimples; some ears; some noses; the contest, however, lies between the eyes and the hair. The mouth too is occasionally married; the chin not so often. Poor partners, these, you will own. But young men do marry all these and many other bits and scraps of a wife, instead of the true thing. Some do not marry at such a time after life. He that would have a wife must marry a woman. If he can meet with one of equal social position, like education, similar disposition, kindred sympathies, and habits congenial to his own, let him marry. But let him beware of marrying a curl or neck, however swanlike, or a voice, however melo-hous. Young ladies do also make some queer matches, and unite themselves to whiskers.

— The Wilmington, (N. C.) Journal says that from 30 to 40 freedmen are now confined in the county jail for want of means to pay the costs of their trial, and each day they remain confined, adds 75 cents to the amount of indebtedness of each to the county.

— The New York Times having pulverized the Democrats for defeating the known wishes of the recent State Convention, in supplanting Gen. Dix by Mayor Hoffman, the World, the Democratic organ retorts upon the Times, and intimates that a party of no more than 5000 men in the great State of New York should be very modest in its pretensions.

— If you are so far behind the times as not to have used Hostick Allen's Gold Medal Saleratus, put it off no longer, but go immediately and purchase a paper. Everybody who has ever used it proclaims it to be good qualities. It takes less in quantity, is a saving of flour and shortening, and will make sick stomachs strong. Do not fail to try it. Most of the Grocers and many of the Druggists sell it. Depot 112 Liberty Street, New York. 44

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Of Twenty Thousand Patients Cured Annually.
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one popular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are unrivalled in correspondence and personal treatment. Physicians of the Old World, for obtaining the safest as well as the latest remedies for these diseases, refer indorsements to his cures, and quick and rapid cure, to be obtained at no other office in America.
Impotency, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubos, Ulcerated Throat, Sore Nose, Tender Shin Nodes, Nocturnal Emissions, Blotches, Ulcers, Abscesses, and all other impurities of the system, are speedily under the control of the Honourable Medicines, and have tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to Solitary habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married State, are invited to consult Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the Country, who, too, supposed themselves broken down in health, now enjoy life as a blessing, and are happy. Choice is in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will present a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more general use than candies, and unhappily there is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. It is gratifying to know that they are thus pure is what has made southmayd's candies so popular, and what has so enhanced his business as to enable him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be conducted at Horticultural Hall as usual. The finest and purest materials, the use of none but the most innocent and innoxious coloring materials, and the highest manufacturing skill, which his factory constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

AGRICULTURAL STATISTICS.—In the report of the Department of Agriculture for September, a approximate estimates of farm stock in the South as compared with the number of 1860, as follows: Horses, 68 per cent.; mules, 70; cattle, 65; sheep, 80, and hogs 56 per cent. A table of the estimated numbers of farm stock of each of these States will be found interesting. It shows an actual increase in the sheep of Texas amounting to 20 per cent. The county estimates of the probable cotton crop on the first of September were less confident for many reasons, and especially owing to the dangers to which the crop is liable in the future. A fair analysis, however, at that date, of the elementary estimates, will make up a grand estimate of about one million eight hundred thousand bushels.

The estimates of the various farm crops in the United States warrant the assertion that the year has been one of remarkable fruitfulness. Of corn there will be more than a thousand millions of bushels.

— The *Courrier des Etats Unis*—a French paper published in New York city—is of opinion that the oratorical promenade of President Johnson has been most injurious to the results which it was expected would flow from the Philadelphia Convention. Very likely.

— Spagnoletti, when speaking of his first viola player, declared that, both as a man and a musician, he was most praiseworthy: as a man, for the tenor of his conduct—as a musician, for the conduct of his tenor.

— "What sort of a sermon do you like?" said Dr. Rush to Robert Morris, one day. "I like, sir," replied Mr. Morris, "that kind of preaching which drives a man into the corner of his pew, and makes him think the devil is after him."

— A few days since, a gentleman called upon some lady friends, and was shown into the parlor by a servant girl. She asked him what name she should announce, and he, wishing to take them by surprise, replied, "Amicus," (a friend.) The girl seemed at first a little puzzled, but quickly regained her composure, and, in the blandest manner possible, observed, "What kind of a *cuss* did you say, sir?"

Morning Chronicle.

Portsmouth N. H.

WEDNESDAY, OCTOBER 3, 1866.

DAILY PAPERS.—Mr. Whittem, formerly of the "Ballot" newspaper,—as everybody knows, got out a daily during the late Fair at Exeter; and it was a good paper too, for he never prints any *but* that kind, as we always have held. Well, what we were going to say, was, to allude to a remark or two of his, on his own experience in this new line of dailies. Hear him, in his second issue:

"If anybody has an idea that it is a small job to get out a daily paper without a regular corps of assistants, we advise them to try it. We having been driven with an irresistible press of job work, have found ourself unequal to the task of getting out our second issue early this morning, and our third will be delayed till Monday. We thank all friends for the patronage given our enterprise, but shall not be likely to solicit in the same line again."

And again in his third and last number:

"****For the information of the curious, we may state that the experiment has just paid expenses. If the editor was a family man he could hardly 'buy the child a frock' out of the profits."

Br. Whittem's kind mention of ourself of this Chronicle, we highly appreciate; and our modesty would not allow us even to allude to it, did not his remark that our "success as a publisher has been surprising," seem to give us license for a bit of advice in this connection. This Fair Reporter, so far as we know, is a new idea at a show of this sort, and is so good an idea that it *ought* to "pay" well, as it would if rightly managed.

For instance, the society could well afford to pay for the publication in the first number, (which should be issued in the spring,) of the premium list; and should also officially advertise in detail each morning during the Fair, the programme for the day, instead of leaving everybody to guess or find out as best they can, or usually *cannot*, when, where and what is the next attraction? Then, with the public advertising, and the large editions which can be disposed of, we hope Mr. W. may be induced to issue his nice little Reporter for each session of the County Fair at Exeter.

And we further desire to improve this occasion to say a word of Daily papers in general, and ours in particular. If anybody thinks it easy to print them—even the little ones, under the most favorable circumstances,—just let him try it for fifteen years or so—"from early morn (say 3 and 4 o'clock) till dewy eve"—and then if he thinks that five or six "holidays" per year are too many for himself or his employees, why we shall call him a tough customer or no judge of the situation, that's all. F.

COUNTERFEITERS.—The N. Y. Tribune says, it has chronicled, within the last year, the pardon by President Johnson of not less than forty persons convicted of counterfeiting the National shinplasters. We should like to know, first, if any person has been convicted of this crime whom the President has *not* pardoned; secondly, if any one *could* counterfeit the National currency under such circumstances that the President would not promptly set him at liberty.

Counterfeiting is the most deliberate and most mischievous of crimes that do not destroy life. Its victims are mainly the poor, the simple, the ignorant. It tends to destroy confidence and causes incalculable suffering and misery. And its chief patron and protector at present is Andrew Johnson of Tennessee.

It is supposed, of course, that all these rascals will sustain the dishonest and unfair policy, of which we hear so much.

☞ It is positively stated that there has existed in the United States, for some time, an organization totally distinct from the copperhead body of that name, and whose object is to colonize the fertile lands of Mexico. The organization is a military one, and is said to number about fifty thousand men. [Very doubtful.] It is also stated that Santa Anna has been issuing commissions to over one hundred of the officers belonging to this Circle.

☞ We have already noticed the report that the Presidential excursion, has completely broken the finances of the "National Union Club," leaving it $30,000 in debt. It is now said that it has been proposed to make the cabinet officers pay their own expenses, by means of an assessment of $5000 on two of them, and $2500 on another.—One or them, it is said, ran up a bill of $700 while stopping at the Continental Hotel in Philadelphia. We do not believe all the story,—tho' there may be some truth in it.

☞ Hon. Charles Sumner of Massachusetts; Gov. James L. Orr, of South Carolina; John R. Noyes, John Fierpont, Wm. Harvey, and a Kaffir Chief of Mozambique, with other illustrations, appear in the October number of the Phrenological Journal.

— Senator Wilson was serenaded in Chicago last Thursday evening, and made one of his most stirring speeches to a large audience.

GREAT FALLS AND CONWAY RAILROAD.—A survey for the continuation of the Great Falls and Conway Railroad is now being made. Two routes are embraced; one taking Conway village in course, and the other following the shore of Walker's Pond. Many are satisfied that the road would pay much better by being taken further east from Wakefield, skirting the towns of Effingham and Freedom, N. H., going up the valley from the latter place through Madison to Conway. This would give facilities to a very large agricultural district which any of the two other projects would almost deny.

LIFE ON THE RIO GRANDE.—The Rio Grande (Brownsville, Texas,) Courier, gives anything but a favorable account of the treatment of American citizens in Mexico, by their "friends" the "Liberals." It says they are slaughtered, robbed, imprisoned, and subjected to various other outrages, with no regard whatever paid to the regulations, under existing treaties, for mutual protection of citizens of two countries.

☞ In speaking of "President Johnson on the constitutional amendment," the N. Y. Herald says. *"The plea of the invalidity of Congress is a dangerous fallacy. It has already startled the North as if it were the echoes of Fort Sumpter, and with the fears that it covers a revolutionary danger."*

NEW HAMPSHIRE FINANCES.—A correspondent of the Boston Journal says:

It will be very gratifying to our citizens to learn that quite a large sum of money has recently been received from the General Government on the old account of United States bounties assigned by volunteer recruits, and that this money will be immediately distributed among the several towns and cities. From a glance at the last annual message of His Excellency Governor Smyth, it appears that under the call of the President for 300,000 men, to be raised prior to January 5, 1864, the cities and towns in this State were authorized by the Provost Marshal General to advance the national bounties to volunteers, to fill their quotas under this call, with the understanding that the bounties thus advanced would be refunded in installments, as they became due, through the agency of the State authorities. The sum thus paid to volunteers amounted, in the aggregate, to $965,512. The first installment of $197,-304 was received before the troops left for the field, and $26,920 of the second installment shortly after, which was all distributed to the towns by the State Treasurer.

For some time afterward no further payments were made and the Governor, upon an investigation at Washington, for the cause of the suspension of these reimbursements, learned that the allotment rolls, containing an account of these advanced bounties, which had been furnished the Paymaster General by the State, had been lost, and that in some cases these bounties had again been paid to the men in the field by the paymasters. It was also ascertained of the Second Auditor of the Treasury that the heirs of some of these men who died in the service were receiving the bounties to which they would have been entitled had no assignments been made, the Auditor having no knowledge of them.

After furnishing the proper papers, and after many and repeated importunities, the payment to the soldier or his heirs was suspended, and an examination was instituted to ascertain what portion of these claims was still due, and orders obtained for the balance, to be paid agreeably to the assignments. There was great difficulty and delay in correctly adjusting this matter, caused by the large number of desertions found to have taken place from these volunteers, and also in ascertaining whether those reported missing were deserters or deceased. In some of the regiments to which these men were assigned more than two-thirds deserted. The bounties of such volunteers will not of course be repaid, and will be a total loss to the towns. The payments which have been wrongfully made to the soldier, or his heirs by the United States cannot be repaid to the towns except by an act of Congress, which there is a favorable prospect of procuring.

This is the story in brief of the advancement of United States bounties to soldiers and of the obstacles which were found in the way of their re-payment. In this connection we are authorized to say that the sum of $172,067 has lately been received from the General Government on account of these bounties, which amount is now in the State Treasury ready to be drawn by those cities and towns which are respectively entitled to portions of the same. Further payments from Washington are expected before long. Great credit is due Gov. Smyth for the energy and perseverance which he has displayed in his repeated and often discouraging attempts to open a way for the final adjustment of the vexed and perplexing question of the repayment of United States bounties.

GOLD, Tuesday, 148 1-4.

— The Tribune has dispatches from a number of town elections in Connecticut.—Nearly all heard from were carried by the Republicans by increased majorities.

— It is understood that Walter Brown has gone to New York to conclude a match with Jemmy Hammill. It is pretty certain that these two men will come together at no distant day, even if not the present season.

— Last Saturday forenoon Mr. Charles H. Ford, foreman at Tucker's printing office, Portland, got his arm caught in the machinery of a cylinder printing press, and the grip on his arm was so severe that it threw the belt off and bent a three-quarters inch iron rod, but, strange to say, no bones were broken or any serious injury done to his arm.

BASE INGRATITUDE.—It is generally understood that the late visit of our fellow citizen, the Hon. Daniel Marcy, to Washington, was designed to affect removals and appointments. About the time his visit closed, the Washington Republican, a paper speaking the President's words, and edited by Mr. S. P. Hanscom, had an article called the "Raid upon the President," in which the editor speaks of the crowds of office-seeking applicants that besiege the White House each day, till a certain hour, and then "move away much the order of a funeral!" He says:

Now and then we have observed a Senator or Representative. When such a distinguished personage appears, now-a-days, he generally has his pockets full of programmes for saving the nation. The salve is usually a compound of two ingredients—"removals" and "appointments." These Senators and Representatives are doctors of offices rather than of laws. There is another class of men who appear here rather thick just now. We have heretofore known them as "copperheads." They were spurned, as a class, at Philadelphia, as unworthy to be recognized, by their chief—Vallandigham. But now they dare come here with the boldness which we will not undertake to characterize, throwing off the white robes of the National Union Convention and assuming, with the impudence of the devil, the garments of ancient locofocoism, and demanding, with the air of one who cried for vengeance against treason when treason was rampant, that their voices must be all-potent in the sacred affairs of the nation in its hour of peril.

The President, with the patience of Job and the endurance of the most enduring, receives and listens to the daily and varied demands of the conglomerate mass. It is quite amusing to observed the impudence with which political tricksters come here, from States where Democracy has a much less chance of ever reaching a majority than "Henry Wilson" has of going to Heaven, (if the popular theology of the day is correct,) and lay down programmes, demand the political slaughter of their betters, and ask to have themselves or their copperhead "peace Democratic" friends appointed to office. The President receives and hears all these patriots; and then, as he is in duty bound to do, acts in strict accordance with the facts in each case as near as he can.

The amount of mental labor performed each day by the President of the United States is probably not equalled by the chief officer of any other nation on earth. Office-seekers contribute, just now, to increase and complicate this labor ten-fold. They are unrelenting, often uncivil, and always unchariable. We trust that they will soon vacate their places at the Executive Mansion and give the President some rest.

Who and What are Simon and Andrew his brother, that they should sneer at the Democrats and Copperheads? They are the Apostles of the new Johnsonian Church, and yet they presume to despise the only converts worth mentioning, that wish to become permanent members of it, viz: those who come to get a share of the loaves and fishes. Should they drive off the Democratic party from voting their ticket in any State, the Johnson party would be "considered as scattering."

—— Rev. T. H. Miller is to preach at South Hampton next Sabbath.

— We would again call attention to this indispensable article of Gold Medal Soap, for the laundries and the ladies. What the dear creatures will do when the manufacturer, in the course of human events, stops into another sphere of being, we are at a loss to imagine. Make the most of him while you live as a chance to do so, for nature, art or science can never produce a second J. Monroe Taylor Gold Medal Soap. We cannot say half enough in its favor. After using, you will say the same. 19

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot, and Lentigo, or freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. Dr. B. C. Perry, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of other so-called female remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the speedy relief of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions accompany them, they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's laws. Ladies will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. Price $1.50.

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted upon the delicacy, or mail, (inclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. *It replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS SYSTEM is most astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow the use of Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

FREE TO EVERYBODY!

The Guide to Health and Beauty,

JUST PUBLISHED.

It teaches how to remove Tan, Freckles, Pimples, Blotches, Moth Patches, Sallowness, Eruptions, and all impurities of the skin; how to enamel the skin, leaving it white and clear as alabaster; how to produce the fullest development of the female form (as practised by the French,) causing the bust to grow round and full, and if the form has been lost by pudding, lacing, or maternity, restoring it to more than its original fullness, firmness and beauty. It teaches how to reduce in size the hands and feet; produce corpulency or the reverse; remove superfluous hair; cure Corns, Bunions, Warts, and Moles; renew your age; cure Drunkenness, Catarrh, Dyspepsia, Nervous Debility, &c.; how to fascinate and gain the love and affection of any person you may choose, together with other useful and valuable information. Local.

☞ When man brought steam under control as a servant, he increased his own powers of production in an almost indefinite ratio. The number of steam engines in any locality compared to its population, form a good index to its business life, for with every throb of their inanimate heart the pulsations of commercial life are stirred, and sinews of steel perform labors which of yore seemed herculean.

"What becomes of all the pins?" has been asked until even echo has tired of answering "What?" Now we wish to ask "What becomes of all the spools?" It is quite a matter of wonder to see the great stacks of wood which are worked into this little article of every-day use at the spool factory of Messrs. Dearborn & Brownell, at Raynes' shipyard. The engine puffs, the saws whirr, the lathes and cutters buzz, and through the processes of boring, sawing, turning and polishing, come spools in almost endless numbers—great spools and little spools; spools for cotton, spools for silk, spools for every purpose imaginable. The first destination of these spools is easily learned—their final goal is buried in obscurity.

POLICE COURT, Oct. 2.—Walter C. Brown, for larceny of a pair of boots from Hill & Carr, was ordered to give $100 bonds for his appearance at the October term of the S. J. Court, and in default thereof was committed to jail.

☞ In the Baltimore Sun, of Saturday last, we notice the name of David Whipple of this city, among the list of naval cadets, who have recently passed their preliminary examination before the academic board at Annapolis, and taken the oath of office.

☞ Mr. E. A. Joy announces elsewhere a number of classes in singing. In the past his schools have been among the largest ever obtained in this city, and to them he would refer as to his success as a teacher.

Communication.

SOUTH END VANE.—I am told the steeple of the new Ward Room, has a spread Eagle overtowering it for a vane, but southenders "can't see it."

Do gentlemen put a vane where we can tell which way the wind blows without climbing the spire to ascertain the head from the tail. E PLURIBUS UNUM.

BUSINESS SCHOOL.—Mr. Joy, an old and tried teacher, offers a good opportunity for young men to obtain a thorough business education.

EMIGRATION TO BRAZIL.—The Brazil emigration fever is said to be prevailing extensively in Choctaw County, Alabama. The Grove Hill Journal is a good deal disturbed by it, and exclaims:

"How the most of them will regret it, after the fatal step shall have been taken and when it will be impossible to retrace it! 'It is better to bear the ills we have, than to flee to others that we know not of.' Stay at home, and fight it out on this line."

☞ Judge Clayton, an ex rebel general, in his charge to the Grand Jury of Pike County, Ala., a few weeks since, used the following language in regard to freedmen: "Two things are necessary to remedy the evils growing out of the abolition of slavery. First, a recognition of the freedom of the colored race as a fact. Secondly, by treating them with perfect fairness and justice in our contracts, and in every way in which we may be brought in contact with them. By the first we convince the world of our good faith, and get rid of a system of espionage by removing the pretext of its necessity; and by the second we secure the services of the negroes, learn them their places and how to keep them, and convince them, at last, that we are indeed their best friends. When we do this, let us hope that society will revive from its present shock, and our land be crowned with abundant harvests. We need the labor of the negro all over the country, and it is worth the effort to secure it."

☞ The Herald of Health for October has a rich table of contents, from many able writers.

—"Keep busy and mind your chances," is inscribed in Latin, as a motto, on the seal ring of A. T. Stewart.

—An actor in Mobile has bequeathed his head to the theatre for a "Yorick's skull."

—A New Orleans dispatch says the Picayune will support the Constitutional Amendment, and that the Bee gives it tacit support.

—The Bangor Postmaster was on the witness-stand in a larceny case, the other day. "You are the Postmaster of this city?" asked the County Attorney. The answer was: "I am—or was when I started from the Post Office."

—The President has caused to be prepared a silver medal and a certificate of merit, which, together with one hundred silver dollars, are to be presented to Hoo-Ke-Op, a chief of the Blackfeet tribe of Indians, as a reward for his noble behavior in 1864 in rescuing a white woman from captivity.

LUCIFER BURNT OUT.—An entertainment called "Lucifer in the Jaws of Hell," was announced recently at Dieppe, France, and crowds flocked to see it. At the appointed time a great pile of wood, saturated with turpentine, was lighted, and the performer, clad in a fantastic fire-proof suit, holding a huge fork in his hand, walked through the flames, stirring up the wood as he went. Encouraged by the applause, he entered a second time, lost his way, and wandered aimlessly backward and forward. The firemen, seeing his condition, exerted themselves to save him, and in a few minutes he was withdrawn. He died shortly afterward.

☞ Gov. Patton of Alabama, has requested and obtained the reissue of rations by the Freedmen's Bureau, representing that seventy to eighty thousand persons in that State, chiefly widows and orphans, are suffering for the want of food. Gov. Patton was one of those who recommended the stoppage of rations. His present request was sustained by Gen. Howard, who notes the important fact that in the latest report there were more than two whites credited with rations to one colored person. We suppose this important fact will make no change in the abuse lavished upon the Freedmen's Bureau, as an almshouse for negroes.—*Tribune.*

Holloway's Ointment and Pills.—Quinsy or inflammation of the throat is very prevalent during the Spring and Fall of the year. Thousands of persons have immediate recourse to these medicines on the first symptoms of attack, and thus not only save time but even dispense with the advice or attendance of a physician. Colds produced by the rapid and frequent changes of the atmosphere during this season, are speedily cured by the pills. These remedies fortify the body against the inclemencies of the winter. REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

The Subscriber, formerly with S. P. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. K. HAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guarantee of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Hay. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

A BEAUTIFUL KITTEN.—The Darlington, Wisconsin Democrat relates the following very probable story:

While one of our business men was taking a quiet walk last Sunday, near the fair grounds, he discovered a beautiful striped black kitten in his path. He at once endeavored to make its acquaintance, and had succeeded in getting hold of it when he suddenly changed his mind, and came to the conclusion he wouldn't. The kitten went its way and the citizen started for home. Every one he passed held his nose, and men, women and children fled from him as though he had the cholera. On Monday morning there was a "new made grave" near his residence, in which was deposited a suit of "store clothes." We understand he says he has no further curiosity about kittens.

— "Whenever we find a man anywhere praying about the Constitution of the United States, spot him; he's a traitor."—[Andrew Johnson's campaign speech at Nashville.

"And now let me commit to your hands the Constitution of thirty-six States," &c., &c.—[Andrew Johnson's 100 speeches in his campaign tour.

— "Mother, can I go and have my daguerreotype taken?" "No; I guess it isn't worth while." "Well, then, you might let me go and have a tooth pulled; I never go anywhere!"

— "What sort of a sermon do you like?" said Dr. Rush to Robert Morris, one day. "I like, sir," replied Mr. Morris, "that kind of preaching which drives a man into the corner of his pew, and makes him think the devil is after him."

— The London Times says that the census of 1861 revealed the remarkable fact that in the whole southwest of Ireland there are but two Jews. One of these people lived in Munster and the other in Connaught, so that they sufficed between them for a population of nearly three millions.

AMERICAN AND FOREIGN PATENTS,

R. H. EDDY,

Solicitor of Patents.

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837.

78 State Street, opposite Kilby Street,

After an extensive practice of upwards of twenty years, continue to secure Patents in the United States; also in Great Britain, France and other foreign countries. Can make Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Examinations made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents, a knowledge of the patentability of inventions unexpected by, if not immeasurably superior to, any which can be offered elsewhere. The Subscriber is prepared to prove that more is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST TEST OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that none of other offices offer the kind and the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable hearing at the Patent Office."

EDMUND BURKE, Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all of which LETTERS OF PATENT have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of obtaining the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made on twenty rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Important to the General People.

Next to the common articles of daily food, fruits, &c., there is nothing is more universal use than candies; and unhappily there is nothing more conducive to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe way to be made of candies and confections was to obtain those which are known to be pure, the knowledge that they are thus pure is what has rendered Candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for manufacturing and selling candies at trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innocuous coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southard's candies among the best, the safest, and the most popular in the market. *—Boston Journal.*

COQUETTE.

She has dainty little feet—
This she knows as well as you,
And her laughing eyes, so blue,
Say with looks bewitching, sweet,
Worship me; 'tis but my due.

Hearts are all alike to her,
True or trifling, grave and gay,
She serves all the same old way;
Deceived are they who woo her,
For her smiles no love convey.

THE USE OF BORAX IN WASHING.—In Belgium and Holland linen is prepared beautifully, because the washerwomen use refined borax, instead of soda, as a washing powder. One large handful of borax is used to every ten gallons of boiling water, and the saving in soap is said to be one-half. For laces and cambrics an extra quantity is used. Borax does not injure the linen, and it softens the hardest water. A teaspoonful of borax added to an ordinary sized kettle of hard water, in which it is allowed to boil, will effectually soften the water.

Morning Chronicle.

Portsmouth N. H.

THURSDAY, OCTOBER 4, 1866.

MATTHEW HALE SMITH, the amusing gossip writer in New York, who sends the "Burleigh" letters to the Boston Journal, is also a preacher. He was once a preacher of the Universalist denomination, but connected himself with the Orthodox Congregationalists about 1840. Some newspaper critic having recently accused him of "numerous summersaults" as to different faiths, he denies the charge,—and says he "embraced the doctrinal opinions held by the Old School Presbyterians. From that hour to this, I have changed no particle of my religious faith, less or more." He has preached, however, he says,—"in the pulpits of both branches of the Presbyterian Church—the Dutch reformed—the Congregational—the Baptist—the Methodist—the Lutheran and German. I should not object to minister at the altar of the Episcopalians, if their law allowed one not ordained by their Bishops to officiate in their houses of worship. I could make myself quite at home in the latter body."

No doubt, and he applied once for "orders" in that church; but he was rejected by the authorities. He was once a lawyer, for a brief space,—and when he began law practice, he tendered his resignation of membership to the Suffolk South Association, (Boston,) which was unanimously granted;—but when he quit the law, and asked to be received back into his old Association, he was unanimously refused.

Mr. Smith, as a theologian, never excelled; for he was loose in statement and lame in logic.—A tract from his pen, published by the American Tract Society, was shown up a few years ago, by Prof. Crosby, as one of the weakest and most trashy documents ever sanctioned by the Committee of Publication.

But Mr. Smith's rhetorical powers were very good; and when we last heard him, a few years since, he was a pleasant, plausible speaker, (as he probably continues to be,) who would interest almost any congregation as an occasional preacher: And, as a writer of gossip, from New York City, and Saratoga Springs, he is one of the very best, giving us a view of the fashions and the prayer meetings, the balls and the politics, in good readable style, which is almost equal to seeing the things for ourselves. We should be sorry to lose him from the newspaper press.

☞ A loyal paper says the Johnsonians are only flourishing a paltry trick on words when they accuse Congress of keeping rebel States "out of the Union." Those States are in the Union as to territory as much as they ever were; and they are also in the Union as to the jurisdiction of the Federal Government over their citizens as much as they were before the outbreak of 1861. That is the first result of the national triumph. But they are yet out of their full loyal relations to the Union, as Mr. Lincoln phrased it, because they have not yet given those guaranties for the future which have been necessitated by their perfidies in the past. In this limited sense only are they still "out of the Union;" and Congress, in detaining them there, so far from seconding the claims of the original rebels, is frustrating all their designs, by keeping them within the vestibule of the Union, with the relations of the Government to the citizen all complete, until, by the tender of adequate securities, the States themselves shall resume their places in the national sisterhood. The men who are playing into rebel hands are those who would bring the seceded States into the Union with such increased power as would give them the advantages which they wanted to get in going out of it.

☞ The New York Times comes out in the strongest manner against the Hoffman movement in that State. It is a mere attempt, it says, to reinstate the Democratic party in power, and every consideration of the public welfare demands that it should be defeated. It adds:

"The election of Gov. Fenton and the Union ticket by a decided majority at the coming election, following, as we have no doubt it will, similar results in other States, will break up effectually and finally the Democratic party as it has been organized and directed for the last five years. It will compel its dissolution and reconstruction."

The New York Tribune, in a review of the political prospect, estimates that Gov. Fenton will be re-elected by about 30,000 majority.

☞ A coppery Washington special says: Gen. Dix will remain at New York, discharging the duties of Naval Officer, until after the election, in order that he may exert himself, and throw the weight of his influence, which is very great, in favor of the President's cause. The President wishes him to do this, and he is quite willing to do so.

Well: what of it?

☞ The Amoskeag Veterans, from Manchester, N. H., and the Ancient and Honorable Artillery from Boston, were at Newburyport on Wednesday, as the guests of the Veteran Artillery of Newburyport.

NEW ORLEANS.—The Tribune has a dispatch from New Orleans, containing the report of the Military Commission to investigate the riots in that city. The report is signed by Generals Mower, Quincy, Gregg and Baldey. It gives a full synopsis of the evidence, which confirms the dispatches of Gen. Sheridan.

The Commissioners express the opinion that it was a preconcerted plan among rebel associations for the purpose of attacking the Convention if there was any plausible pretext, and but for the declaration of martial law and the presence of troops, fires and bloodshed would have raged throughout the night in all the negro quarters of the city, and the lives and property of Unionists and Northern men would have been at the mercy of the mob. Three-fourths of the mob were rebel soldiers.

The board reviews of the conduct of Mayor Monroe, and believe his action precipitated the consequences that ensued from his own acts. The party in power in New Orleans, with Mayor Monroe, the board believe, if allowed to have their own way without punishments for past offenses, will soon render New Orleans a place of insecurity for Northern lives and property.

TEXAS.—Gen. Sheridan has returned to New Orleans from Brenham, Texas, whither he had gone to investigate the destruction that of town by incendiarism, which was charged upon United States soldiers. The following points were about to be decided upon officially as facts:

The original cause of the disturbance is not satisfactorily determined as yet, but there is no doubt that during the fracas two soldiers were wounded, one severely and the other slightly; that later in the night a number of men burned the business part of the town, and that they were soldiers; that Capt. Smith, commanding the post, had nothing to do with the matter; and that the affair required a more rigid investigation. Gen. Sheridan, to accomplish this purpose, appointed an investigation committee.

Gen. Sheridan has decided on giving the frontier Texas settlers full protection against hostile Indian tribes.

WASHINGTON AFTER THE RECESS.—The National Metropolis is dull enough, and only enlivened by the wild hunt after office. I am surprised (says Perley) to find how defiantly the Republicans in place here repudiate "my policy," and avow their loyalty to the principles of their party. Indeed many of them would resign at once rather than even be suspected of smothering their convictions in "bread and butter," but they are advised to hold on. Like the commanders of a rear guard, they cover the retreat, and protect many deserving men who are dependent upon their salaries for support, but who would soon be decapitated were it not that they are protected by Republicans who are their superiors.

President Johnson—so say those who know him well—has returned from his tour fully confident that his "policy" will prevail, and I can only repeat what I have often said, that he *believes* that he is right. Those who think that he is to be changed do not know the man, although I can but think that the returns from Pennsylvania and New York will show him that he is not endorsed by a large majority of the people. Already, *en dit*, he begins to express his dissatisfaction with the Democratic politicians who profess to "run the machine," and some of our Massachusetts copperhead friends must find that little attention is paid to their imperative dictations as to removals and appointments.

The President has appointed his son, Colonel Robert Johnson, his private secretary. Montgomery Blair has enlarged his residence, and expects to represent Maryland in the next Congress. Mr. Seward is evidently staggered at the unsuccessful result of his intrigues, but will not abandon his Presidential aspirations. Jeff. Davis must laugh at the protestations of the President's friends that his trial is desired, as if he could be turned over to the courts here, where he was indicted a year ago, he could soon be fairly tried and if found guilty, punished.

☞ In a flood at Calais, Vt., last week, Rev. Cyrus Luscomb, a Methodist minister, was passing over a bridge, when the bridge gave way, and he went over two dams, down stream about ten rods, with 70 feet fall in the whole, and brought up on a rocky island, where he held on by some bushes, till the people took him off. He was much bruised, but is now doing well.

A SENSIBLE PUGILIST.—Mike McCoole, of St. Louis, Mo., the late prize fight victor, has declined the challenge of Joe Coburn of New York, and also the challenge of Davis, his late competitor, for a second trial. He says he renounces the ring forever.

KIND WORDS.—Kind words! how cheap, indeed, and yet how very dear. Kind words are Heaven's sweet Angel messengers. So is Herrick Allen's Gold Medal Saleratus earth's sweet messenger to all who love a good, light, nice white Biscuit. You had better throw your flour away, and go hungry, than use any other. Call for Herrick Allen's, and have no other; it is as harmless as flour. Try it. Most everybody sells it. Depot 112 Liberty Street. 4s

POLITICAL CATECHISM.—What is the Christian name of Andrew Johnson?

Moses.

Why was he so named?

Because of his love for the sons of Canaan.

How does he show his affection for them?

By kindly denying them those "Civil Rights" which he deems injurious to them.

What are the political principles of the President called?

"My policy."

What prevents him from carrying them out?

Congress.

What is Congress?

"A body of traitors hanging on the verge of the government."

What is their object in hanging there?

The destruction of the country.

What are the duties of the President?

To veto the acts of Congress, visit the graves of deceased statesmen, and harangue the people, and swing round the circle.

Does Moses fulfil those duties faithfully?

He does.

Is he hospitably received by the people?

He is.

How does he repay them?

By generously leaving among them wherever he goes the flag of his country, the constitution and the laws.

Is Moses in danger of being slain?

Yes.

By whom?

By a couple of Pharaohs named Stevens and Sumner.

How do you know it?

Moses says so.

Who are the supporters of Moses?

Rebels, Copperheads and Conservatives.

What is a rebel?

A State patriot who heroically rebels against the laws of Congress and the domineering acts of the people.

What is a copperhead?

An indirect rebel, who magnanimously assists without incurring any danger.

Why are they called copperheads?

Because they seek the heads of public offices because of the coppers.

What is a conservative?

A former traitor and disunionist, who voted for Lincoln, but has since become loyal and goes his death for Moses.

Has the President an army?

Yes.

What is it called?

The bread and butter brigade.

What is it composed of?

Loyal rebels, patriotic copperheads, and unselfish hungry conservatives.

What does Moses say caused the massacre at New Orleans?

Congress.

Who is authorized to make laws for the people?

The President.

Who has usurped that right?

Congress.

What does Moses in his speeches ask of the people under the circumstances?

To come to the rescue and save the country.

Have they shown any intention of doing so?

Yes.

Where?

In Maine, Vermont and Connecticut.

☞ The World, in its telegrams from Washington, announces that

"The President to-day appointed ex-Gov. Anderson of Maine Sixth Auditor of the Treasury for the Post Office Department, vice Isaac N. Arnold of Illinois, who has been an uncompromising Radical and working all along against the Administration. Ex-Gov. Anderson was Commissioner of Customs here under the Buchanan Administration."

That is to say: Mr. Johnson has removed from office another of Mr. Lincoln's devoted friends, and appointed a Buchanan Copperhead in his place. Go ahead, Andy! Your time is short, and you will hardly get through unless you make haste! Can't you run your guillotine by steam?—*Tribune.*

HOPE.—The Scripture saith, that "Hope is an anchor to the soul, both sure and steadfast." It is the unfortunate's only comfort in adversity, and the star of promise which urges forward the struggling poor man. What is it that gives contentment to that mother who sees her darling child attacked by the ghost of the deadly croup, or suffering from the effects of a consuming cough or violent cold. What is it that wreathes in smiles the lips of that patient consumptive who, though she knows she cannot live, yet murmurs her silent and thankful prayer for ease and relief? What is it that has become a nation's hope from North to South, from East to West, comes but one joyful response—Give us Coe's Cough Balsam. o 1—1w

Holloway's Ointment and Pills.—Quinsy or inflammation of the throat is very prevalent during the Spring and Fall of the year. Thousands of persons have immediate recourse to these medicines on the first symptoms of attack, and thus not only save time but even dispense with the advice or attendance of a physician. Colds produced by the rapid and frequent changes of the atmosphere during this season, are speedily cured by the pills. These remedies fortify the body against the inclemencies of the winter. SINGING SCHOOLS.

Mr. JOY proposes to open FOUR CLASSES in Singing, as follows:

JUVENILE beginners on WEDNESDAY Afternoons: 50 cents per quarter. Class Book—"Merry Chimes."

ADVANCED CLASS of juveniles on SATURDAY Afternoons: $1 per quarter. Class Book—"New Merry Chimes."

ADULT beginners on MONDAY Evenings: $1.50 per quarter. Class Book—"Harp of Judah."

ADVANCED Class of Adults on THURSDAY Evenings: $2 per quarter. Class Book—"Jubilate."

A good Piano or Organ (as preferred by the schools) will be played to accompany the singing. No pains or expense will be spared to render these schools interesting and instructive.

These Schools will commence as soon as a sufficient number is enrolled.

Further information may be obtained by calling at JOY & TILTON'S MUSIC STORE, where names will be received and above books supplied.

Private Instruction (twice a week) $10 per quarter. o2 E. A. JOY.

Class in Book-Keeping
—AND—
Advanced English Studies.

The Subscriber designs opening a class for studies in Bookkeeping and the higher English branches, purposing to give those attending a good Business Education.

Each scholar will be allowed to pursue such studies as he may select, which offers advantages to those who may not wish to pursue the set course prescribed at the High Schools.

Particular attention will be given to BOOK-KEEPING.

The Class will be commenced as soon as a sufficient number of names are obtained.

As but a limited number can be received, those desiring to enter the Class should leave their names, at the earliest opportunity, at JOY & TILTON'S MUSIC STORE, corner of Market and Daniel Streets.

TERMS—$10 per quarter.

A few pupils will be received for a private course.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond Street, New York, and for sale by all druggists; price $2 per bottle. Call for PERRY'S MOTH & FRECKLE LOTION.

Hygienic Wine.

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. *Replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates languor, by gently refreshing and invigorating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow the use of alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

POLICE COURT, Oct. 3.—Mary Ann Sullivan complains that Mary Holland for reasons unknown, [perhaps!] did on the second of October, "beat, bruise, wound and ill treat" the said Mary Ann in a very unhealthy manner,

"—Picked her up tenderly,
Used her with care,
Knocked her two eyes into one—
Pulled out her hair!"

otherwise condensed her visual organs, and collected sundry specimens of capillary head covering as a trophy of the contest, for which Judge Bufford fined said Mary H. $1, and costs $3.86.

BASE BALL.—The first and second nines of the Rockingham Base Ball Club have a match game at the Plains this afternoon at two o'clock. This is the first of three games to be played by the two nines for four silver cups, two of each to be presented to the two players of each nine making the best average scores in the three games. The game will be an interesting one, as the prizes offered as incentives will doubtless develope some fine playing.

☞ Please to observe (per advertisement) that the Steamer Pioneer starts from Portsmouth at 8 o'clock in the morning, each day of the Muster at Dover,—and returns at 6 in the evening.

NEW HAMPSHIRE ITEMS.

—— A peat company has been formed in Rochester.

—— The whole amount of the receipts of the late New Hampshire State Fair was about $4000—enough to pay expenses.

—— On Tuesday morning, at Concord, a French Canadian, named Provancher, had both legs cut off by a train of cars.

—— There are four churches and another in process of erection in Dunbarton, N. H., but not a settled minister in the whole town.

—— The steam saw mill of Z. Hoyt, of Weare, was destroyed by fire Tuesday night. It was a valuable mill and the loss must be heavy.

—— William S. Marston, Esq., has just completed a new stocking mill at East Andover, N. H. It is situated at the outlet of Loon Pond, is two stories and a half high and sixty feet in length.

—— Mr. Henry B. Horne of Middleton, raised from one quart of White Swedish oats, sent him from the Department of Agriculture, twenty-three quarts of oats which weighed twenty-three pounds and a half.

—— The Attorney General has notified City Marshal Buntin, of Concord, to order the discontinuance of all lotteries and gift enterprises in that city, and if they refuse, to prosecute them according to the statute.

☞ At New York, Robert Walker, a trotting trainer, was shot dead by an unknown party on the Centreville track Monday afternoon, while exercising a horse.

☞ The murder of Walker, the horse trainer, at the Centreville course, Long Island, N. Y., is still wrapped in mystery. A large amount of money was found on his person. One witness swears he saw two men running from the place about the time of the murder. A reward of $500 is offered for the arrest of the guilty parties.

☞ The New York Herald says the office of Santa Anna is overrun by parties anxious to enter the service of Mexico. It is reported that a firm on South street has been commissioned to buy six steamers for the service of the Liberals. The [illegible] of $5,000,000 which Santa Anna has been negotiating, has been concluded with three banking houses of New York city.

☞ On Monday evening, the tobacco factory, machine shops and foundry of the Southern Penitentiary, at Jeffersonville, Ind., were burned. The entire loss is between $200,000 and $300,000. The fire is supposed to have been kindled by a convict employed in the factory.

— It is now believed that the Fenians will attack Canada along the frontier of Missisquoi and Huntingdon. The force of regulars is now about 12,000 men and 44 cannon. There are on the rolls 35,000 men, but not more than 25,000 are considered effective.

— It is reported that Gen. Pryun, who was nominated for Lieut. Governor of New York on the Hoffman ticket will decline, and that he and the other Conservative Republicans of the State will hold a Convention and endorse Gov. Fenton.

DEATHS.

In this city, Oct. 1, Mrs. MATTIE O. SMITH, aged 19 years 5 months 8 days, wife of Albert Smith, and daughter of the late Thomas P. Dennett.

Her Funeral will take place this (Thursday) Afternoon, at 3 o'clock, from her late residence on South St.

In Great Falls, Sept. 29, Mrs. NANCY EDGERLY, aged 60, wife of James Edgerly, Esq., formerly of Wolfeborough.

☞ A New England Temperance Convention was held at Tremont Temple, Boston, Wednesday, and largely attended. Hon. A. C. Barstow was President, and Rev. James Pike of N. H. was one of the Vice Presidents.

— The Philadelphia Press reports that a spiritual medium there has been receiving messages from J. Wilkes Booth, who endorses "My Policy," and gave for the election of Heister Clymer.

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this stove, are subjoined, for convenient reference:

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COB would inform his friends and former patrons o Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Forter, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

☞ The removal of Union men and the appointment of Copperheads and Rebels continue rapidly. Mr. Lincoln's appointments are unpopular with Mr. Johnson. Josiah Millard, Assessor of Internal Revenue at Alexandria, Virginia, the first Union man in the State arrested and imprisoned by the rebels, has been turned out of office to make room for a pardoned rebel. The removal of Union postmasters and appointment of Democrats is becoming one of the great features of Mr. Johnson's administration.

☞ The rebel Gen. Wright of Georgia says he was one of the Committee that drafted the resolutions in the Johnson Philadelphia Convention in favor of duly rewarding Union Soldiers, and that he took care to have them so worded as not to commit the Government; for, if the South ever gets into power again, all pensions to Union soldiers shall be cut off unless the Confederate soldiers are put on the same footing. To prevent this, we demand Constitutional guarantees.—*Tribune.*

— The Victoria Bridge, over the river Thames, at Battersea, is 912 feet long, and 132 feet wide. It is the widest railway bridge in the world. It will have four railway tracks.

— A young man in Binghampton, New York, was recently struck with paralysis of the lower limbs and of a portion of the pelvic muscles, supposed to have been caused partly by lying on the damp ground, after violent exercise at base-ball playing.

— A friend writing to the editor of the Lewiston (Me.) Journal from the South says he dares not address a northern paper or append his signature to any account of the true state of affairs in the late rebel States, for the letter would certainly be opened and the author stand in danger of losing his life. That is a fitting commentary on the workings of "my policy."

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT-STREET, BOSTON, on all diseases of a VENEREAL OR DELICATE NATURE. His long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies which, since they first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a premature youthful habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the *French Capsules*, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Among the physicians in Boston are some hundreds higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SHEET. Order by mail. Two for $1 and a red stamp.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837.

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on the shortest notice and with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it, inventors have more advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any other agency, and with dispatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The business practice of the subscriber during twenty years past, has enabled him to secure late a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond doubt, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made entire rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing is more universal use than candies; and unhappily there is more time is made so subject to adulteration as they are by the adoption of the use of deleterious substances dangerous to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they can obtain pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to enable him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innoxious coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

CHEROKEE PILLS,
Or Female Regulator,
Cure Suppressed, Excessive and Painful Menstruation, Spasms, Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness, and all diseases that spring from irregularity, by removing the cause and all the effects of obstruction. They are perfectly safe in all cases, *except when forbidden by directions*, and are equally efficacious, as they are nicely *sugar coated*. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and describe their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject. Thirty-two page pamphlet, in a sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in an ordinary letter, free from observation, by addressing the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the *Organs of Generation, removing Impotency and this Elixir renders Debility, Nervousness and the pettish and dull vigor, thus proving a perfect "Elixir of Love," removing Sterility and Barrenness in both sexes.* To the young, middle-aged, and aged, there is no greater boon than this "Elixir of Life." It gives a new lease of life, causing the weak and debilitated to leave the sickbed of languor and pain, and the entire system to thrill with joy and pleasure.
Price, one bottle $3; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the civilized globe; there are unprincipled dealers, however, try to deceive their customers by selling worthless compounds in order to make money. Be not deceived—ask for these medicines, and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor.

Daily Morning Chronicle

VOL. XXIX. PORTSMOUTH, N. H. FRIDAY, OCTOBER 5, 1866. No. 81.

The Chronicle.

— There are 137,000 persons in Brooklyn who do business in New York.

— Upon the beautiful Island of Barbadoes there is not vacant space enough for a picnic. It is all cultivated.

— Mr. Straw, who is a bachelor, says that females are at the bottom of all mischief. The mosquito which plagues us so terribly is a female.

— Mrs. Jenkins complained in the evening that the turkey she had eaten at Thanksgiving did not set well. "Probably," said Jenkins, "it was not a hen turkey."

— A man hearing of one her who was a hundred years old, said, contemptuously: "Pshaw! what a fuss about nothing! Why, if my grandfather was alive he would now be a hundred and-fifty years old."

— A man who has been living in the Indian country for about twenty years, and has just returned home, says the most notable feature in the march of civilization during that period has been the advance of the bustles then worn by the ladies to the back of their heads—and he adds that he don't think the progress otherwise has been great.

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Chills and Fever, Dumb Ague, Bilious Headache or Bilious Headache, and Bilious Fevers, inherent for the whole class of Diseases resulting from Malaria, by derangement, caused by the malaria of miasmatic countries

Fever and Ague is not the only consequence of the miasmatic poison. Agues, Neuralgias, Disorders arise from its irritation. The numerous distinctions among which are Neuralgia, Rheumatism, Gout, Spasms and Disorganization of the stomach, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Dropsy, and Disorganization of the stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. Hitherto experts the poison from the blood, and thus cures them all alike. It is not only the most efficacious remedy ever discovered, for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. Our Dealers complain that it is not a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. Ayer & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au29—2m

Morning Chronicle.

Portsmouth N. H.

FRIDAY, OCTOBER 5, 1866.

THE REPORT OF THE MILITARY COMMISSION, on the New Orleans riot and massacre, which was made Sept. 5, and has been kept back at Washington, is published at length in the New York Tribune of Oct. 3. It makes nearly a page of that paper; it confirms General Sheridan's opinion, and condemns Mayor Monroe, his police, and his conduct in the whole matter. It is easy to see why Pres. Johnson wished to keep it back as long as possible:—but it comes out in good season now, for New York election.

MEXICO.—Advices from the Mexican Capital to the 17th have been received, stating that the guerrillas were continually worsted by the Imperial forces.

At the celebration of Mexican Independence on the 10th, Maximilian made a speech, saying that he was still firm in the seat, notwithstanding all his difficulties, which the votes of the nation had caused him to occupy, and that it was not in troublous times that a true Hapsburg would abandon his post; and as a majority of the the nation had called upon him to defend their sacred rights, the Almighty ought to protect him.

The *Estafette* asserts that his Majesty is resolved to put himself at the head of the National army to fight the Liberals.

— Twenty dollars a week are allowed by the Government to provide the table of Jefferson Davis, at Fortress Monroe, with articles that are not furnished in the regular rations of the garrison. This is the way in which the prisoner is "starved."—*Ex.*

If this be true, it is all wrong. He should not be starved at all: but the ration that is good enough for a United States soldier is surely good enough for the guilty head of a murderous rebellion!

CHARLES SUMNER has just made an elaborate speech in Boston, on the "One Man Power v. Congress." We are now to secure by counsel what was won by war, and that failure now will make the war itself a failure. The duties are to exclude ex-rebels from control of reconstruction and obtain guaranties for the future. These duties might easily have been fulfilled on Mr. Johnson's accession to the Presidency, but instead of that we have the Presidential policy, resting on "two blunders," viz: the "One Man Power" as the jurisdiction over the question; secondly, the use of this power for the advancement of rebels and the rejection of Unionists, white and black. After adverting to the inconsistency between the President's policy and his former public declarations, and attributing the defection in part to the influence of Seward, Mr. Sumner recalls the interviews he had with the new President after the assassination of Mr. Lincoln. To his earnest appeals in favor of applying the principles of the Declaration of Independence, the President said: "On this question, Mr. Sumner, there is no difference between us. You and I are alike." Again he promised that there should be no divison in the Republican party on this matter. The oration closes as follows:

The President, wielding the *One Man Power*, has assumed a prerogative over Congress utterly unjustifiable, and has undertaken to dictate a fatal "policy" of reconstruction, which gives away to rebels, puts off the blessed day of security and reconciliation, and leaves the best interests of the Republic in jeopardy. Treacherous to party,—treacherous to the great cause—and treacherous to himself, he has set up his individual will against the people of the United States in Congress assembled. Forgetful of truth and decency, he has assailed members as "assassins," and has denounced Congress itself as a revolutionary body, "called or assuming to be Congress," and "hanging on the verge of government;" as if this most enlightened and patriot Congress did not contain the embodied will of the American people. To you, each and all, I appeal to arrest this madness. Your votes will be the first step. The President must be taught that usurpation and apostacy cannot prevail. He who promised to be Moses, and has become Pharaoh, must be overthrown, and the Egyptians that follow him must share the same fate, so that it shall be said now as aforetime, "And the Lord overthrew the Egyptians in the midst of the sea."

☞ At the Johnson convention in Boston, Wednesday, Mr. Sweetser, the nominee for Governor, who knows he has no chance of election, made a speech, which he closed with expressing the hope that at sometime here in Massachusetts they would not be the *forlorn hope* of truth and political right.

A Mr. Tarbox of Lawrence was the next speaker. He argued that there was only one policy before the country and that was the plan of President Johnson. [That policy has run out, and its author with it.]

— An earthquake in Europe, Sept. 15, was quite severe in Paris and its neighborhood, especially in the direction of Versailles; also at Boulogue, Auteil, Tours, Lenouges, Rouen, Nantes, and many other points. Walls and floors were cracked, beds shaken, glasses rattled on tables and shelves, and other violent disturbance made. There were several shocks.

THE GRAND ENCAMPMENT of N. H. Militia, at Manchester, was every way successful. The absorbing theme with the public was the grand review and inspection by His Excellency Governor Smyth and staff. The attendance in the forenoon was large, but the tide of people which commenced pouring toward the muster-field at noon was immense. For about two hours the sidewalks leading to the grounds were jammed, while the street was filled with crowded vehicles of all descriptions. It is estimated that twenty thousand people witnessed the review.

The troops marched splendidly, and were universally praised and admired. They showed the martial bearing and discipline which many of them received in the long campaigns of the recent war. The Manchester War Veterans, all of them returned soldiers, wearing their chevrons of honor, were highly complimented. The scene at the review was one of striking interest. The immense crowd of spectators, the waving banners, the glistening bayonets and accoutrements of the men, the martial airs and the bright sunshine, formed a spirited and patriotic picture, which could not easily be forgotten. After the military had passed twice in review, the regiment in double column closed in mass, and was addressed by His Excellency Gov. Smyth, in a brief and appropriate speech.

STATE AGRICULTURAL COLLEGE.—The Trustees of the State Agricultural College were in session in Concord on Friday last. The chief business transacted was the consideration of various plans for the organization of the institution. The different propositions submitted were referred to a select committee, which will report at the next meeting of the Board. It is expected that the college will be opened in August, 1867. For awhile the agricultural students will be accommodated in the present buildings at Dartmouth. Several professors, however, will be appointed exclusively for that department, while other teachers will labor in common with the different classes. The erection of a large and commodious edifice for the new college is contemplated at no distant day. The trustees on the part of Dartmouth are President Smith, who is also President of the Agricultural Board, Governor Smyth and ex-Governor Anthony Colby. There is one vacancy, caused by the resignation of Hon. Ira A. Eastman, of Concord. The trustees on the part of the State are Joseph B. Walker of Concord, John D. Lyman of Farmington, John B. Clarke of Manchester, Wm. P. Wheeler of Keene, and Chester C. Hutchins of Bath. Gov. Smyth is Treasurer, and Mr. Walker Secretary.

NEW HAMPSHIRE ITEMS.

——As the last up passenger train of the Great Falls and Conway Railroad was making its regular trip on Saturday, the 22d ult., a lot of young cattle belonging to Chas. Jones of Milton got upon the track. Two were killed, and five more injured so that they had to be killed. Fortunately no damage was done the train.

—— Hon. Daniel G. Rollins, Judge of Probate for Strafford County, who has reached the constitutional limit of 70 years, held his last Court in Dover on Tuesday. The members of the Strafford Bar availed themselves of the occasion to present his Honor with a handsome cane, as a token of their esteem for him as a man and their respect for him as a magistrate. The presentation was made by Hon. Thomas E. Sawyer, President of the Bar, in a felicitous speech, to which Judge Rollins appropriately and feelingly replied. Hon. Jas. H. Edgerly of Rochester has been appointed as the successor of Judge Rollins.

☞ It is rumored in Washington that the question as to whether the United States Attorney General can legally ignore the powers of attorneys in the settlement of soldiers' bounty claims has been decided in favor of claim agents.

☞ Reports from England say that the rainy weather having ceased, and a fine harvesting season set in, there will not be such a failure of the cereal and other crops as was feared. The cattle plague has again broken out in sundry places.

☞ A New Orleans dispatch says Lowenthal, a claim agent, has been detected in swindling the government, by assistance of paymasters, to the amount of a million dollars. Warrants were issued for his arrest, but he succeeded in getting away.

GOLD, Thursday, 148 1-2.

— As we have said scores of times, the J. Monroe Taylor Gold Medal Soap is, without exception, the nicest and best soap made; is the only kind that can be called a perfectly pure article, and goes nearly three times as far as any other soap and will always turn out whiter and nicer clothes than washing with any other article. Try it, and you will find what we say is true. 20

STATE OF NEW YORK.—Burleigh sends to the Boston Journal, the following description of the political campaign in New York:

"We have never had such a political campaign as the present. The oldest politicians affirm that they have never seen anything like it. The excitement in 1861, when the news that Fort Sumter had been fired upon, was more demonstrative, but not more intense. No halls are large enough to hold the people, and the démonstration is enthusiastic. Fireworks, bonfires and music are not needful to gather a crowd. Any man is an orator who speaks for Congress. The demonstrations are all on one side. The Democrats are absolutely doing nothing. They give up the canvass and don't think it worth while to waste powder and shot. Hoffman, the Democratic candidate for Governor, took the stump. He made a few speeches in the western part of the State, but the torrent was too mighty; he could not stem it; he abandoned the field, and has come home. Like Johnson, whose utterance that 'treason must be made odious,' sticks to him in spite of all his efforts to shake it off, Hoffman made a speech in Wall street two years ago that will never be forgotten nor forgiven. In the late gubernatorial contest, he denounced Mr. Lincoln as a usurper, and counseled the uprising of the people to remove him by force of arms. However well a man dresses, however elaborately he curls his hair, however much he cultivates the looks of a Professor in a College, (and this is Hoffman's capital,) the loyal people of the Empire State will never trust its destiny in the hands of a man of such principles, who is the pet of the corrupt ring by which New York has been ruled and disgraced."

CONNECTICUT TOWN ELECTIONS. — The telegraphic dispatch sent from the office of a Hartford Copperhead organ, on Tuesday afternoon, to the effect that the returns of the Connecticut town elections were showing heavy Democratic gains, does not seem to be confirmed. The Hartford Courant of Wednesday morning says that the Republican gains over last year's votes are surprisingly large. In almost all the towns thus far heard from, the Republican majority has largely increased, showing that Union voters are *being made* throughout the State, and that the party is not at a stand still. In a few towns local dissensions had a bad effect, but the result on the whole is gratifying. The Courant says:—"About one hundred and forty of the one hundred and sixty-three towns of the State held their election on Monday. We give the complexion of seventy-one towns, which foot up forty-three Republican and twenty-eight Democratic. By a comparison with the returns of last fall, we find that the Republicans have gained four towns, and also lost four. The aggregate vote, however, shows handsome gains for the Republicans."

— The *Italie* republishes a very curious letter from Pius IX. to the Emperor of Austria, dated May 3, 1848, exhorting him to give up war and renounce Venetia.

— An envoy, who left Maximilian after the report that he contemplated abdication, declares that he has no such intention, and will fight for his throne to the bitter end.

—Dr. O. O. Roberts' house in Northampton, Mass. was burned by an incendiary fire on Sunday morning. The building was unoccupied. Loss $3000, no insurance. An unsuccessful attempt was also made to burn the American House.

— The barque Laura, 50 days from Bremen, bound to Baltimore, with 210 passengers, encountered a hurricane on the 22d of September, and shipped a tremendous sea, which washed overboard seven passengers and one of the crew, besides slightly injuring fifty others.

Perry's Moth and Freckle Lotion.
☞ Chloasma, or Mothpatch, (also called *Liver-spot,*) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, by spoiling the effect of a pure white more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin,* is certainly a desideratum. DR. B. C. PERRY, who has made the diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Lyon's Periodical Drops!
THE GREAT FEMALE REMEDY FOR IRREGULARITIES
These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity, as indicated by the sale of over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speaks in strongest terms of the value of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who have bought of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of Jos. A. Lyon, without which none are genuine. **Price $1.50** per bottle.
Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., to whom he can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY!

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by its stimulating, the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the Medical, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

Local.

THE ANNUAL MEETING of the stockholders of the Concord & Portsmouth Railroad was held in Manchester on Thursday. The meeting was called to order by Stephen Kenrick, Esq., President of the Road. The report of the Directors was read. Among other things, it states that "the Directors are gratified to state that the station buildings at New Market Junction, which were referred to in our last annual report, have been placed in good condition, but we regret to be compelled to say that many of the other depot buildings on the line of the road have not been kept in as good condition as they were at the date of the contract with the Concord Railroad, nor such as the terms of the contract demand or the wants of the public require.

The rolling stock assigned for the business of this road seems entirely inadequate for the business of the line, and complaints are daily made to the Directors of your road of the want of sufficient freight cars for the local business of the road, and we have earnestly requested the managers of the Concord Railroad to increase the number of cars on your road, as there is now a large amount of freight awaiting transportation both at Portsmouth and at many of the way stations on the line of the road.

The want of proper accommodation as to the connection of the trains over your road with those of the Boston and Maine Railroad at New Market Junction, referred to in our last annual report, still remains a subject of continual complaint. Too little regard seems to be paid to the large amount of travel that is continually passing to and from the Boston and Maine road at this point, while a proper spirit of accommodation on their part would remedy the evil."

The report was accepted, and the meeting then proceeded to the choice of Directors—Messrs. S. N. Bell of Manchester, Jos. C. Plumer of Epping, and Josiah G. Hadley of Portsmouth, being a committee to receive, sort and count the votes—which committee reported that the whole number of votes cast was 2193, and that Stephen Kenrick, Saml. P. Dow, Benj. F. Martin, Jos. B. Walker and Saml. N. Bell had each received 2193 votes, and they were declared elected, and the meeting dissolved. Many of the stockholders returned in an extra train, leaving Manchester at one o'clock, which was provided for their accommodation by President Kenrick. Judge Minot, President of the Concord R. R., and Superintendent Kendrick went over the road on Thursday, to examine the wants of the various stations on the line of the road,—and doubtless the improvements so long desired will soon be witnessed.

DEATH OF JOSIAH H. SANBORN.—The community learned with great regret on Wednesday afternoon that Mr. Josiah H. Sanborn, formerly of this city, but for several years past a resident of Concord, was dangerously sick with what was pronounced to be cholera. Mr. Sanborn has for some time past been Road Master of the Concord, Manchester and Lawrence Railroad, and was about his business as well as usual on Monday. A dispatch from his son-in-law, George Bachelder, received in this city on Thursday, announced his death to have occurred on that morning. Mr. Sanborn was a native of Epping, where his parents reside, and from whence they repaired to his death bed on Wednesday evening. He was an active, energetic man, who peculiarly understood the business in which he engaged and which kept him constantly employed, and his place as a Railroad man will not easily be filled. His loss will be felt by a large circle of friends in this section of the State, to whom he has always endeared himself by his kind and genial manners.

His funeral occurs on Saturday.

POLICE COURT, Oct. 4.—John Lanigan, for drunkenness, was fined $3, and costs $4.80.

Jeremiah Murphy, who had danced attendance at Lanigan's ball, or some other place where stimulants were to be obtained, was also condemned to pay $7.80 for being drunk.

Yesterday Wm. Mitchell was fined for an assault on Charles Ricker. To-day Mitchell brought a cross suit against Ricker, for assault, but failed to make out his case, and Ricker was discharged.

LYCEUM.—To answer the numerous enquiries in regard to the Lyceum Lectures this season, we would state that we have learned from Mr. J. H. Head, Secretary and Business Manager of the three past courses, that the usual preliminaries are being made preparatory to the announcing of the course. The best talent in the country is being engaged to lecture, and the programme and list of lecturers will be announced soon. It is intended to have one of the best courses of lectures ever given here.

☞ Father Kemp's old folks favor us with a concert, on Monday evening next.

On Tuesday evening, that wonderfully versatile troupe, known as "The Carter Zouaves," will delight their audience.

☞ It may interest gentlemen who are considering the matter of buying houses at auction or otherwise, to be informed that the prices of lumber have gone up considerably of late, as any dealer will tell you.—And we speak what we do know, and testify to what we have seen, when we state that the house on Summer Street which is to be sold by Auctioneer Wendell tomorrow, is in all respects a pleasant and most desirable residence, and well worthy the attention of small families wishing a home, or capital seeking investment.

☞ We understand that the same trio of young ladies who went South from this city as teachers of the "freedmen," last winter—are soon to proceed on the same patriotic and praiseworthy errand again, though under partially different auspices, and in new localities. The National Freedmen's Society joins with the Freedmen's Society of the Unitarian Parish of this city, we believe, in again securing the services of Misses Peduzzi, Philbrick and Fernald.

☞ In the first of the three proposed matches of Base Ball played by the first and second nines of the Rockingham Club, at the Plains, Friday afternoon, Messrs. James A. Spalding and James H. Dow, made the best average scores in the first nine. Mr. Charles A. Shannon made the best average score in the second nine. Messrs. Merrill E. Spalping, W. C. Delaney and Dr. N. B. Colman, (the latter playing first base with great skill,) making the next best averages, it being difficult to determine which of the three latter had the advantage. Two more games to be played at early dates to determine who are to be the recipients of the four silver cups.

☞ The frost of Wednesday night was severe enough to wither the vines which heretofore escaped, and nip the last dahlias &c., in all exposed situations in this vicinity.

☞ Rear Admiral Gregory died at the Mansion House, Brooklyn, at one o'clock Thursday morning, of inflammation of the bowels.

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, into last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

Portsmouth.

All in want of a Stove of the first order, *at a moderate price*, are respectfully invited to call and examine the KEARSARGE before purchasing.

CAUTION.

The public are cautioned against being imposed upon by the purchase of any other Stove bearing the name "Kearsarge," as others are in the market. The genuine Kearsarge Stove is sold only by the subscriber, and has the name U. BLAISDELL upon the hearth.

Also in Store, a large assortment of other

Morning Chronicle.

A SEASONABLE WAIF.—A young Englishman—of good family, of course—who has been eking out a wretched existence in New York city by begging from door to door and sleeping on the City Hall steps or among the docks, was a few days since informed of the death of a titled relative in the old country, by which he is left heir to nearly $50,000. Money was sent to defray his expenses home, and he is now on his way to the possession of a fortune, to squander it, probably, as he has already done an ample one.

— One rarely repents having kept silence; one often repents having spoken.

— At the funeral of an old lady at Village Isle, in South Reading, Mass., Thursday last, those present were addressed by a nephew of the deceased, 94 years of age, while a sister was present 90 years old.

Important to the General People.

Next to the common articles of daily food, fruits, &c., there is nothing is more universal use than candies, and unhappily there is work or made to subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe way is to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Wooster Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The flavoring material, the use of honey, but the most innocent and innoxious coloring materials, and the neatest and most tasteful styles of manufacturing distinguish Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

The Chronicle.

☞ Theodore H. Sweetser of Lowell, was nominated for Governor of Massachusetts, by the Johnson party's convention in Boston, on Wednesday,—and a platform adopted, of which support "my policy" was the principal plank. The Democratic party's convention, held later in the day, adopted the candidate and the policy,—very naturally,—as the two conventions were composed to a great extent of the same men.

— The Charleston Courier says it has a letter from Mrs. Jeff. Davis, stating that her husband is suffering from declining health, and that her pecuniary circumstances are very embarrassing.

— The store of Mr. Cooley, at Cold Springs, N. Y., was robbed Sunday morning of goods valued at $1000. Hudson River, from New York city to Albany, is infested with gangs of thieves. Robberies occur almost every where along the river.

— A novel anchor, newly invented, was tested in Baltimore harbor Saturday with great success. The anchor is triangular shaped, with six flukes, which work on pivots, and when one side is imbedded in the soil, the upper part closes, thus, it is claimed, preventing fouling, which is the cause of many ships being lost.

— The law of June last, providing for the disposal of public lands in the Southern States for homestead settlements, is now being printed, with instructions for distribution among the district land offices in that section of the country. The benefits of the act are extended to all citizens of the United States without distinction as to race or color.

Morning Chronicle.

Portsmouth N. H.

SATURDAY, OCTOBER 6, 1866.

ACCIDENT AND ESCAPE.—As the Portland and Conway stage was on its down trip on Tuesday, and within a short distance of Hiram bridge, upon the banks of the Saco, the road gave way and the coach upset and rolled down the bank nearly to the water's edge. There were eleven passengers and a large lot of baggage. As the coach was going over, Mr. E. T. Cotton of Limington, who was on the outside, jumped and fractured one ankle. A lady passenger was bruised by getting her hoop skirt under the horses' feet. The driver kept control of the horses until a new pair of reins were broken. The inside passengers were not much bruised, but they were obliged to crawl through the broken window of the coach and make their way up the bank as best they could. Two of the horses were ruined. After two hours labor, in which the people of the neighborhood assisted, the coach was got back into the road.

TEXAS.—Capt. Smith, commandant at Brenham, Texas, charged with knowledge of the burning of the town, has issued an order disarming all the inhabitants of the neighborhood, and in effect declared martial law. He states that cases of outrage to freedmen are on the increase. He intends to render every assistance to the Bureau Agent, in order that justice may be done the freedmen, and the guilty parties brought to justice.

Gen. Kidder has issued a circular to sub-Assistant Commissioners in Texas to make visits to towns in their respective districts, and exhort the freedmen who work for wages to faithfully fulfil their contracts, and those working for a portion of the crops to diligence in securing the results of their summer labor. He advises the employers of freedmen to deal with them in the settlement of their accounts in a fair and equitable manner.

☞ On Thursday the Amesbury and Salisbury Horticultural Society held their annual exhibition, which was every way creditable. The Newburyport Veteran Artillery and the Amoskeag Veterans were there, and wheeled into line in front of the house of the Quaker poet Whittier, paying him the compliment of a full military salute! Gov. Smyth and Gen. Natt. Head made speeches at the collation. Dr. Geo. B. Loring was the orator at the Church.

☞ Mr. Sweetser, the Johnson candidate for Governor of Massachusetts, was a Republican delegate to Chicago in 1860, but relapsed into Copperheadism during the war. Two years ago he went in for "peace" under Democratic auspices, because, as he said, Abraham Lincoln had shown himself unfit to conduct a war or negotiate a peace. He further declared that "Abraham Lincoln's ultimatum was disunion before peace, disunion at all events, and that in such a war he (Sweetser) would neither kill, nor be killed." Now he is one of those who are whining and sniffing about carrying out the policy of "the lamented Lincoln."

☞ An Albany, N. Y. dispatch says, a tragedy occurred at Corymar's Hollow, in that county, Thursday. A man named Judson having eloped with the daughter of Archibald Stephens, a wealthy farmer, the latter followed them, and meeting in a house of a mutual friend both drew pistols and began firing at each other. Stephens was shot dead and Judson wounded in the head, but not so bad as to prevent his riding off with the girl in his wagon.

☞ William B. Whitaker, formerly a clerk in the Post Office in Boston, has been appointed Assistant Treasurer at New Orleans in place of Thomas C. May, removed. Mr. Whitaker was formerly an ultra Democrat, and his appointment at this time justifies the supposition that he supports "my policy."

DISTURBANCES AT ST. PETERSBURG.—It is reported that on the occasion of the execution of Kanakasoff, for attempting the life of the Czar, popular demonstrations took place, in consequence of which charges of cavalry were made. Several persons were wounded, and numerous arrests effected.

— Gen. Dix leaves on the mission to France on the 27th inst.

— A cunning exhibitor at a recent agricultural fair in Connecticut divided a bushel o peaches and entered one-half in his own name for competition, and the other in the name of an influential man in a neighboring town. The big man got the prize, and the other contribution, although off the same tree, was not mentioned.

— One of the largest whiskey distilleries in Milwaukee is now in the hands of the Revenue Department for trying to evade the law. The offence charged is instituting and using a fac-simile of the Inspector's stamp, and thus escaping the payment of duties, and putting their whiskey into the market as inspected, when it never had been.

NEW HAMPSHIRE ITEMS.

—— The apple trees in the town of Freedom, are said to be bending under a load of fruit.

—— A little girl of four years, daughter of Moses Thompson 2d, of Wolfeboro', was fatally burnt, in trying to make a fire, while her mother was out of the room.

—— Frank Jaquith, son of Asa Jaquith, fell from the high beams in a barn in Hollis, N. H., on the 26th ult., and was so much injured that he survived but a few hours. He was about twelve years old.

—— At the Grafton County Agricultural Fair, held at Plymouth, Thursday, the trotting purse of one hundred dollars was won by Nellie Locke, who made the first heat in 2:39 1-2, the third in 2:40 3-4, and fourth and race in 2:41 3-4. Berkshire Boy won the second heat in 2:42 1-2. Kettlebail fell in the second heat and was withdrawn.

MUSTER AT DOVER.—The encampment of the volunteers of the First Congressional District of New Hampshire, commenced in Dover, Thursday morning, and the companies thus far raised in this section have been organized into the Second Regiment Volunteer State Militia, and the following field and staff officers appointed: Colonel, Augustus W. Rollins, Dover; Lieut. Col. Nathaniel Shackford, Laconia; Major, Matthew T. Betton, Portsmouth; Adjutant, Clarendon Everett, Dover; Quartermaster, Ira A. Moody, Dover; Surgeon, Carl H. Horsch, Dover; Assistant Surgeon, Samuel H. Green, Newmarket; Chaplain, Enoch P. Ladd, Alton; Judge Advocate, Daniel Hall, Dover.

Colonel Rollins is a superior officer and has seen much service in the field. He went to the war as a Captain in the Seventh Regiment, and was mustered out as Colonel of the same. His field and staff officers are all gentlemen of marked military character and culture.

There are eight companies of infantry and one of artillery, beside the Amoskeag Veterans of Manchester. The infantry companies are

A—Strafford Guards of Dover.
B—Granite State Zouaves of Dover.
C—City Guards of Portsmouth.
D—Auburn Rifles of Auburn.
E—Bell Rifles of Lake Village.
F—Grant Guards of Northwood.
G—Laconia Rifles.
H—Rockingham Guards of South Newmarket.

The First Light Battery, Section A, is from Dover.

THE RUSSIAN-AMERICAN TELEGRAPH. The St. Petersburg *Borsen Zeitung* says that all preparations on the mainland, and the soundings in Behring Straits, for the completion of the line of telegraph between Russia and America are nearly finished.

SINGULAR ACCIDENT.—Last Saturday, in Cambridge, a school girl, returning from school fell on the sidewalk. A sharp slate pencil which she carried pierced her side, and, it is thought reached the right lung. The pencil was removed a short time after, but the patient lies in a critical situation.

— The Copperheads claim to have carried Delaware in the election of the 2d inst., for Judges and Inspectors of Election.

— It is said that the old line Democrats of Pennsylvania have expressed the desire that Montgomery Blair be withdrawn from the stump in that State.

— About 3000 sheep have just been started from Vermont for Virginia. They will foot it at the rate of ten miles per day, and get their living on the road.

— There are in France 24,000 evening schools, attended by 600,000 pupils, mostly adults; 30,000 teachers are employed, and the establishments are nearly all supported by voluntary contributions.

— Burnam Farren, the clerk who ran away with $200 belonging to his employer in Providence, returned Sunday morning from New Haven, and was arrested by Officer Billings, of the Chief's office. He had "gone through" the money.

— A man whose hand was caught in a steel trap in his neighbor's corn crib in Tennessee was dismissed by the magistrate on the ground that no stolen property was found upon him, and a man had a right to put his hand into a steel trap if so disposed.

— The population of the United States, according to the returns from the census office, is increasing at the rate of a million a year. The Western and Northwestern States are mainly absorbing this added population.

— The proposition made to send from California a section of the "Original Big Tree" to the World's Fair at Paris, is said by Dr. Macgowan to be impracticable, for want of a saw long enough to cut it. The cutting will require a saw 40 feet long.

— There is a general stampede of negroes from South Carolina to other States attracted by promises of higher wages and better treatment. The colored people can obtain better pay in Florida and in the Southwestern States than the South Carolina planters can afford to pay, and they are emigrating by hundreds.

AFRICA.—In a recent address before the British Association for the Advancement of Science, M. du Challiu said Equatorial Africa presented an impenetrable jungle. A mountain range runs parallel with the coast. Only two rivers come from these mountains, and they unite, and flowing into the sea, form there a delta. But few beasts and fewer men inhabit the belt of forest stretching from the coast. The savage gorilla is there, however. The heat is not excessive. In open villages it was 98°; in the forests, from 70° to 80°—the heat being tempered by the moisture. The highest temperature he had seen, in the sun, was 144°. It rains at least 200 inches (?) in the year. The people live in tribes in the most simple innocence, but with a code of laws founded on the *lex talionis*, strictly carried out. They are of course very superstitious, and their belief in witchcraft is the cause of constant and immense slaughter. Polygamy and the slave trade are common to all the tribes, and as there are no evidences of past civilization to be seen, the conclusion is that the negroes of Africa are now exactly what they were in ages long gone by. On the west coast of Africa no single man is chief; the tribe is divided into clans, and justice is administered in a sort of republican manner. The clan is derived from the mother, and this principle prevents the predominance of the male line. There are no cannibals among them. M. du Challiu thinks the negroes will in time all disappear from Africa, giving way to superior races.

MORE CONSPIRACIES.—A special dispatch from New Orleans to the Tribune, dated Oct. 4, says some important disclosures will soon be officially made public in reference to secret rebel societies, which permeate the South. These organizations have branch circles in New York city and at the West. That in New York is said to number 50, principally men who served in the rebel army. Each circle has a different name. Some are known as "The True Sons of the South," others as "The Sons of Arabia"—all well armed with improved weapons, ready at a moment's notice, should a favorable opportunity arise, to renew the struggle for their lost cause. One of the chief members of this organization, now in prison, is said to have made important disclosures. Gen. Sheridan is concentrating troops in New Orleans for important purposes, which will soon be made apparent.

Nine cases of the whipping of negroes have recently been officially reported in the parish of Bienville. One old woman, 70 years of age received 400 lashes.

The following explains itself:

NEW ORLEANS, Sept. 20, 1866.

To His Excellency Governor Throckmorton:—I have just received from Col. Mason his report of the affair which occurred at Brenham, Texas, on the 7th inst., and have directed him to notify Brevet Major Smith that he must not permit himself nor any of his men to be arrested. I respectfully request of your Excellency to do all in your power to allay the excitement there, and I will do all in my power to satisfy the ends of justice in every case, but I doubt if much justice could be done in a community which compels our soldiers to remain inside the defences thrown around their camps. I will have an additional and thorough investigation of this affair if possible, to ascertain if any soldiers were guilty of the affair,—but Col. Mason is clearly of the opinion that those designated for arrest are innocent.

Resp'fy your ob't serv't,
P. H. SHERIDAN, Maj. Gen. U. S. A.

— The King of Hanover has bought a villa at Heitzing, near Vienna, and, having no longer a throne, will live as a private gentleman. He has saved abundant means. It is announced that the Prince Royal of Prussia will rule in Hanover.

— The Springfield Republican says: Sidney G. Miller, the contractor of the extension of the New London Northern Railroad, has failed for a large amount and absconded. Miller is a brother-in-law of Edward Ketchum, the New York forger. The contract had not been remunerative to him.

— A man was arrested in a tomato-patch in Milwaukee on Tuesday, who was eating tomatoes voraciously. He declared he was in Paradise, and on intimate terms with the Lord, who had committed the keys of heaven into his hands. He invited passers by to come into the garden and partake of the fruit which Adam and Eve had prepared for him. He said he was their honored guest. The man was insane.

— The returns of the Connecticut elections come slowly. Of 102 towns, 63 have gone Republican, 33 Democratic, and 6 are divided. The Hartford Courant of Thursday morning says that "the fact becomes more and more evident that the Union Republican party has gained a great and substantial victory. The first batch of returns showed a large increase in the aggregate Republican vote, and this increase is being steadily augmented by further advices."

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty street, New York. 46

Hygienic Wine.

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing for, while it gently exhilarates, it by stimulating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE.

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other Wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

Local.

IN BOARD OF ALDERMEN, Thursday evening, Oct. 4.—John S. Harvey and others petitioned for the acceptance of Hill street. Referred to the Committee on Streets.

Charles H. Marsh resigned his position as watchman, and Charles W. Shannon was appointed to fill the vacancy.

The Committee on City Lands and Buildings, to whom was referred the subject of purchasing the Academy, reported that they have failed to purchase the same, and ask to be discharged from further duties in the matter; and they would recommend that the purchase of the same be indefinitely postponed.

A resolution authorizing the hiring of the Academy for twenty years, at a rent not exceeding $450, was indefinitely postponed.

A joint resolution transferring the appropriation for the purchase of the Academy, was read twice and passed unanimously.

POLICE COURT, Oct. 5.—Sarah Clark, an elderly person of the female persuasion, who disgraced her sex by a drunken orgie on the street, was sentenced to thirty days hard labor in the House of Correction, and to pay costs $4.80.

Henry Richards, a mariner, who pleaded guilty to a charge of drunkenness, was fined $3, and costs $4.80. Ye ancient mariner should stick to the water; 'tis much better adapted to plain sailing than whiskey.

AUCTIONS. — Mr. Wendell sells this morning, furniture, stoves, &c.; and at noon a good house, with large lot, and barn, on Summer Street near Middle, just in the best part of the city.

Betton & Co. sell Varieties, as usual.

☞ Arrangements have been made for a grand clam bake at the Atlantic House, Rye Beach, on Tuesday next, and the many friends of mine host Lougee, are invited to attend on this occasion, which will doubtless afford to all attending a day of pleasure unalloyed. The dinner will be served at 3 o'clock. If the weather is unfavorable, the clam bake will be held the first fair day.

☞ Father Kemp's Old Folks give a Concert of the Old American Tunes on Monday night; all who wish to hear the old music in the best style will go. Not only so, there will be exhibited some of the best modern talent, as an additional attraction.

☞ Hereafter none but first-class post offices will publish lists of unclaimed letters, in conformity to a new regulation of the Department. Therefore no further publication will be made of such letters in the post office of this city.

A written list will be hung up in the office for public inspection.

☞ It is stated in the public prints that the owner of the mare Nellie Locke, winner of the race at Concord, last week, and at Plymouth on Thursday, has been offered $2700 for the animal.

☞ Rev. Frank Maguire will preach at the Universalist Church to-morrow, Sunday, Oct. 7th.

☞ Auct. Wendell, at 10 o'clock will dispose of a variety of furniture, &c.

At noon, he will sell the desirable residence, No. 3 on Summer street.

Betton & Co. have their regular sale of miscellaneous goods at 10 o'clock.

METHODISM IN LOUISIANA. — At a Methodist Conference at Columbus, Ohio, last week, Dr. Newman of Louisiana said that last Christmas they had only 2000 members in that State, while now they number over 7000, with church property increased from a few thousand dollars to $93,000 in value. Though a portion of it came from the Missionary Society, the great bulk of it came from the freedmen. The Louisiana Conference has now thirty preachers, whose field of labor extends along the bayous of the Mississippi, and even as far as Austin, Texas.

BUTTER.—The price of butter is falling materially, owing to the great supply and the impolicy of attempting longer to keep what is boarded up out of the market. In the St. Albans butter market, on Tuesday, summer lots sold for 35 cents. Fall butter brought 40 cents, and some extra lots found ready purchasers at 41 and 42 cents per pound. The Boston Journal is informed that a great quantity of *doctored* butter, in prints, is now in the market, having a tempting look, but in reality very poor stuff.

TAKING A BACK SEAT.—It was a favorite expression of Andrew Johnson, when he succeeded to the Presidency, that rebels should "take back seats" in the work of reconstruction. It looks now very much as if Andy would have to take a "back seat" himself.

— Dan Rice, the circus man, has been running as an independent candidate for Congress in the nineteenth Pennsylvania district, but he has now withdrawn in favor of the Democratic and Johnson candidate, W. L. Scott. The Republican candidate is G. W. Scofield, the present member.

— Fernando Wood, in presenting himself as a candidate for Congress in the 9th District of New York, does not ask to be the nominee of any party, faction or convention. In short, he runs on his own hook, and to obtain a rebuke, as he says, of those who called him a "rebel sympathizer." That is a matter of evidence not to be wiped out by any vote two years afterwards.

— The New Haven Palladium says that the returns of the Connecticut town elections indicate that if the gubernatorial election were to occur to-day, Connecticut would give at least 6000 Republican majority. The Hartford Press says that thus far the Republicans have gained eight towns to the Democrats' four.

Holloway's Pills.—To Mothers.—Thousands of lovely females, in the spring-time of womanhood, have been rescued from an untimely grave by the agency of these medicines—When the sprightliness of the romp is changed to apathy and internal suffering, and the glow of health to the pallor of the sallow and cankering disease, it is a crisis which requires the maternal attention and solicitude, and for which the pills will be found an efficient remedy. They are equally efficacious in the autumn or turn of life—the most critical period of woman's existence.

HOPE.—The Scripture saith, that "Hope is an anchor to the soul, both sure and steadfast." It is the unfortunate's only comfort in adversity, and the star of promise which urges forward the struggling poor man. What is it that gives contentment to that mother who sees her darling child attacked by the ghost of the deadly croup, or suffering from the effects of a consuming cough or violent cold. What is it that wreathes in smiles the lips of that patient consumptive who, though she knows she cannot live, yet murmurs her silent and thankful prayer for ease and relief. What is it that has become a nation's hope from North to south, from East to West, comes but one joyful response—Give us Coe's Cough Balsam. o 1—1w

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. KIDDAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Hallet & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Kidday, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman.

Morning Chronicle.

TWO PRESIDENTS.

Two Presidents go forth.—
And one is on his bier;
He windeth north, he windeth west,
And the People give him no cheer;
But warriors weep, and strong men bow
For the one who is on his bier.

This President goes forth,
Nor stirreth dust nor foot,
And cities rise to welcome him,
But he keepeth ever mute.—
And women wail, and women weep,
For the one who keepeth mute.

Two Presidents go forth,
And one is full of life,
But following hard is a deadly fate
The future cannot hide;
Yet he perfumed to scorn the warning takes,
This one so full of pride.

This President went forth
From a love the people bore,
And a door has clanged behind him
Never to open more;
For he dashed the cup with a faithless hand
The starry crown he wore.

—*Boston Transcript.*

— A Panama paper calls attention to the enormous steam commerce of the Isthmus, there being no less than twenty two large sea going steamers which enter and sail from the ports of Aspinwall and Panama monthly. When the line to China is opened, the Isthmus will be in direct communication with almost every portion of the globe.

— The miserable pride of the drunken "big logan" sticks out of the Chivalry in every direction. The Richmond Base Ball Club will not play a match with a challenging club, and wished not to be considered as members of the National Union Club. Cause, as they say, "We are Southerners!"

— The rival candidates for the State Controllership in Maryland, to be elected in November, are Col. Bruce, Republican, and Col. Leonard, Democrat. The former fought gallantly under Gen. Grant during the war, and the latter commanded a regiment of home guards, and threw away his sword in disgust when President Lincoln issued his emancipation proclamation.

AMERICAN AND FOREIGN PATENTS.

E. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers connected with the Patent Office, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, AGENCIES which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All inventors, at a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners of this whom I have had official intercourse."

CHARLES MASON,
Late Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. E. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is now *pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his practice, made use of two rejected applications SIXTEEN APPEALS, EVERY one of which was decided in his favor, by the Commissioner of Patents.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charged for board and medicine.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three or $1 and a red stamp.

Highly important to Females,

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1835, has for confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 8 P. M.

CERTAIN CURE

in all cases, or No Charges Made. Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

☞ **Caution in Time.**
Persons that desire to use Dr. Herrick's *Oleo Kid Strengthening Pasters*, for young men, also weakness, and distress in five hours, and that has stood the test of experience thirty years, should not confound them with the miserable imitations, red muslin paper, and other worthless preparations called Pasters, offered for sale at all stores, and often given in place of Herrick's. **Dr. Herrick's Kid Plasters and Sugar Coated Pills** are used in the U. S. Army and Navy, are prescribed by Physicians, Hospitals, Alms Houses and Prisons, and startle communities with their wonderful cures. *Five thousand physicians and druggists* have added their testimony to the most *warm praise of Herrick's Kid Plasters and Sugar Coated Pills.* Sold by dealers everywhere.

"Dr. J. Collis Browne's Chlorodyne."
This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body. Thousands of persons testify to its wonderful effects and medical men extol its virtues, using it in great quantities in the following diseases: Consumption, Asthma, Bronchitis, Whooping Cough, Neuralgia, Diarrhœa, Rheumatism, Spasms, &c., &c.

CHOLERA.—Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in CHOLERA was CHLORODYNE. (see Lancet, December 31, 1864.)

CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, No. 33 Great Russell Street, Bloomsbury, London.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing more subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only means of candy purchasers in these stations was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and wholesome coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

GEN. GRANT'S POLITICAL PREFERENCES.—Recently at Hardenburg, New York, Mr. Kerr in making a speech, startled his hearers by the assertion that Gen. Grant was a firm supporter of President Johnson and "his policy." The sensation created by this extraordinary statement was considerably marred upon the proof being called for and produced in the form of a letter to Mr. Kerr from Brevet Brig. Gen. W. S. Hillyer of New York city. Gen. Gresham, not feeling completely satisfied with the proof adduced, wrote to Gen. Grant concerning it, and received the following answer:

"WASHINGTON, D. C., Sept. 19, 1866.
I see from the papers that you have been making a speech in which you pledge me to a political party. I am further in the receipt of a letter from Gen. Gresham of Indiana, in which he says that his opponent for Congress had published an extract from a letter received from you, in which you pledged me to the support of President Johnson, and as opposed to the election of any candidate who does not support his policy. You, nor no man living, is authorized to speak for me in political matters, and I ask to desist in the future. I want every man to vote according to his own judgment, without influence from me.
Yours, etc., U. S. GRANT."

— A man was recently tried and sentenced to imprisonment for life, in New York State, for murder. Subsequently it has been discovered, to the satisfaction of the Judge and jury who tried him, that he was entirely innocent, and efforts are being made to have him released.

— Girls in Egypt are often mothers at thirteen, and grandmothers at twenty-six; and in Persia they are said to be mothers at eleven and grandmothers at twenty two.

Morning Chronicle.

Portsmouth N. H.

MONDAY, OCTOBER 7, 1866.

FAMINE IN BRITISH INDIA.—Calcutta dates to August 7, give further details of the famine in India. The mortality continues to be frightful. A correspondent of the Englishman, who has made a tour of the Mofussil, sends a narrative of suffering and death which has rarely been paralleled even in the history of such calamities. In four villages which he visited there were not ten houses that did not contain one or more dead bodies. In another small place there were four or five hundred dead, most of them unburied. The truth appears to be that the boasted administrative machinery of the Indian Government has completely broken down. Plenty of food has been bought, but somehow or other it does not reach the starving.

☞ Considerable feeling is exhibited throughout Georgia on the subject of repudiation. It is thought an effort will be made on the meeting of the Legislature in November to relieve the people from the payment of certain debts contracted prior to and during the late war. The plea urged for repudiation is the loss of the slaves and the failure of the crops. The amount of property returned in the State for 1866 is $207,000,000; in 1860 it was $620,322,777; loss to the State over $465,000,000.

☞ The Michigan National Horse Fair at Kalamazoo, closed Friday, Oct. 5th. The $1000 premium for the best trotting horse, competed for by Dexter and Patchen, was won by the former in three straight heats; time 2.27, 2.21 3-4, 2.21 1-4. This is the best time Dexter ever made in harness. He failed to obtain the additional prize of $1000 offered to any horse that would beat Flora Temple's time of 2.19 3-4.

☞ There will be a partial eclipse of the sun to-day, which will be visible from 11.10 A. M., till 17 minutes past 12, noon. Only about one-eighteenth of the great solar orb will be eclipsed here, although one-half of it will be under a shadow. Get your smoked glass ready.

BOUNTIES TO SOLDIERS.—It has been published in Copperhead pamphlets and reiterated by presses and speakers belonging to the "my policy" faction again and again that the colored soldier is to get $300 additional bounty, while the white man is to have but $100—that the law equalizing bounties passed last session of Congress makes discrimination in favor of the colored soldier. Many persons having inclined to believe this misstatement so persistently made, the Chairman of the Union County Committee in Lancaster, Pa., recently drew the attention of Hon. Thaddeus Stevens to the matter, who, in a letter dated last Tuesday, says: "There is not one word of truth in it. The law referred to make no discrimination between soldiers on account of color. The word 'white' or 'black' is not mentioned in the law. Indeed, white soldiers are likely to get the $100 bounty under the law of 1861-2, as no colored troops were then in the service."

THE LOST BALLOON.—The balloon which was picked up in Lake Ontario, on Tuesday, ascended from Albion, N. Y.—When it was partially inflated the supply of gas gave out, and the person who was to make the ascension was taking it to the gas works to fill it; but a young man named Collins offered to make the ascension and his offer was accepted. The basket was disconnected, and a board upon which to sit substituted for it. Collins seated himself and the balloon rose. It barely missed striking the spire of a church, and in passing over the canal was reversed, and Collins was dragged some distance through the water—a portion of the time none of his body being visible. The balloon finally rose again and swept through an orchard, and then again came to the ground, whereupon Collins jumped from his seat. The balloon, relieved of his weight, soared away. Collins was somewhat injured.

BOARDED AT HOME.—A gentleman belonging in one of the nearest adjoining towns, with his family, attended the meeting of the American Board at Pittsfield last week, and called upon the committee of arrangements for accommodation. After answering the usual questions as to number to be accommodated and place of residence, he was furnished a card of introduction to a family in North Adams for entertainment, twelve miles further off than was his own home. The gentleman concluded he would furnish his own accommodations.

NORTH CAROLINA.—A gentleman who has lately traveled through North Carolina makes this observation:

"It will be requisite for the people of North Carolina to at once re-establish their school system, broken down by the war, unless they are willing that the freedmen should outstrip the 'poor white' in education, as at present with the Freedmen's Bureau schools, &c., the blacks are getting about all the free schooling afforded in the State. Thus at Raleigh there are fifteen schools for negroes in operation and none for whites."

NEW HAMPSHIRE ITEMS.

—— The Exeter Agricultural and Horcultural Society are to hold their first Exhibition (we presume at the Town Hall) on Tuesday and Wednesday of this week.

—— In the Supreme Court at Concord on Wednesday, Henry A. Wheeler pleaded guilty of attempting the crime of murder by administering strychnine to one John B. Ireland, at Dunbarton, on the 20th of May last, and was sentenced to be confined in the House of Reformation during his minority, to wit: till January 18, 1873, or to hard labor in in the State Prison for the term of seven years.

—— A man named Davis, foreman of the Isinglass Company at Grafton Centre, was blown up and killed Thursday, by the premature discharge of a powder blast, occasioned by putting his drill into a hole containing a keg of powder. Another man named Barney, who was assisting him, had both eyes put out, and was otherwise badly injured, and had all his clothes burnt off him. Davis was 35 years of age, and leaves a wife and one child, aged about twelve years.

—— Peter Curry, of Southboro', Mass., forty years old, had both legs accidentally cut off by the cars at the Dover Depot Thursday forenoon. He had been visiting a sister in Dover, and after going aboard the cars for Boston he stepped on the platform to kiss a little boy, his nephew, and while passing back the train started suddenly, and in attempting to catch hold of the iron railing, Curry lost his balance and fell upon the track, one of the cars passing over him. Both of his legs were amputated by Doctors Horsch, Pray and Stackpole, but the best medical skill could not avail, and he died Friday morning. The unfortunate man's head was badly bruised, and severe internal injuries received. The deceased leaves a wife and four children, and his sad death awakened much sympathy among the people of Dover.

SINGULAR OCCURENCE.—Two months since, a horse belonging to Mr. Rose, the owner of the stage line from Oakdale to Princeton, had his tongue torn entirely out by the roots by another horse, while in the stable. It was at first proposed to kill the horse to put him out of misery, but he was cared for as well as possible, and after only a week or two was in condition to be put to work, and is now doing daily duty on the stage, apparently as well as a horse need be. His food is of course of a semi-fluid character, but there is every indication that his loss will not materially impair his value as a working animal.—*Worcester Spy.*

IMPORTANT ORDER.—General R. K. Scott, commanding in South Carolina, has issued an order which declares that during the season for picking cotton and harvesting rice and corn, and until the crops shall have been prepared for market and divided among those who have produced them on shares, persons will not be permitted to trade or barter in these products, without a writ ten license from the town or city authorities, countersigned by the military officer of the district. The design of the order is to protect the freedmen from being cheated out of their wages.

— Morgan S. Harris, a merchant of New York, proposes that if the seventh regiment should be sent to the exhibition in Paris next year, the commercial men of that city ought to contribute to defray the expenses of the trip, and he heads the list with $10,000.

— Last Tuesday a chimney, 150 feet in height, which the Messrs. Lapham of Millbury, had erected for their mill, was completed, and a party of twenty-five or more of the workmen partook of an oyster supper on the summit. On Thursday afternoon the chimney came to the ground, injuring severely, if not fatally, William Spencer, who was employed near the base.

— A man crazy from the effects of drink got on an engine at Centralia, Ill., while the fireman and brakeman were asleep on it, a few days ago, and started off with locomotive at a fearful rate. The fireman and brakeman, on awakening, appealed to him to stop, but he drove faster and faster, until, to escape from their peril, they knocked him down and secured him. It was a terrible ride while it lasted.

— The Charleston News advises South Carolina to turn her attention to the Constitutional Amendment, as presenting, perhaps, the only remedy for their present condition. The Newbern Times, heretofore an ardent supporter of the Johnson plan, now as heartily supports the Amendment and the radical anti-Johnson candidate for Governor. Two New Orleans papers are looking in the same direction. Truly, there is some progress at the South.

— It is claimed that the salt mines of Nevada are the best in the country. One bed is reported to cover fifty-two thousand acres, yielding two million bushels annually of salt, ninety-five per cent. fine. As deep as any work has gone, the bed is solid rock-salt, and from a depth of thirty-five feet the salt water comes so rapidly as to interfere with the work. The salt water wells up to the surface and overflows the large floor, from which the fine white salt is continually gathered.

Correspondence of the Chronicle.

CHICAGO, Oct. 1, 1866.

Messrs. Editors: — Several years ago, when Chicago was in the "transition state," one of its merchants, as the story goes, had a remarkable vision. He dreamgt that he stood within the pearly gates of paradise; and on being confronted by the recording angel was asked his name and that of his terrestial abode. The aforementioned merchant cheerfully complied, and the records were thereupon carefully examined; but the trader's happiness suddenly changed to horror on being informed that his name had never been registered among the spirits of the just men made perfect! And moreover, he was told that nothing was known in heaven about such a place as Chicago. To substantiate his statement, the white-robed angel called upon all the patriarchs of the antediluvian age, the prophets and the apostles; all the maps and charts were carefully scrutinized, the infallible records again consulted, and the primal decision fully sustained. So the anguish-stricken denizen of the worldly "Garden City" was constrained to turn his back upon the Beautiful Land, and was the only individual from Chicago who ever saw the eternal mansion of the blessed! But happily for the spiritual well-bearing of the Western Gotham, such changes have since transpired within her bounds as to lead us to fervently hope and to fully trust that Chicago is now well represented in the golden streets of the City of Light.

There is nevertheless room for moral improvement in the habits and customs of this people,—as is suggested by the fact that Chicago is celebrated rather for her large and elegant theatres and opera houses than for her beautiful churches.

Fifteen or twenty years since, mercantile men of this city were not noted for financial soundness and stability. During her "minority," Chicago sowed wild oats very freely. Her institutions were exceedingly rickety; her inhabitants were gone stark mad upon speculations in real estate and merchandise; her business men were more sanguine than sagacious; more gifted with "cheek" (*vide* Bartlett's Americanisms,) than capital; more wordy than worthy.

Everybody then believed that Chicago was destined to become a great commercial metropolis; but fate decreed that multitudes should sow here for others to reap. A gentleman who was formerly largely engaged in the grain and produce commission business, informs me that he never dealt with a single Chicago house that did not collapse and cheat him out of every cent they owed him! He avers moreover that this is the way in which this wonderful city was built up,—by financial fraud and consummate cupidity.

On strolling through her crowded thoroughfares, and gazing upon her long rows of lofty mercantile establishments, one is amazed to think that this magnificent commercial centre was little more than a quarter of a century since the undisputed abode of the wolf and the bear,—the site of a splendid city which now wears the mature and finished aspect of Boston or New York.

No city in the land has finer or better conducted houses than Chicago. The New England metropolis might learn a thing or two from her smart Western sister, relative to the most approved system of keeping a hotel.

The Fire Alarm Telegraph put up in this city by Messrs. John F. Kennard & Co., of Boston, is in beautiful working order, and reflects great credit upon Mr. K's ingenuity and scientific attainments.

SAUL.

☞ The Republican State Central Committee of Pennsylvania have issued a circular, in which they say: "We have assurances not to be doubted, that our opponents have given up the election of Clymer, and are quietly trading him off for votes for Congressmen or Legislators, especially in doubtful districts." Yet it is reported that President Johnson, relying almost wholly on the reports of Democratic office seekers, still believes that the elections will result favorably for his policy, and is fondly looking forward to fifteen or twenty thousand majority for Clymer in Pennsylvania, to be followed by a still more signal success in New York.

☞ The New York Evening Post says that at a meeting of prominent Democrats in that city on Wednesday, it was decided to send delegates to Washington to represent to the President that the policy of removing Republicans from office and appointing copperheads was extremely injurious, and ought to be discontinued—at least until after election. The course of the President in respect to various matters was severely criticised.

— Henry W. Corbett, the recently elected United States Senator from Oregon, is a native of Westboro', Me., and went to Oregon from New York fourteen years ago. He built the first frame house that was erected in Portland, and has amassed a large fortune in the mercantile business. He is a strong Republican, and is a decided improvement over Democratic Mr. Nesmith, whom he succeeds.

SINGING SCHOOLS.

Mr. JOY proposes to open FOUR CLASSES in Singing, as follows:

JUVENILE beginners on WEDNESDAY Afternoons: 50 cents per quarter. Class Book—"Merry Chimes."

ADVANCED CLASS of juveniles on SATURDAY Afternoons: $1 per quarter. Class Book—"New Merry Chimes."

ADULT Beginners on MONDAY Evenings: $1.50 per quarter. Class Book—"Harp of Judah."

ADVANCED Class of Adults on THURSDAY Evenings: $2 per quarter. Class Book—"Jubilate."

A good Piano or Organ (as preferred by the scholars) will be played to accompany the singing. No pains or expense will be spared to render these schools interesting and instructive.

These Schools will commence as soon as a sufficient number of names are obtained.

Further information may be obtained by calling at JOY & TILTON'S MUSIC STORE, where names will be received and above books supplied.

Private Instruction (twice a week) $10 per quarter. E. A. JOY.

House and an Acre and a half of Land For Sale.

The HOUSE and LAND on Freeman's Point, owned by Mr. MOSES WEERREN, is offered for sale. The House is a well-built two-story dwelling, 18 by 36 feet, with an L 17 by 12 feet. It contains 8 rooms, conveniently arranged. The situation is one of the finest around the city, rivalling in its extent and variety of prospect the celebrated view from "Lincoln Hill." The terms of sale will be most favorable to the purchaser, and in these days of high prices of building materials, the opportunity to get a well built house in a pleasant situation and superior neighborhood, at a low cost, is well worthy the consideration of any one desiring a house.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, accompany each bottle, without which none are genuine. **Price $1.00.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp), concerning all private diseases and female weaknesses. **Price $1.00 per bottle.**

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits fn its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which has for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by prepared in Paris from the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELIGHTFUL TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA and DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE. In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

☞ The Annual Meeting of the Rockingham Mills was held in this city on Saturday, when the following named gentlemen were elected Directors: Charles H. Dalton, Charles Frances, Henry Sayles and John R. Brewer.

Reported for the Chronicle.

POLICE COURT, Oct. 6.—A certain learned professor of Harvard Medical School often devotes a great part of the hour designated for his lecture, to elaborating some witticism. And yet this same professor once wrote—

"And since, I never dare to write
As funny as I can."

Our good friends of the Journal decline publishing a "witty" report of the Police Court, lest it tend to defeat the ends of justice. Know they not that satire is a more trenchant blade than censure, and that many a man who is insensible to mere blame is keenly sensitive to aught that approaches ridicule?

Nicholas Wilson, in sampling "bricks," got one in his hat. This is known as drunkenness, in legal vernacular, and he was fined $3, and costs $3.86.

Henry McPherson was charged with being drunk, a slur upon his character which he strongly objected to, and against which he employed counsel. He was fined $3, and costs $3.86, from which decision he appealed, and in default of bail was committed to durance.

TRANSFER OF BUSINESS.—It will be seen in another column that Mr. John M. Davis has disposed of his wood yard in Cornwall street to Mr. James M. Thompson. Mr. Thompson has been a faithful and efficient workman in the business of joingering in this city, and we are well assured that his patrons in the new business will be faithfully and most satisfactorily served.

☞ We understand that Mr. Drown, master machinist at the Navy Yard, has been discharged, and that A. Jackson McIntire is under examination to fill the vacancy.

☞ Father Kemp with his Old Folks' Concert Troupe, at the Temple, to-night—and a splendid concert it will be too. To hear Madame Wiley alone, is to our thinking, worth four times the price of tickets.

THE YACHT ALICE.—Thomas G. Appleton, Esq., of Boston, the owner of the famous yacht Alice, built in this city by Mr. John E. Townsend, whose passage to Europe and reception there have already been described, has authorized a challenge to be given to sail the Alice against any yacht of her length in England, and the offer has been made to sail over an inside course of sixty miles, or round the Isle of Wight, or from Cowes round the Eddystone, for a piece of plate valued at two hundred pounds sterling ($1000), one hundred pounds to be subscribed by each party. This offer will remain open until the Alice leaves European waters. This will give the British yachtmen an opportunity to recover the laurels they lost in the triumph of the America—if they can.

☞ Ensign Thomas S. Gay of this city has been detached from the Vandalia and and ordered to the Resaca.

☞ Don't forget the great clam bake at the Atlantic House, Rye Beach, on Tuesday.

☞ The North British Review for September contains: George McDonald's Novels, Sir Wm. R. Hamilton, Recent Humorists, Recent Humorists, Ethics of Aristotle, English Pulpit, Meteorology, George Eliot's Words, Keble and "The Christian Year." American edition furnished at $4 a year, by the L. Scott Publishing Co., New York.

GOLD, Saturday, 149 1-8. Sent to Europe $186,800.

— The public debt was reduced $22,346,226.54 during the month of September.

— Sec. Seward has had a relapse, and is again confined to his room.

— The first silk dress pattern ever made in California, was completed Friday.

— Nearly half a million bathers enjoyed the public baths of Boston, the present season.

— Several gamblers have been arrested in New York on complaint of George E. Stevenson, who charges them with defrauding him at faro of $50,000 since May.

— A U. S. sloop-of-war, supposed to be the Monongahela, arrived at Boston quarantine, on Saturday, with 25 cases of yellow fever on board.

— It is stated that a match for a large amount has been made between Walter Brown and McKiel of New York, the race to be pulled at Newburg, on the Hudson, the present autumn.

— A riot occurred in Philadelphia Friday night. The accounts are contradictory. Three Democratic headquarters were gutted. A number of police, "Republican Invincibles," and "Boys in Blue," were shot. Only one, however, mortally.

Holloway's Pills.—To Mothers.—Thousands of lovely females, in the spring-time of womanhood, have been rescued from an untimely grave by the agency of these medicines—When the sprightliness of the room is changed to apathy and internal suffering, and the glow of health to the sallow hue of cankering disease, it is a crisis which requires the maternal attention and solicitude, and for which the pills will be found an efficient remedy. They are equally efficacious in the autumn or turn of life—the most critical period of woman's existence.

Sold by all Druggists. o6dawlw

— Ladies, if you wish a treat, either go yourself or coax your husband to go to your grocer, and get a few bars of that justly celebrated article, known as the J. Monroe Taylor Gold Medal Soap. We have tried it and know that it is far superior to any soap in the world; it is truly called the woman's companion and friend on a washing day; besides it only takes half as much to do the same work.

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

Portsmouth, Sept. 17, 1866. dawlm

From the Portsmouth Journal

THE OLDEST HOUSE IN OUR STATE.

The oldest house now standing built in Portsmouth, is the quaint brick house on the Weeks farm in Greenland. This is no blunder, although it may seem like one—for at the time that house was built, Greenland was a part of Portsmouth. We can find no written record of the year of its being built, but a family tradition dates its erection in 1638, by the father of Leonard Weeks. Leonard was born not far from that time, and had four sons, John born 1668, Samuel born 1670, Joseph born 1671, John born 1674, Mary and Margaret. From Samuel the present owner of the farm descended. The house was built on the main road—but the straightening of the road half a century ago, throws it on a circular lane several rods on the side. The speckled appearance of the house is made by having black headers scattered among the bricks all over the front. The bricks were burnt in front of the house. The walls of the house are 18 inches thick. It is of two stories, the lower story is 8½ feet, the second 8 feet. The windows were originally of small diamond glass set in lead. Some of them have been in the house within the last fifty years. The timbers used throughout the house and for the roof are all of hard wood. The beams in the cellar are squared 12 by 14 inches. The sleepers are of red oak, about 10 inches in diameter, with the bark on. There are planks on the inside of the walls, and the plastering is on reft wood nailed to the plank. There are marks of the house being injured by an earthquake, probably in 1755. If tradition is correct, this is the oldest house in New England, being 228 years old.

In the old records we find that "On the 8th of Oct. 1663, at a meeting of the Selectmen (of Portsmouth,) at Greenland to lay out the hiwayes a hiwaye laid out from Winecote river falls east or thare aboutes to Samuel Haines is house and from thence the hiewaye is to runne to Hamton hiwaye where it now lies by Ffrances Drake feild which is now inclosed, thes hiwaye is to be tow rod in bredth.

"There is also a hiwaye lade out over against Leonard Weikes house and is to goe through his land soue and by west or thare abouts until it comes to the comon land."

The same year a contract was made for making a foot and horse path through Great Swamp.

It is probable that the early connection with Strawberry Bank was by the river. The house was evidently built as a sort of garrison, with a view of safety from being burnt by the Indians.

Feb. 4, 1660, we find "Leonard Weikes" account for town services allowed. In 1662, he was a Selectman of Portsmouth.

THE STORM.—Friday morning, Oct. 5, our thermometer for the first time indicated 32, the freezing point. The trees are now being decked in their beautiful October dress, the fashion of which was so perfect at the creation that it has undergone no change. When will other fashions of dress become as permanent?

Our weather record shows that 5½ inches of rain fell in Portsmouth in September this year. In Boston the whole amount in September is reported 5.62 inches, or 2.21 inches more than the regular average of the month.

BIRDS.—The Natural History Society of Boston have just been presented by Dr. Bryant of that city, nearly ten thousand specimens of birds, all stuffed and mounted in the best manner, filling two large rooms. This magnificent collection, (the La Fresnay Collection,) was purchased in Europe by Dr. B., and represents every clime and every quarter of the globe.

TRUE TO SOUND PRINCIPLE.—Many excellent men, appointed to office by Mr. Lincoln, who confer honor on the positions they have filled, now feel compelled to resign, that they may not seemingly countenance the wayward course of the President. We notice with regret that the Hon. RICHARD H. DANA, Jr. District Attorney at Boston, has resigned. Mr. Dana has just returned from a vacation trip in Europe, and, no less true to his convictions of duty than able and eloquent in his profession, he refuses to stand even in a doubtful position in this crisis. The country sustains a real loss; for Mr. Dana's talents peculiarly fitted him for the post he occupied, and it is doubtful if a gentleman of equal attainments and experience can be found to succeed him. Prompt action on the part of men like these, speaks volumes of comment abroad as well as at home, upon the ruinous policy of Mr. Johnson.

THE REWARDS.—There appears to be nothing too good for Gen. Dix, in remuneration for lending his influence and weight of character in aid of Johnson and Seward in their war upon Congress, and through its members the people of the North and West, who saved the Government and the Union. 1st. The offer of Minister to Holland, which was declined; 2d, Naval Officer of New York; at home with a fat salary; 3d, Minister to France, second in importance and dignity. It now appears that, for the present at least, the Naval Officer has been preferred. We do not now recollect who it was that was "kicked out," for his accommodation. Retribution may be slow, but is sure to overtake the wrong doer. Mr. Seward should have better judged the people, who are the real sovereigns of the country, and especially in the free States, where education enables every voter to distinguish *right* from *wrong*. His superior, *in office*, all *South* from infancy, may have drawn parallels from his and experience. The squad who will have obtained office, *for a season*, by their *fawning*, will be the only gainers, in this raid upon the people's representatives.—The Ides of October are at hand, when Pennsylvania, Ohio, Indiana and Iowa will speak.

Dr. JOHNSON said of Milton: "He thought we men made only for obedience, and man only for rebellion." Andrew Johnson thinks that the South may rebel and the North must obey.

MR. JOHNSON professes to "stand by the Constitution." We contend he has left it—"in the hands of the people," who will take a precious dead letter care of it than he has done.

☞ **Caution in Time.**
Persons that desire to use Dr. HERRICK'S *Celebrated Long Kid Strengthening Plasters*, Pad and Bandage, for weakness, and distress in the loins, and that has stood the test of experience thirty years, should be confirmed there with the use of the old and worthless medicated paper, and other worthless preparations called Plasters, offered for sale at all corners, and offered in place of HERRICK'S. Dr. *Herrick's Kid Plasters and Sugar Coated Pills* are used in the U. S. Army and Navy, are introduced into most Hospitals, Public Institutions, and Prisons, and startle communities with their wonderful cures. Five thousand physicians and surgeons use them in their families. Ask for them and you get none but HERRICK'S KID PLASTERS AND SUGAR COATED PILLS. Sold by dealers everywhere.

"Dr. J. Collis Browne's Chlorodyne."
This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body. Thousands of persons testify to its wonderful effects and medical men extol its virtues, using it in great quantities in the following diseases: Consumption, Asthma, Bronchitis, Whooping Cough, Neuralgia, Diarrhœa, Rheumatism, Spasms, &c., &c.
CHOLERA.—Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in CHOLERA was CHLORODYNE. (see Lancet, December 31, 1864.)
CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, No. 33 Great Russell street, Bloomsbury, London.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing made so subject to adulteration as these confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocuous and luxurious coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

ODD PEOPLE OF OTHER DAYS.—A correspondent of the New York Observer, writing from Stockbridge, Mass., speaks of the beauty of the country, and mentions the celebrated Jonathan Edwards, after which he says:

Edwards' successor was the Rev. Stephen West, an able but somewhat eccentric man. It is said of him that "his boots and shoes stood in the same place from year to year," and that his "hat, whip and overcoat were uniformly hung on the same nails." For breakfast he always ate a piece of toast of the same size, and drank two and one-half cups of coffee. With tea he ate a little bread, but no delicacies, and, at seven in the evening, he directed his housekeeper (for, as might be supposed, he was a bachelor,) to cook him a bit of meat, measuring the size on his fingers. Occasionally she would cook a little more, sure of having it herself, for he never overstepped his prescribed limits.

One of the deacons of the church, Stephen Nash, was such a venerable man, that once when a little child, in the school here, was asked "Who was the first man?" she answered promptly and honestly, "Deacon Nash."

A few years since there was a somewhat celebrated character here in the person of a colored man, named Aggrippa. He was witty, and his presence at weddings and social gatherings was deemed almost a necessity. He was powerful in prayer, his language was simple and his petitions were peculiarly adapted to the every day needs of his hearers. In speaking of the distinctions existing on account of color (though Agrippa was far from intruding his opinions uncalled for,) he once said: "It is not the *cover* of the book, but what the book *contains*, that is the question. Many a good book has a black cover." Once after listening to a sermon from an eloquent mulatto preacher, as he was coming out of church, a white man said to him, "Well, Aggrippa, how do you like nigger preaching?" "Sir," he promptly retorted, "he was half black and half white; I liked my half, how did you like yours?"

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Bilious Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilious derangement, caused by the malaria of miasmatic countries.
Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be certain remedy. One Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au29—2m

The Mechanic Association's Reading Room and Exchange.
In Cate's Block, corner Pleasant and State sts., is now in its second year, and is regarded as permanently established in that favorable and convenient location; and the managers desire to invite public notice to it and the Association and to the advantages here offered to mechanics, and business men generally.
The reading Room is well supplied with the Newspapers of the day, and is open from 7 o'cl'k A. M. to half-past 9 in the evening. Terms $3 per year. Free to all members of the Association and their apprentices—and strangers visiting the city are invited to visit it at any time.
The Association is open to membership of Mechanics and Manufacturers, of good character, and the advantages are great, at a very small expense.
B. M. PARKER, Secretary.

Morning Chronicle.

Portsmouth N. H.

TUESDAY, OCTOBER 9, 1866.

☞ In New York, Henry J. Raymond declines being a candidate for re-election to Congress. He occupies two columns in the Times in defending his past course. In its letter he claims that he is and ever shall be a member of the Union party seeking his welfare, and striving for advancement and reform, in everything touching the public good through its agency. With the Democratic party, he says, he has nothing in common, and should regard its re-established ascendancy in the government of the country, State or national, as a public calamity. In regard to the use of his name as a candidate for re-election he says:

"There are madv considerations which would render this unwise. My past action does not command the approval of a large body among those who originally gave me their votes; and apart from such approval so far as it can be had consistently withproper independence of personal opinion, a seat in Congress ceases to have for me any attraction, or to offer any opportunity for useful public service; and I shall best consult my own self-respect, as well as the sentiments of my constituents and the interest of the Union cause, by withdrawing my name from the canvass altogether. This involves no special sacrifice on my part, as I shall find opportunities, whether in office or out, for promoting Union principles."

Poor Raymond! a man of handsome talents, and hitherto high standing, he fell into the Johnson mudpuddle, where he has been floundering all summer, and now creeps out in this way, bemeared and chilled, bedraggled and disgraced. He cannot do the "Union cause" much good or hurt, at present.

SAD AND FATAL ACCIDENT.—On Monday morning last, about 10 o'clock, as Mr. Lewis Barton and Mr. George Chase were returning from the fishing ground off Seabrook, the boat was capsized on the bar, and Mr. Barton was drowned. Mr. Chase swam till he was nearly exhausted, and must have inevitable perished, had not he received timely aid from Robert Souther who was ahead in another boat. Mr. Souther, on losing sight of Messrs. Barton and Chase, rowed back and threw a *reel* which was caught by Mr. Chase, who thus succeeded in reaching the shore. Mr. Barton leaves a wife and five children. His body was found on Hampton Beach on Tuesday.—*News Letter.*

NEW YORK NAVAL OFFICE.—The decision of General Dix to give up the New York Naval Office and accept the French Mission of course opens the question again of finding some one to take the place. It is understood that the New York Democratic State Central Committee have the disposal of the office, and that the person whom they select will be appointed by the President. There is no lack of candidates, for it is one of the best offices in the country and is worth about $50,000 per year. Col. Wm. H. Ludlow, Gen. Slocum and Gen. Charles H. Graham are now most prominently named for the appointment.

THE DAVIS FAMILY.—The Jefferson Davis family, consisting of Mrs. Howell, mother of Mrs. Davis, a younger sister of the latter, unmarried, and two boys and a girl, children of Jeff., the oldest a boy not over fourteen, are living at Montreal in a plain, quiet way. Since their sojourn in Canada they have been at times in very straitened circumstances. They are very bitter against the United States, and fear that Canada will be annexed. They admire the distinctions of caste which prevail in Canada.

YALE COLLEGE.—The faculty of Yale College having determined to reform matters in that institution, forbid the students sitting on the fence at the corner of College and Chapel streets, or collecting in large numbers there. Thereupon the indignant students tore up the fence for a long distance and scattered the materials in every direction. The senseless and barbarous custom of hazing has also been partially broken up.

☞ The Congressional elections present an issue between the people and Andrew Johnson, not between Congress and the President. And the issues which the people have with their traitorous, usurping servant in the White House is the simplest ever presented as a national canvass. It is: "Shall the country be governed by those who fought to destroy it, or by those who fought to save it? Shall it be governed by its friends or its enemies?" That's all there is of it. Andrew Johnson's purpose is to put the Government into the hands of unchastened, unrepentent, malignant rebels. The people, through their loyal Congress, oppose this crime.

☞ On Saturday night there was a drunken row on Saco Bridge, terminating in a hard fight, in which one Charles Spear was so badly beaten that he died on Sunday. A coroner's inquest has been held and five rowdies arrested.

☞ The N. Y. Herald's New Orleans dispatch says the Times of that city severely denounces Mayor Monroe, and is preparing to support the Constitutional amendment.

—— In Concord, Friday afternoon, a heavy cart ran over the arm of a young man named Rowe, cutting it nearly off near the elbow.

—— Mrs. Wallace, a lady noted for her generosity and benevolence, died at Canaan on the 1st inst., aged 76. She was an aunt of Asst. Sec. G. V. Fox, of the Navy.

—— A physician from Manchester, recently captured forty-seven muskrats, one morning before breakfast, at Plymouth. Phew!

☞ At Baltimore, on Sunday forenoon, a meeting of the Plenary Council of the Roman Catholic Church in the United States, assembled at the Catholic Cathedral. All the members of the Council were present, viz: 7 Archbishops, 38 Bishops, 122 Priests, Heads of Orders, Doctors of Divinity, 74 Ecclesiastics, 4 Monks, and 3 Mitred Abbots. A procession was formed at the Archbishop's residence and moved to the Cathedral. There was an immense gathering in the streets. The Cathedral was packed. One hundred vocal and instrumental performers participated in the music.

Archbishop Purcell of Cincinnati, celebrated the Pontificial high mass. Archbishop McCloskey of New York, preached a sermon from the words, "Glorious things are spoken of thee, O city of God." The services lasted from ten A. M., to three o'clock in the afternoon. The Synod was then formally opened by Archbishop Spalding, the apostolic delegate, who addressed the council in latin. The procession then reformed in the same order and paraded through the streets to the Archbishop's residence.

☞ The copperhead rioters in Philadelphia, who attacked the Republican Invincibles on Friday night, came off second best, and had the misfortune to get their headquarters cleaned out in mob style. On Saturday night, the riots were renewed. A dispatch says:

The Democrats held a general mass meeting in Broad street and were not molested. Subsequently a portion of them advanced toward the Republican headquarters, against which threats had been made during the day, and were attacked by a crowd of people armed with clubs, and put to flight. In this affair one man was shot. At 1 o'clock in the morning a Democratic organization, called "White Boys in Blue," made a demonstration against the headquarters of the Republican Soldiers' Association. The police came on the ground, and being pelted with brickbats and fired at, drew their revolvers and drove their assailants several squares, after which the city was quiet.

☞ From the publishers, T. Ellwood Zell & Co., Philadelphia, we have a copy of "Mackenzie's Ten Thousand Receipts," an admirable book of reference, of which the Philadelphia Press says:

This is a domestic cyclopædia, of nearly 500 pages, in new type, small but clear.—We are assured that two years' labor, by very competent gentlemen, has been bestowed upon this enlarged and improved edition, and can well believe it. There is scarcely a subject connected with the useful and domestic arts about which a seeker for information cannot find what he wants in this book. The most recent improvements and discoveries, up to October, 1865, when the work was stereotyped, have been included. The quantity of information in this volume is very great—so far as we have tested it we can vouch for its accuracy. As a work of reference, it has been made complete by the addition of a copious index.

The work is sold by subscription only, at $4 a copy. Agents wanted.

☞ On Saturday night in New York city, a fire destroyed the third, fourth and fifth stories of the large building, No. 44 Crosby street, occupied by Messrs. Vogt & Co., porcelain and glass ware dealers. Loss $200,000; fully insured. The lower stories, occupied by C. Godfrey Gunther, fur warerooms, damaged $50,000 by fire and water. The building was owned by Mr. Gunther, and with the stock was insured for $500,000. The sparks set fire to the wooden railing on the eaves of St. Patrick's Cathedral on Mott and Mulberry streets, which spread to other parts of the building, soon reducing it to ashes. Many of the paintings and other valuables were saved. Loss $50,000; insured. Many valuable frescoes and the large organ were destroyed. The cathedral was built in 1811.

DECLINES THE POSITION.—The Rochester Courier learns that the Salmon Falls Post office has been offered (by somebody at Great Falls, Dover or Portsmouth, who seems assured of its control,) to Mr. Nahum Yeaton of that place, with the "condition precedent" that he shall be a Johnson man; for all of which Mr. Yeaton feels duly grateful, but very respectfully declines the appointment. Mr. Yeaton is a returned, wounded soldier, who has served faithfully in the Union army, and he has not forgot ten the lessons taught him there.

☞ Adolph Prager, a Boston shopkeeper who was shot about a fortnight since by his clerk, died of the wounds he received at the Massachusetts General Hospital, Sunday night, after intense suffering. Rounds the clerk, will be arraigned for murder at an early day.

SOUTH CAROLINA.—Gen Sickles has issued an order providing as follows:

First—All cases are to be remitted to the United States Courts of which they have legal cognizance.

Second—Inasmuch as the State Courts are now open to all persons with equal civil rights therein, without distinction of color, all cases, civil or criminal, in which the parties are civilians, must be turned over to the State tribunals, and all civilians now in military custody will be surrendered to the Sheriff of the district in which the alleged offence was committed.

Third—Military Provost Courts will be discontinued in the several districts as soon as the District Courts are organized, excepting Hilton Head and the Sea Islands.

Fourth—Jails are to be restored to the Sheriffs.

Fifth—Corporal punishment is prohibited except in case of minors.

Sixth—The State laws against vagrancy may be enforced.

Seventh—No prosecution or suit will be allowed against any Federal officer or soldier for acts heretofore done in a military capacity.

Eight and Ninth provides that District Commanders shall report any failure of the civil tribunals to give protection to persons and property and shall arrest persons charged with offences against the inhabitants of the United States, irrespective of color, when the civil authorities fail to do so.

Tenth—District Commanders are enjoined to extend due facilities and protection as heretofore to the Freedmen's Bureau agents.

Eleventh commends to the people of South Carolina, the patient, considerate and impartial execution of the laws toward the class of persons recently clothed with civil rights, so that no occasion may hereafter arise for the exercise of military authority in matters pertaining to civil administrations concerning the freed people.

JOHN SHERMAN'S EXPERIENCE WITH THE PRESIDENT.—Senator John Sherman of Ohio, in his recent speech at Cincinnati, relates the following, by which it will be seen that Senator Sumner is not the only man who has found Andrew Johnson's assurances contradicted by his acts:

"After the difficulty about the Freedmen's Bureau bill, after the Civil Rights bill had pass d, I went to President Johnson myself under peculiar circumstances. I had been invited by the Union men of Connecticut to make a speech in their approaching canvass. It was circulating all over the country that Mr. Johnson was about to prove false to his party and false to his country, and that he was about to use the vast patronage of his position to injure the party that placed him in power. I thought I would ask him if there was to be such a conflict as that. He received me kindly, and we talked over the whole matter two or three hours. I will not undertake to say precisely what was said by the President or by myself in this conversation, but I say to you, on my honor, that he left the impression on mind as clear and as strong as your faces now appear before me, that he would approve the Civil Rights bill and sign it; further, that if any controversy sprung up between him and Congress, he would never appeal to the rebels and Copperheads to come between us. (Cheers.) He expressed his desire that I should go to Connecticut, and I went in the full wish that there would be no further controversy between the President and ourselves. The only stipulation that the President spoke of was this: He said he wanted the radicals, as he called them, to abandon negro suffrage and the doctrine of State suicide. If these were given up by that portion of the Union party, he said he expected to approve the Constitutional amendment to be reported by the joint committee. That was the position of Andrew Johnson then. I went to Connecticut, and what was my surprise and mortification when I returned, a few days afterward, to receive from the same President his veto against the Civil Rights bill, and to learn that before and at the time he held this conversation with me, he was co-operating and combining with the Copperheads in the State of Connecticut for the defeat of the Union candidate."

A NEW TEST OATH.—It is said by gentlemen well informed that a test oath is to be presented to all men in office under the Government at Washington and elsewhere—that all will have to take it or walk the plank. It is intended to compel all men in office to support Andy Johnson and "my policy." It is to be so stringent that none can dodge it.—*Burleigh.*

[More good ground for impeachment of an insane or tremendously delirious President.]

☞ The Third Parish in Portland, who tried to settle a minister whom the councils would not instal, because of a heretical doubt, (whether sinners are to be annihilated or punished without end,)—lost their house in the great fire of July 4. At a late meeting they resolved to make an effort to rebuild.

— Capt. Simmons J. Shaw was accidentally shot and killed in Rapides Parish Louisiana, last week, by a lady whom he was training to use the pistol.

Flashing in their pearly sheen,
From the glorious coraline,
See those Teeth untarnished!
White alike, the back and front,
Yet, by the Fragrant Sozodont,
May beauty's mouth be garnished!

IMPORTANT.—The fact cannot be too often stated, or too strongly urged upon the public, that the majority of the Saleratus in the market is not only *very unhealthy*, but actually a slow poison, causing teeth to decay, and bringing on dyspepsia generally. Thanks to science, skill, perseverance and energy, that the man still lives who invented Herrick Allen's Gold Medal Saleratus, which has and is still doing such great wonders in the culinary department. We say that one trial will convince the most skeptical that there is none other to be compared with it. Most of our Merchants have it for sale. Their depot is 112 Liberty Street, New York. 47

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

NEW SHIP.—We give notice to-day of the launching of the new ship, unnamed, from the yard of Messrs. Tobey & Littlefield. This ship, now in the market *for sale*, is a superior white oak built ship, of the following dimensions, viz: 183 feet in length on deck, 36 1-2 feet wide, 23 1-2 feet deep, and of about 1200 tons burthen. Her frame is of New Hampshire white oak, well seasoned before being covered. The planking inside and out is of the best quality *white oak;* and in every part the material used was of the best quality—*square bolted and through treenailed* from keel to gunnel. In model she is a duplicate of the ship "Coronation," built by Messrs. T. & L. in 1863; her sailing qualities and carrying capacity have therefore been proved—and she can be safely estimated to carry 1700 tons dead weight, or 2200 tons Calcutta goods on 22 feet draft water. She will rate in the first class with French Lloyds, and will be a serviceable and durable ship. She is to be immediately rigged and fitted for sea, which will take about one month. The attention of ship buyers is respectfully called to this fine vessel.

LYCEUM.—We learn from Mr. J. H. Head, the Lyceum Manager, that he is in correspondence with the following speakers and readers, with a view of making engagements for the Lyceum Course, this season. A selection from such an array can not fail to make up one of the finest lists of speakers ever brought out here, and with the usual gratuitous additions of musical entertainments, we shall have a course of high order. The moral effect of a good course of Lyceum Lectures on the rising generation is incalculable, to say nothing of the good impression they leave on the community at large. We hope the course will be well patronized, and a general interest taken in it.

☞ A painter accidentally dropped a heavy shutter from the upper story of Messrs. Stephen H. Simes & Co.'s store on Market Street, a few days since, which struck Mr. James C. Brown on the knee very severely; and his escape from greater injury was very narrow.

A brick fell from Congress Block, Monday afternoon, and striking Mr. Thomas Spinney on the front part of the head, inflicted a severe wound, though not disabling him. It would seem he could have hardly come nearer death and escape it.

☞ Mr. Lane of Candia, Route Agent on the C. & P. Railroad, who has laid us under numerous obligations for fine fruit and vegetables, has placed upon our table a lot of fine Baldwin and Greening apples, measuring from 10 1-2 to 10 3-4 inches in circumference. Also a fine Red Russet, a cross between a Baldwin and Russett.

☞ The Philharmonic Society hold their regular Rehearsals on Tuesday Evenings at half-past 7. The best rehearsal they have ever had was that of last week,—consisting of several splendid selections from their new book.

SHIP LAUNCH.—The new ship, of about 1200 tons, will be launched from the yard of Messrs. Tobey & Littlefield, at Noble's Island, this (Tuesday) afternoon, at one o'clock.

THE CARTER ZOUAVE TROUPE will give a varied and pleasing entertainment, at the Temple, this evening. The troupe has been increased to thirty, and the attractions they offer are great.

OUR PROPHETIC SECRETARY.—When the President and Mr. Seward were at Auburn, a select party dined with one of Mr. Seward's old and fast friends. Among the guests was the Mayor of Auburn. Mr. Seward talked politics and "my policy" during dinner. He confidently stated to the President that he would carry the Empire State by a majority of not less than 50,000, and pointed to the popular ovation as proof of the uprising and drift of the people. Mr. Seward appealed to the Mayor to confirm his prediction. But His Honor did not agree with Mr. Seward. He said the ovation was to the office of President, and not in support of his policy. He he knew the men then present, and in his judgment, New York would give a verdict against him of full 40,000. The President seemed greatly surprised at the Mayor's statement. All agree that Mr. Seward's visit home was one of deep mortification to him. His old friends received him with marked coldness. And the same men who, on his last visit home, made a line from the cars to his house and removed their hats while he passed, stood aloof at this time and looked on coldly, without participation in the Presidential pageant.—*Burleigh.*

☞ W. Usher, in the employ of N. P. Sanborn, roofer, while engaged in removing a scaffold from a building on Harbor street, Salem, on Friday, fell from the third story window and was instantly killed. His son was at work with him, and had just warned his father to be careful or he would fall, when he was shocked by the fulfilment of his prophetic warning. The deceased was a native of New Hampshire, but had resided in Salem a number of years.

☞ A fire in Boston, Sunday night, destroyed the store of King & Co., corner of Milk and India streets; loss $75,000. Insured $62,000. No doubt incendiary, to cover robberies, as neighboring stores had been entered.

The wretch had insured them for $40,000, and reckoning on the vessel taking fire at sea and being utterly destroyed. He would have cleared $40,000, and—God help sailors and passengers!

Holloway's Pills.—To Mothers.—Thousands of lovely females, in the spring-time of womanhood, have been rescued from an untimely grave by the agency of these medicines. When the sorrightliness of the romp is changed to apathy and internal suffering, and the glow of health to the sallow hue of cankering disease, it is a crisis which requires the maternal attention and solicitude, and for which the pills will be found an efficient remedy. They are equally efficacious in the autumn or turn of life—the most critical period of woman's existence.

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!
ALL READY FOR THE FALL TRADE.
The Best Cook Stove Out!
URIAH BLAISDELL,
No. 43 Market Street,
Offers to his friends and the public the celebrated
KEARSARGE
COOK STOVE,
Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.
In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the founder could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.
A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

Portsmouth, Sept. 17, 1866. dawlm

Morning Chronicle.

☞ While President Johnson professes to be filling the Federal offices with old soldiers—which is only true in part—his Democratic accomplices are bringing forward a class of virulent Copperheads: in the Third Congressional District of Pennsylvania, the Democratic nominee is Charles Buckwater, who said in a speech two years ago:

"I would sooner shake hands with that noble patriot, Clement L. Vallandigham, than with that black-hearted traitor, Abraham Lincoln."

In the Ohio Seventeenth District is a Democratic nominee, Louis Schaefer, who not long ago sent Henry A. Wise $100 for an orphan asylum in Richmond. In a published card about the matter, he says:

"In conclusion, I would merely add that I have never voluntarily contributed a farthing, nor ever spoken one encouraging word in favor of either of our late abolition rebellions, one headed by John Brown and the other by Abraham Lincoln."

The Democratic nominee in the 9th Ohio District, Thomas P. Finnefrock, publicly declared in 1862:

"The war was brought on by d—d black abolitionists—it was a d—d black abolition war—the Northern soldiers were a pack of bloodhounds, chasing down and murdering the people of the South—the South was right, and the North was intruding on the rights of the South."

The list might be extended, but this will do for the present. Here is a class of men brought again before the public who are, and ought to be, "odious" to the loyal masses, and who ought to be made to "take back seats." And yet they appear now in full party fellowship with those who make a great ado about carrying out the policy of "the lamented Lincoln!"

Important to the Afflicted.

DR. DOW continues to be consulted at his office, 7 and 8 ESSEX STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.

SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your case. Dr. Dow has also for sale the French Capotine, warranted the best preventive. Order by mail: Three or $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Important to the General People.

Next to the common articles of daily food, fruits, are those things in more universal use than candies; and unhappily there is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. It is a knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innocuous coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market. *Boston Journal.*

"WE ARE IN FAVOR OF NEGRO SUFFRAGE AS THEY SUFFERED IN NEW ORLEANS."—This was one of the transparencies unblushingly carried in the great *radical* rebel demonstration through the streets of Baltimore on Thursday night, and applauded to the echo when it was presented to the meeting in Monument Square. This is the sentiment of the party unwittingly proclaimed by one of its transparency manufacturers. Death to the negro was the sentiment of the demonstration, and it was carried out throughout the route of the procession by the throngs of boys armed with clubs who paraded the sidewalks. Negro men, women and children were indiscriminately knocked down wherever they showed themselves on the streets, and in some instances servant women and children were chased into the houses, amid the plaudits of the torchbearers of the procession.

Numerous transparencies in the procession encouraged this foul spirit of brutal vengeance on the unoffending and almost defenceless negro, and had any one of them undertaken to defend himself from insult and abuse, it would have been proclaimed by the Sun as an outrage by negroes on white people, as it did with the recent camp meeting riot. They deny the negro not only civil rights, but the right of self-defence and self-protection from the assaults of ruffians who acknowledge no law but their own brutal passions and prejudices.

Such banners as those presented to the people on Thursday night show that the sentiment and feeling of the rebellion still exists among those who have been registered by Gov. Swan, in defiance of the Constitution and the laws of the State. They applaud the New Orleans massacre, as they did the massacre of the negroes at Fort Pillow, and they denounce the Congress of the nation with all the bitterness of their rebel coadjutors at Richmond, Charleston or Memphis.—*Baltimore American, 29th ult.*

[It is the rebel copperhead element, warmed into life by the Johnson policy, and stimulated to action by soothing syrup.]

☞ The Portland Press records what it calls "one of the wonders of the world" in the case of a woman who has just died in the almshouse in that city, at the age of seventy years. Disappointed in love in early life, she made a vow never to speak another word during her life; and during the thirty five years she has spent in the Portland poorhouse, she religiously kept her vow, until death sealed her lips, not uttering a single intelligible word during all that time. The Press says that she remained in full possession of her vocal faculties throughout the silent years, but does not explain how that fact is known.

LAND IN NEW YORK.—The Park National Bank at New York has lately paid $350,000 for a couple of lots of land with a frontage of fifty nine feet upon Broadway. The lots join the location of the new Herald building, and the bank will erect upon them a large and costly fire-proof building of marble and iron.

THE ELECTIONS.

Considerable interest was manifested in the result on Tuesday night of the elections held that day in Pennsylvania and elsewhere. A large number of gentlemen impatiently awaited the telegraphic dispatches, but nothing was received until a late hour. We give below all received up to half past 12 o'clock, when the lines were closed. They are very meagre, but show the Keystone State to be still Republican in politics:

11 P. M.—Philadelphia has elected four Republican Congressmen out of five, and shows an aggregate loss of 2500 for the Republicans in the city,

11:30 P. M.—Philadelphia gives Geary 4000 majority, Alleghany County 9000. Geary will have 20,000 majority in the State.

Half-past 12.—Forney's *Press* estimates the Republican majority in the State at 15,000. They have gained two Congressmen—Coke in the Tenth District, and Koontz in the 16th. Among the Congressmen elect are Kelley, Taylor, Myers and O'Neil.

GAS DIRECT FROM THE COAL REGIONS. The New York Herald describes a project for the construction of gas works in the coal regions, for the supply of that city at more reasonable rates than those at present exacted, which, it says, has received the indorsement of some of the most noted practical engineers. The conducting of gas from the mines to the city by pipes, the mines being much higher than the city, is an obstacle which was thought could not be overcome; but it is proposed to obviate this difficulty by receiving the gas in New York by suction instead of by pressure at the mines, and this will enable the work to be performed with small pipes. The expense of laying two sets of pipes a distance of one hundred and fifty miles will not, it is said, be much greater than the construction of a railroad of the same length. A capital of $10,000,000 will complete the works, including gas reservoirs in that city, and will in the end, be a saving of millions to the inhabitants.

ANDREW JOHNSON AND THE STARVING IRISH.—The Detroit Post has exhumed the following fact in Andrew Johnson's record: In the winter of 1846—7, during the Irish famine, it was proposed in Congress to appropriate a sum of money to purchase corn and flour to send to the starving people of Ireland. The bill passed the Senate and came to the House, where its title was read, when Andrew Johnson of Tennessee objected to it on the ground that it was "unconstitutional" to feed starving Irishmen and women, and moved to lay the bill on the table. When this vote was taken Andrew Johnson voted to lay the bill on the table. In spite of Andrew Johnson the American people did send several ship loads of corn and flour to Ireland to aid the starving people of that island.

☞ The former law-partner of Mr. Lincoln, the Hon. Wm. H. Herndon, made a speech in Springfield, Ill., the other evening, in which he proved to his own satisfaction that Mr. Andrew Johnson was the personal and political enemy of the late President during his entire Administration. If Mr. Herndon is to be believed, then the consistency of the President's inconsistencies is perfect.

— The Montreal Witness says a man at St. Athanase applied coal oil to a fresh cut on the wrist, and immediately after he felt a burning sensation and the arm began to swell; in about six hours the swelling extended to the body, and he died in two days. He said he felt as if his whole body was burning.

— The *Springfield Republican* says a couple of young ladies attending school at the Wesleyan Academy, at Wilbraham, who had often been reproved for wrong doing, were expelled the first of this week; and deeply feeling their shame and disgrace, took each a dose of laudanum and came near dying. They belong in Boston.

— Thirty-three years ago, the New Bedford Standard says, a girl left her mother in that city and went elsewhere to seek her living. News of her mother's death subsequently reached her, and she resolved to remain away. Recently she heard that her mother was still alive, and she returned to greet her parent after the absence of almost a common lifetime.

— De Bow's Review, always regarded, and justly, as the leading periodical of the South, argues that the *workingmen of the North* caused the war by their votes, and should, therefore, pay the entire national debt. No doubt, if the Southern States should be admitted upon Mr. Johnson's cringing policy, their representatives would be in favor of carrying this argument to its logical result. We shall soon hear what the workingmen of Pennsylvania, Ohio, Indiana, and Iowa think of this insolent proposition.

SHIPWRECKS.—Last week there was a severe storm on the Southern coast. The steamer Evening Star, from New York for New Orleans, foundered 180 miles east of Tybee, with 250 passengers and 50 of the crew; five of the crew and Frank Gerard, a passenger, were saved. A boat from the steamer Evening Star has arrived at Fernandina. It left the steamer Evening Star with 18 persons, including Capt. Knapp, one lady and a child. The boat capsized nine times; at the sixth time the captain was lost. As the steamer Sylvan Shore left Fernandina a boat was reported to be coming in with the purser and engineer of the Evening Star. Four boats left the steamer as she sunk. The other two are supposed to have been swamped. The schooner S. J. Waring from New York for Apalachicola, put in to Savannah. She brought the Chief Engineer, Purser, two passengers and six of the crew of the Evening Star, who were picked up at sea.

The Evening Star sailed from New York for New Orleans a week ago last Saturday, having on board nearly one hundred Cyprians collected in the Northern cities for a winter's campaign in New Orleans and Havana. They were accompanied by several of the wealthiest and most celebrated keepers of houses of ill-fame in those two cities.

The British steamer Queen Victoria foundered at sea on the 4th inst., during the recent storm, in lat. 33.03, lon. 70.30. The passengers and crew were picked up on the 7th, by the brig Pomfret, from New York. Thirty-five of them were transferred next morning to the steamer James Garay, from Wilmington to Baltimore, which arrived in Chesapeake Bay in the afternoon. Two lives were lost. The engineer died from exposure, and the mate was washed overboard. The storm commenced on the 2d, and the steamer sprang a leak on the morning of the 3d.

THE SOUTHERN LOYALISTS.—The ex-rebels and copperheads have a bitter spite against these men. A St. Louis dispatch of Oct. 8, says: Col. Bingham, one of the Southern Loyalists, who was not allowed to speak in Cairo on Friday night, publishes a card, in which he states that the mob present at the meeting were armed with bowie knives and revolvers, and came to the meeting for the purpose of inaugurating a bloody tragedy, after the New Orleans fashion, on the slightest provocation.

The delegation, which is supposed to include Parson Brownlow and Gov. Hamilton, came near meeting with a frightful accident on their way to Cairo. The train on which they were said to be was thrown off the track while on a high embankment eighty miles above Cairo, at two o'clock on Wednesday morning last, by the removal of two rails, which threw the engine from the track, killing the engineer and badly wounding the fireman and four others. Indications all point to this act as a most wicked and deliberate attempt to kill Parson Brownlow and Gov. Hamilton. The whole Southern delegation have arrived safely.

A violent attempt was made to break up a meeting of Irishmen in Mozart Hall Saturday night. The meeting was called in the interest of the radicals.

NEGRO DISTURBANCE.—A Memphis, Tenn., dispatch of the 8th, says:—

A serious disturbance occurred on Cat Island, 25 miles below here, on Saturday. About 50 negroes armed themselves and started out with a determination to slaughter all the whites. They first encountered Henry and Ike Turner and commenced firing on them. The latter returned the fire with revolvers, killing Bill Dixon, the leader, and another negro, and wounding three others. The negroes then fled. Henry Turner was slightly wounded in the head. The whites in the neighborhood then armed and went in pursuit, but after the death of their leader the negroes scattered through the country. Parties are now here in search of some of the ringleaders.

[The dispatch, coming from *Memphis*, exactly at this time, seems to have been arranged for effect on the Tuesday elections. We shall hear more about it.]

AT THE N. E. TEMPERANCE CONVENTION, in Boston, Senator Wilson of Massachusetts made a good speech in regard to the difficulty of refusing to drink with friends; Mr. Wilson said he had never met with trouble. In 1845, when he had visited Washington with petitions from 60,000 citizens of Massachusetts, protesting against the annexation of Texas, Mr. Adams made a dinner in his honor. On that occasion Mr. Adams asked him to join him in a glass of wine. He felt embarassed to say no, but he said to Mr. Adams, "I never drink wine." That had settled the question as far as he was concerned, and he had no difficulty since, though he had sat at table with Members of the Cabinet and Ministers of State. He would further say that he had never observed a look or word of disrespect in consequence. Cheers were given for the speaker at the close of his remarks, and a resolution adopted that his address be printed in tract form and generally circulated.

— It is beauty's privilege to kill time, and time kills beauty.

NATIONAL THANKSGIVING.—President Johnson, on the 8th of October issued the following *Proclamation:*

Almighty God our Heavenly Father has been pleased to vouchsafe to us as a people another year of that national life which is an indispensable condition of peace, security and progress; that year, moreover, has been crowned with many peculiar blessings. The civil war that has been so recently among us has not been anywhere re opened, foreign intervention has ceased to excite alarm or apprehension, intrusive pestilence has been benignly mitigated, domestic tranquility has improved, sentiments of conciliation have largely prevailed, and the affections of loyalty and patriotism have been widely renewed. Our fields have yielded quite abundantly, our mining industry has been richly rewarded, and we have been allowed to extend our railroad system into the interior recesses of the country, while our commerce has resumed its customary activity in foreign seas.

Now, therefore, I, Andrew Johnson, President of the United States, do hereby recommend that Thursday, the 29th day November next, be set apart to be observed everywhere in the several States and Territories of the United States by the people thereof as a day of thanksgiving and praise to Almighty God, with due remembrance that in his temple doth every man speak of his praise. I recommend, also, that on the same solemn occasion we do humbly and devoutly implore him to grant to our national councils and to our whole people that divine wisdom which alone can lead any nation into the ways of all good. In offering these national thanksgivings, praises and supplications, we have the divine assurance "that the Lord remaineth a King forever; those that are meek shall be guide in judgment, and such as are gentle shall be learn his way; the Lord shall give strength to his people, and the Lord shall give to his people the blessings of peace."

☞ The Boston Advertiser's Washington correspondent, in his dispatch of the 8th, says:

General Grant to-day, in a conversation with a prominent Pennsylvanian regarding the Pennsylvania election, reiterated his published statements that "any soldier who votes for Clymer disgraces himself," and frankly declared himself opposed to placing important political trusts in the hands of those who oppose the war and rendered aid and comfort to the enemy.

☞ Chas. Wilkinson is in jail for killing Chas. Spear at Saco,—and Hartley I. Lewis and Chas. A. Edgerly are in jail as accessories.

☞ Read what the editor of the Cincinnati Times says of ALLEN'S LUNG BALSAM:

A REMARKABLE CURE.—Mr. Samuel Lewis, one of the old Pioneers of Cincinnati, was very long, apparently, in the last stages of consumption, when some kind friend recommended him to use ALLEN'S LUNG BALSAM. He did so, and immediately commenced recovering, and is now able to attend to business. He says: "In truth, I may say it has saved my life." Mr. Lewis is well known in Cincinnati, and the fullest confidence may be placed in his statements. It is due, therefore, to the community, especially those suffering under this terrible malady, that the fullest publicity be given to such marvelous cures, that other sufferers may avail themselves of the remedy. With pleasure, therefore, we refer to this cure.

From our knowledge of the merits of this excellent Balsam, and what we hear of its merits, we think it should be at once used by all persons suffering from a cough, or any pulmonary complaint. We hear that many far advanced in consumption have been cured by its use.

— The manufacturers of the J. Monroe Taylor Gold Medal Soap have signally succeeded in placing that valuable article foremost of all the soaps in existence, and we congratulate them upon the eminent success which has already crowned their efforts. It should be in every household from the Atlantic to the Pacific. It is indispensably necessary for the comfort, pleasure and happiness of every family in the land, and the mitigation of a very heavy burden upon womankind; try it and you will ever buy it. OREGON.—A dispatch from Salem, Oregon, states that in the House of Assembly Mr. Humsdon offered a series of resolutions, declaring the action of the House in ratifying the Constitutional Amendment before the admission of members of Grant county to their seats was fraudulent, and by aid of one Union member the resolutions were adopted by the following vote: yeas 24, nays 23. The Secretary of State was then requested to transmit a copy of the resolutions to Secretary Seward.

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Mothpatch, (also called Liver-spot) and Lentigo, or freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Lyon's Periodical Drops!
THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other female remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world, for the relief of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when they may not, should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn, who can be consulted after personally, or by mail, (enclosing stamp,) concerning all the various complaints and female weaknesses. **Price $1.50 per bottle.**

Sold by Druggists everywhere.

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS most astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other Wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation —thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. V. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

☞ Mr. John Stokell, the Merchants' Row butcher and grocer, has within a few days cut up—among the pile of provisions he disposes of, one the fattest and handsomest yoke of cattle we have seen in our market for a long while. But seeing that their plump necks had not worn harness for a year or two, it is hardly in order to call them a "yoke," after all, so let's style them a pair. Prime beef they were, at any rate; and part of one carcass may be procured at the shambles to day. Don't you let that "tip"-top cut of ours go again, Stokell.

FATAL ACCIDENT.—On Tuesday morning the nine o'clock freight train from this city to Great Falls and Conway, ran over a man at Butler's Crossing in Kittery, instantly killing him. The deceased was riding in a wagon, and his horse escaped with out injury, while himself and the wagon were struck and carried six or eight rods. He was shockingly mangled about the head. His name was Henry Fullum, about 43 years of age; and he had been employed as foreman of the brickyard on the Eliot side of the river. We understand that he had lately come from the vicinity of Bangor, and that he leaves a wife and three children to mourn his loss.

THE TEMPLE.—The brilliant and dazzling production of the magnificent poetic legend of the *"Naiad Queen,"* is to be represented in this city, on Friday and Saturday evenings, by a new company, with new scenery and all the appliances necessary for a successful production of the play. Our exchanges speak in the highest terms of the company.

☞ A friend who has largely swung around the circle of travel of late, speaks in the highest terms of the Ipswich restaurant, at the station of the Eastern Railroad, as the neatest spot of the kind in the country. The place is kept by a dashing widow, whose "home made beer" is the delight of many a thirsty traveller between Boston and Portland.

☞ The large block of buildings corner of Market and Daniel streets has been wonderfully improved in appearance by a judicious application of paint to its woodwork.

☞ The new ship made a beautiful launch from Messrs. Tobey & Littlefield's yard on Tuesday.

MEXICAN AFFAIRS.—Advices from San Antonio, via Galveston, Texas, state that quite a number of Santa Anna's agents are at work recruiting for a raid on Matamoras. But little sympathy was shown them, it being fully understood that Santa Anna is pledged to Napoleon to acknowledge the French debt if he succeeds in gaining a footing on Mexican soil. Very few have signified their intention of joining his standard, as he is known to be inimical to the Liberal cause, and his antecedents with the Texans having been of a questionable character from former treacheries.

Quite large quantities of arms, ammunitions and supplies lately reached the Mexican frontier, designed for Juarez's army at Monterey and other places. The forces under Gen. Escobado are now in excellent condition, and are soon to be fully equipped for the forthcoming winter campaign.

Advices from Chihuahua up to Sept. 17th states that Juarez was then at that place, preparing for an early departure for Monterey, where Gen. Escabado is at present in command. The Liberal forces are in excellent condition, sanguine of future success, and await the presence of their President, who for five years has upheld their cause.

GENTS—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep-seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption! It causes the phlegm and matter to raise, without irritating those delicate organs (the Lungs), and without producing constipation of the bowels. It gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state

REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, work equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. F. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade of Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the section of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Morning Chronicle.

THE EIGHT HOUR LABOR MOVEMENT AND CONGRESSIONAL CANDIDATES.—The leaders of the eight hour movement in Ohio have taken advantage of the pending elections to elicit from Candidates for Congress a definite expression of their views on that question. And in Cincinnati, all the candidates—Copperhead, Radical, Union and Disunion—have been put to their purgations by the Central Labor Committee of the State. Inevery case the candidates unreservedly avow that nothing will give them so much pleasure as to make eight hours a legal day. So far this acquiescence in the principles of the Labor Association, and this charming unanimity of sentiments among candidates of all political creeds, must be exceedingly gratifying to that body. But it would be still better if the candidates could give the members of the society the further assurance that eight hours' work per day would be worth as much to the employer of labor as ten hours' work. It would still further enhance the value of any legislative enactments that may be passed on this subject, if it should be made obligatory upon the employer of labor to pay John Smith, who is willing to work only eight hours a day, the same wages as Tom Brown, who may choose to work two hours longer.—*New York Times.*

— What's the latest and sweetest thing in bonnets? The ladies' faces to be sure.

— Men slip on water when it is frozen, and on whiskey when it isn't.

— A forthcoming exhibition of wet nurses (!) is announced in the Paris papers.

— A Texas paper says a child was lately devoured by an alligator near Galveston, in full view of its father, who was unable to save his little daughter. The monster was afterward shot, and the remains of the child recovered.

— A lumbermen having advertised his stock to be sold under prime cost, a neighbor observed that, "it was impossible, as he had never paid a cent for it himself."

— There are only eighteen new fall styles for ladies' hats yet reported. That all? We fear that if the fashion vendors do not hurry up their cakes the ladies will be in a sad predicament.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY,

Solicitor of Patents,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837.

78 State Street, opposite Kilby Street, BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents; or investigations and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it the inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immediately dispatched by any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than this subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to secure, into a vast collection of specifications and official decisions relative to patents.

Hence, neither the Patent Office library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in recommending inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in form to secure for them as early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART

During eight months, the subscriber, in course of his large practice, made but twice rejected applications for PATENTS & APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Important to the General People.

Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing more to subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe one to be made of candies and confections are those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has of enhanced his business so to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most improved and ingenious machinery, the best and the neatest and most tasteful styles of manufacturing constitute Son Lamayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

CHEROKEE CURE,

THE GREAT

INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Impotency, Nervous Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Palpitation, Insanity, Consumption,* and all diseases that follow as a sequence of self-pollution, &c.

The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.

Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,

Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz:—*Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits,* and all diseases that require a diuretic, and which used in conjunction with the

CHEROKEE INJECTION,

does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.

Price, Remedy, One Bottle, $2, Three Bottles, $5. " Injection, $2, $5.

The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these, *do not deceive yourselves.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. FRAUDS AT NEW ORLEANS.—The frauds on the Government at New Orleans by Paymaster Lowenthal are said to have been perpetrated in this wise: Last spring he sent two men to New Orleans, who, representing themselves as Government agents, collected a large number of discharges from colored soldiers for the ostensible purpose of paying them the bounties due them.—Blanks were filled out with the exception of names and amounts, with affidavits attested by notaries, and sent to Washington in large numbers. There Mr. Lowenthal filled up the blanks with the names and amounts due the soldiers, whose discharges he had previously received, made out the necessary vouchers for pay, forged the signature of the claimant or signed it in a manner representing that the claimant had made his mark, having the soldiers's discharges as proof, and presented the claims for payment. After becoming possessed of a large sum of money in this manner he started for New Orleans, first warning his partners to give notice to all claimants that their presence was required at the office in New Orleans to receive their money. Arrived there he was sure to find an immense concourse of colored claimants, in the midst of which, with all the noise and confusion usual on such occasions, he called each claimant up in succession, and by an ingenious and rapid method of payment, which not a little mystified the recipients, who were hurried away too quickly for their surprise to find expression in words, he contrived to swindle many of them out of a share of their money. As the claims were real, while for their settlement the Government has nothing but forged signatures, it will have to make up the losses sustained by the parties swindled. The amount thus obtained by Lowenthal is estimated at one million dollars.

[This paymaster (if he can be caught,) should be tried by a military court, and sentenced to confinement for life at hard labor. This should be delayed, however, till after President Johnson has been impeached;—because, if he were still in power he would surely pardon the offender, and set him at liberty;—and probably give him an office.]

— How is it that the trees can put on a new dress with opening their trunks? It is because they leave out their summer clothing.

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in bilious derangement, caused by the malaria of miasmatic countries.
Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be overestimated. To make it to cure Chills and Fever and Ague, that it may be truthfully said to be a certain remedy One Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au29—2m

Important to the Afflicted.
DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, BOSTON on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most virulent cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capottes, warranted the best preventive. Order by mail. Three or 3 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Morning Chronicle.

Portsmouth N. H.

THURSDAY, OCTOBER 11, 1866.

THE ELECTIONS of Tuesday were very important, and the results, which are gratifying to every lover of justice, liberty and equity, may be summed up in few words. President Johnson and his party including ex-confederate president Davis, are defeated. The loyal people of the United States *refuse* to endorse the "policy" of giving the government into the hands of Confederated Rebels and Copperheads. The United States Congress and its two-thirds majorities over the Vetoes, are fully sustained and approved. Their measures of reconstruction and reform are approved, so far as they have gone, and they are encouraged to carry them on, and complete them.

In *Pennsylvania*, Gen. Geary, republican, has 20,000 majority or more, and it is said the republican "radicals" have gained three Congressmen. There was a loss in Philadelphia, (where the Navy Yard and other fat things are located,) but the country made it up.

In *Ohio*, Union gain, but few figures given. Pendleton, (cop) defeated for Congress.

Indiana is said to give 25,000 majority for the Union republicans,—as in 1864.

In *Iowa*, the few returns indicate 25,000 republican majority, and the election of all their congressmen.

At Newark, N. J., Oct. 9, the Republicans carried the charter election by about 800 majority.

☞ Late returns estimate the Republican majority in Pennsylvania at 15,600, and in Ohio at 40,000,—and that the republicans in Congress are as strong as ever, probably a little stronger.

☞ The Washington special of the Boston Herald, says, under date of Tuesday:—

The President, this morning, in a conversation with friends, was very sanguine of a general administration triumph in today's elections.

Perhaps he has waked up by this time.

☞ At Philadelphia, Tuesday evening, Judge Kelley made a *brief* speech, returning thanks for his re-election to Congress. He said that they had planted this day a thorn in the side of Andrew Johnson which would pierce him to the end of his official term for President. Johnson had been guilty of high impeachable offences. The President may go out of office before 1868. The question whether he will or will not be impeached, depended greatly upon the authority provided by the Constitution. The remarks of the eloquent speaker were greeted throughout with great applause.

☞ There is sometimes a great difference between tweedle-*dum* and tweedle-*dee*. For example, Thurlow Weed has written a letter in which he says that though the New York Democracy have not fully carried out the Philadelphia programme, yet he shall vote for Hoffman, as he (Weed) cannot act with the Republicans under their present leaders. The New York Times says it cannot concur in this conclusion.

☞ The city of Augusta, Me., has agreed to the proposal of Messrs. Spague, to buy up the water power there. Their works will make Augusta a great manufacturing city.

☞ A tornado at Franklin, Ill., Tuesday, blew down a wall of the railroad depot, did damage to buildings in town, and destroyed several lives.

NEW HAMPSHIRE ITEMS.

—— Two young fellows calling themselves Peter Kelley and James Garvey, are in jail at Concord, charged with breaking open the store of J. P. Goss, in Hooksett, where they stole about $20. Some scrip, with marks on it, was found on them, and identified by Mr. G. and his clerk.

— Why ought a greedy man to wear a plaid waistcoat? To keep a check upon his stomach.

— Chief Justice Handy of Mississippi has declared the Civil Rights Bill unconstitutional. The decision was made in the case of a negro who was arrested for carrying firearms, contrary to the laws of Mississippi.

— A convict in the Western (Pa.) Penitentiary was struck with apoplexy on Thursday, while cursing God and the Saviour, and pronouncing God the author of all sin, and died the next day.

— Mr. N. Allen and his wife, of Burlington, Vermont, were nearly killed Sunday night by the escape of gas from a coalstove in the room where they were sleeping. Mr. Allen was aroused by a groan from his wife, and had sufficient strength to crawl across the room and open a window, and the air soon revived them.

— Hester Clymer, the Democratic candidate for Governor of Pennsylvania, made a speech in Philadelphia last Saturday, in which he said: "I assert that there is no more doubt of our victory on next Tuesday, if there be an honest ballot, than of the existence of an organization called the Democratic Party."

THE SACO MURDER.—It now appears by a Biddeford letter to the Boston Journal, that the murder there was not the result of a row, but a deliberately planned affair, for robbery, by such criminals as infest every city. The account is worth copying.

About a quarter past nine o'clock Saturday night, Mr. Amos Spear, a respectable citizen of Saco, was murdered near the covered bridge which crosses the Saco river between the city of Biddeford and town of Saco, by three notorious Biddeford roughs, named R. Hartley Lewis, Charles E. Edgerly and Charles Watkins. Lewis has turned State's evidence and says he and Edgerly and Watkins concealed themselves at about the centre of the bridge, Watkins having a large club. As Spear approached, Watkins struck him with the club upon the head and repeated the blow several times. Afterward they all stamped upon his body until he was nearly dead, when they proceeded to search his pockets, but found only a small quantity of fractional currency. They then commenced to drag the body to a convenient place, intending to throw it into the river, but just at this time two policemen came along, when they dropped the body and fled. They were arrested shortly afterward. Mr. Spear, the murdered man, worked in one of the York mills, and was paid off on Friday. He came over from Saco to Biddeford about quarter past eight o'clock on the evening of the murder accompanied by his wife; they made some purchases of dry goods and groceries. Mrs. Spear having an infant three months old hurried home first with the bundle of dry goods, leaving her husband to finish the marketing. Mr. S. was a quiet, sober and industrious citizen, and had worked several years in the same mill. He was 25 years old and leaves a wife and one child. Edgerly and Lewis have been arrested several times hitherto for larceny.

☞ Two girls, 19 and 20 years of age, named Hannah M'Laughlin and Maria Cavanaugh, jumped overboard together, Monday night, about 11 o'clock, from Cragie's Bridge, between Boston and Cambridge. Maria was drowned, but Hannah was saved by two seamen of a vessel that lay in the stream. They also took up the body of the other girl. When picked up the girls were locked in each other's embrace, and both when they went overboard intended to end their mortal career.

☞ At Philadelphia, on Tuesday, in the lower part of the city, an Irishman, who was about to deposit his vote, was questioned as to whether or not he was a citizen, and after some hard words he drew a pistol and fired into the crowd, fortunately injuring no one. He then attempted to run away, and several shots were fired at him, one of them taking effect in his right hand, shattering it so badly that amputation was necessary. He was taken into custody by the police.

☞ The Second Comptroller of the Treasury has decided that hernia or the breaking of a limb are wounds within the meaning of the act of July 28, 1866, when incurred in consequence of the performance of military duty, if they are of sufficient gravity to cause the soldier's discharge; but concussion of the brain cannot be considered a wound. [Perhaps not,—but it is a grievious hurt, and should be provided for.]

☞ The French Ambassador to Washington is well and regularly informed upon all that is transpiring respecting Mexican affairs, and rumor says he pronounces all reports about the speedy downfall of the Mexican Empire as very erroneous. The Empress Carlotta of Mexico is soon going home, and will be accompanied by General Uraga.

☞ On Tuesday night, at Portland, a fire in Ware's Block, Federal street, burned out the stores, occupied by the Union Mechanics' grocery and J. F. Sand, cracker dealer. The other occupants of the block lost nothing except trifling damage by smoke.

— "Sonny, does your father take a paper?" Yes, sir, two of them. One of them belongs to Mr. Smith, and the other to Mr. Thompson. I hooks them both off the steps as regular as can be."

— Something is the matter with Gen. Custer, the great ornament of the Cleveland Convention. He has recently written a letter, saying of a Copperhead candidate that he could not vote for him nor advise any soldier or patriot to vote for such a man.

— Barton H. Jenks of Bridesburg, Penn. manufacturer, employs 1450 men. He issued an order on Saturday to his foreman to close the works at noon of election day, to enable every voter in the establishment to discharge his duty to the country at the polls, and to credit every man on the pay roll with a full day's work.

— While three little boys were amusing themselves with a toy cannon in New Orleans on Monday, Oct. 1, one of them put a ball or some other missile into the little gun and fired it in the direction of his mother, not dreaming of the injury it might do. The missile entered the mother's right side, and penetrating the heart, was almost immediately fatal.

THE ARLINGTON MILLS at Lawrence, Mass., were entirely destroyed by fire about four o'clock Tuesday afternoon. The only buildings saved about the establishment were the office and the boarding house. The fire originated near the picker in the basement. No one was injured, although about 150 persons were at work in the building, a large portion of whom were females. The fire spread so rapidly that it was impossible to use the hose, or even to ring the bell, and the nearest engine was nearly a mile from the place. It is supposed that some matches among the stock caused the conflagration. The loss on the property destroyed will amount to about $150,000, and is nearly covered by insurance. The fire raged so furiously that in about three quarters of an hour after its first discovery there was not a stick of timber left standing.

A GREAT FIRE at Wiscasset, Me., broke out about three o'clock, Tuesday morning, and destroyed 50 or 60 buildings, including the Custom House, Hotels and stores. The burnt district extends over an area of at least twelve acres, and the ruin is complete. It comprises about two-thirds of the business portion of the town, including wharves and shipyards. The loss is estimated to be between $100,000 and $150,000, with an insurance of $35,000. The calamity is great.

EXPLOSION AND FIRE AT PORT AU PRINCE.—Private letters from Port au Prince, dated Sept. 18, report a terrible catastrophe at that place. An arsenal containing a large quantity of gunpowder took fire, which exploded, and setting fire to the surrounding buildings, the greater part of the town was destroyed. Several vessels in the harbor were also burned. The loss of life resulting from the disaster is reported to have been very heavy.

SOUTHERN EMIGRATION TO THE WEST. About five hundred emigrants from the interior of North Carolina, en route to Indiana and Illinois, arrived at Fortress Monroe on Monday. A dispatch says they were of all ages and both sexes, and their condition was one to call forth pity from the sternest heart. Driven from their homes by the immediate results of the late war, and the poor prospects before them in the South, they were emigrating to the northwest, where, amid the illimitable acres of the West, they hope by hard labor and industry to remedy their sunken fortunes.

THE PROPERTY OF JOSEPH E. DAVIS. Gen. Howard, of the Freedmen's Bureau, has ordered the rents that have accrued upon the property of Joseph E. Davis, brother of Jefferson Davis, to be paid to him from and since the date of his pardon papers, which were issued on the 28th of March, but not forwarded to him until early in September. The value of these rents is not far from twenty thousand dollars per annum; so that, in effect, Davis receives as full, or nearly as full an equivalent, in the way of rents upon his property, as if the property itself had been fully restored to him. The General declines to act on the question of restoring the property itself.

SOUTH CAROLINA.—Charleston correspondence says the South Carolina Legislature have adjourned, after a stormy session. The Black Code was virtually repealed, and all Civil Rights except suffrage, office holding and being a juror, are extended to the negro. It is reported that Gov. Orr will recommend the adoption of the Constitutional Amendment and a new election of Representatives who can take the oath.

THE WAR EXPENSES OF VERMONT.—The Middlebury Register makes the statement, from statistics in the Auditor's office, that the bounties paid to volunteers, substitutes and drafted men, with expenses attending the same, as paid by the several towns in Vermont, except four which have failed to make returns, is $5,210,442.86. The total war expenses of the State are considerably over ten millions.

TALL FEED.—Mr. Gage, the well-remembered hotel-keeper of Concord, went into his bar-room at a time in the autumn, when, as this year, the grass was very luxuriant, and said, so that all could hear, "There'll be no butter made this Fall!" "*Why?*" was the instant and anxious interrogatory. Because," said the facetious landlord, "the grass is so tall the farmers can't find their cows."—*Statesman.*

SPECULATION.—An Illinois letter says that while business is dull in the West and money somewhat scarce in ordinary trade, speculators have the means of obtaining plenty of cash to keep a monopoly of the grain markets, and to continue prices even beyond war figures.

— A costly coal shaft and works at Pontiac, Ill., were destroyed by fire on the 4th inst. Some of the men barely escaped from the mines. *Loss heavy.*

— A letter from Salt Lake City, Utah, says that Julia Dean Hayne, the actress, was married to a Mr. Cooper in the early summer, but having neglected to have a divorce from her former husband a suit to that end has been instituted at Salt Lake by the lady. This wrong end foremost affair has created much gossip.

A FENIAN SCHEME FOR RAISING MONEY.—The Liverpool papers report that the Roberts Fenians in this country sent an agent to collect subscriptions from the Irish emigrants embarking at Liverpool and Queenstown. In return for their subscriptions they were to be looked after and assisted on arriving in New York. Furthermore, when Canada was conquered, each was to receive a piece of the land. The plan was broken up by the Liverpool police.

Read what Dr. Scovill says of ALLEN'S LUNG BALSAM:

MESSRS. J. N. HARRIS & CO.:—

GENTS—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the appearance of disease about the lungs, there would be never few cases of fatal consumption! It causes the phlegm and matter to come easily, without irritating those delicate organs (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state

Yours respectfully,
A. L. SCOVILL.

Hygienic Wine.

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits to its composition only Tonic, Aromatic, and Febrifuge substances. *Hygienic* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently reviving and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE.

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicitous to examine the Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

A TELEGRAPH YARN.—A good story is told of an ambitious young man from the country, who, on a recent visit to Boston, was anxious to send a dispatch over the Atlantic Cable—just for the sake of the thing. Gathering up all his loose change, he entered the Boston office and expressed his wish. Having written his message and handed it in, he laid his "pile" on the counter, exclaiming, "How far will this money pay for?" Quickly running over the money, the operator replied, "About an inch." The would-be sender departed a sadder and wiser man.—*Herald.*

THE JEWS IN PRUSSIA.—The Berlin correspondent of the London Times gives an account of the opening of a magnificent Jewish synagogue in that city, Sept. 5.

A facade in the Eastern style of architecture, surmounted by three mosque-like domes, which abuts upon the street, hardly prepares one for the splendid interior which is of great size, and fashioned according to Moorish architecture on the model of the Alhambra. The walls, the pillars, and tall pointed arches, covered with carving exquisitely traced and of a most delicate workmanship, rise high to support a roof heavy with mouldings and interlacery of pattern, which, as well as the sides, the columns, and the vaulted arches, is picked and adorned with a variety of colors, at once solemn and gorgeous. Near the end of the internal synagogue, furthest from the entrance, raised on a marble platform, stands a Moorish dome supported on four columns, each about 18 feet high, round which twine on a white ground, golden vine leaves, the dome itself being decorated with white and gold; from the centre of this dome hangs a small red lamp, in which softly flickers a flame that is kept burning perpetually, for the blue and silver curtain beyond it, hanging between the two furthest columns that support the dome, covers the recess in which are kept the holy books of the law, and which occupies the position in the Jewish synagogue that is given to the altar in most places of worship. High branched golden candlesticks on the nearer edge of the platform burn in front of the hallowed recess, and around the pulpit and reading desk, while above the dome hang heavy chandeliers full of lights, behind which, in a circular recess, are placed the choir and musicians.

— An exchange, presided over we presume by a crusty old bachelor, says: 'Never look at the girls—they can't bear it; they regard it as an insult. They wear their feathers, furbelows and frills merely to gratify their mammas, that's all!'

— Brigham Young, in a recent speech before the Chamber of Commerce at Salt Lake City, urged industry and greater liberality in trade, adding, that "success ever waited on the careful husbanding of small profits." Just so! Careful husbanding and small prophets have made Brigham.

— The steamer Andrew Johnson, from New York for Charleston, is ashore on Currituck Beach, N. C. The passengers were safely landed, and have arrived at Norfolk. They lost some of their baggage.

— The number of black lead pencils made in Keswick, England, is twenty-five thousand per week; that is, about thirteen millions per annum. The cedar annually consumed amounts to twelve thousand cubic feet, and the yellow pine in due proportion. The plumbago is partly the produce of the Borrowdale mine and partly from Mexico and Peru.

— A French journal, referring to the statement often made that more champagne is annually sold than the entire champagne district can raise, answers that the annual exportation is 90,000,000 bottles, only two-fifths of the average crop of the district; 135,000,000 bottles are therefore consumed at home, and the total growth is 225,000,000 bottles.

THE CROPS IN MAINE.—The wheat crop of Maine, though never large, is this year reported good. Corn is somewhat damaged by the frost in low localities. Potatoes will turn out better than was anticipated two weeks ago. The disease will not take so large a portion as was then expected, and on the whole there will, we suppose be a bountiful crop—the breadth of land planted having been much larger than usual. They are now selling at fifty and fifty-five cents. New varieties are but very little affected by disease, and we must hereafter depend upon them. The new seedlings should be constantly obtained. We saw, in our horticultural fair, about half a peck of beautifully smooth potatoes, raised from one seed—not a diseased potato had been found in the lot. Old varieties get exhausted and run out sooner than formerly. Even the Jackson, which is not an old potato among us, now rots extensively. The Orones and other new varieties stand it well. We see it stated that the bean crop has suffered by rust and cold weather, but that is not an extensive crop with us. The apple crop is generally represented as quite good.—Many of the Franklin county orchards will yield $1000 worth of fruit each.—*Bangor Whig.*

REDUCTION IN PRICE OF THE AMERICAN WATCHES, MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

NOW OPEN!

MONTGOMERY'S

MUSIC, PICTURE FRAME, AND VARIETY STORE,

10 1-2 Daniel Street,

(Over Miss Beal's Dry Goods Store.)

The Subscriber, formerly with S. E. COB would inform his friends and former patrons of Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutines, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.

PICTURE FRAMES on hand and made to order.

LAMPS altered and repaired.

Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.

Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Morning Chronicle.

EXCLAMATORY.

At church I sat within her pew—
Oh, Paw!
But there I heard
No pious word—
I saw alone her eyes of blue!

I saw her bow her head so gracious—
Oh, Gracious!
The choir sang,
The organ rang—
And seemed to fill the building spacious.

I could not hear the gospel law—
Oh, Law!
My future bride
Was by my side—
I found all else a mighty bore!

And so when peeled the organ's thunder—
Oh, Thunder!
I faced my eyes
In mute surprise,
On her whose beauty was a wonder.

To me that maiden was most dear—
Oh, Dear!
And she was mine—
Joy too divine
For human words to picture here.

Her love seemed like a prayer to bless me—
Oh, Bless me!
Before she came
My life was tame—
My rarest joys could but oppress me.

The service done, we sought the shore—
Oh, Shore!
And there we walked,
And sadly talked,
More sadly talked than e'er before.

I thought she was the type of goodness—
Oh, Goodness!
But on that day
I heard her say
Plain words whose very tone was rudeness.

We strolled beyond the tide-mill's dam—
Oh, Dam!
She jilted me,
And now I see
That woman's love is all a sham!

— It is estimated that the dried apples, blackberries, and other fruit, which will be shipped from North Carolina the present season will amount to more than 1,000,000 pounds, worth at the North over $300,000. At High Point Depot alone, $75,000 worth of dried blackberries have already been shipped.

— About six months ago a young man in New York named George Stephenson had a legacy of $50,000, which he has since lost at faro. Several of his associate gamblers have been arrested for fleecing him.

—Gen. Grant's pay is $18,678 per year, and Lieut. Gen. Sherman's $13,518. Each is allowed fifty horses. A Major General gets $5800 per year, and is allotted five horses. The pay of a Brigadier is $3940.50.

— A Catholic paper at Naples, as an infallible remedy for the cholera, tells its readers to "apply to the abdomen a picture of St. Joachim, the glorious father of the Holy Virgin."

Furs! M. WALKO & Co. respectfully inform their friends and customers that their well assorted stock of FURS, manufactured by M. WALKO, personally, is now ready for inspection. Also, wish to inform ladies who have **Old Furs to Alter or Repair** not to leave it too late in the season, as the earlier they are brought the better attention can be paid them.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing more common than adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe one to be made of candies and confections were to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most almond and luxurious cooking materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market. *—Boston Journal.*

CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days,* and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.
The Cherokee "*Cure,*" "*Remedy,*" and "*Injection*" are to be found in all respectable drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—purchase these. Be not imposed upon. If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us on *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor.

DEATH FROM ANGER.—The Sherbrooke (C. W.) Gazette says that last week Lawrence Doyle, who had been drinking, got very angry with his son, and his excitement was such that he burst some of the blood vessels of the heart and dropped dead in an instant. Only a short time before his death he said he did not care for God, man or the devil, and told his wife that she might prepare a coffin for his son or for himself before night. When under the influence of liquor his passion was uncontrollable.

☞ A Tennesssee correspondent of an Ohio paper states the following:

"A few days since a returned rebel chaplain was talking with Chaplain E. about the return of some confiscated rebel property. At length the rebel chaplain (Plummer by name) remarked, boastingly: 'Well, we have a good friend at Washington' 'And who is he?' asks Chaplain E. 'Andrew Johnson, Sir,' replied Plummer, *'and he showed his friendship to us at New Orleans.'*

☞ A German has brought to Paris an inexplosible powder which is certainly going to make a revolution in this department of war material. This powder, invented by Mr. Neumeyer of Leipsic, does not explode in the open air when inflamed; it burns up slowly like so much tinder; but it explodes with more explosive force than any other powder, in a close cavity; it is cheaper than ordinary powder, and may be manufactured anywhere, even on board ship.

— Fernando Wood, presenting himself as a candidate for Congress in the IX District, says: "My guide will be Constitution, as understood and explained by the Fathers of the Republic" Does he refer to Mr. Johnson, whose expositions of the Constitution at the St. Louis banquet were to the effect that Congress had no right to make laws, and that Rebels were not to blame in the massacre of loyal men?—*Tribune.*

— Democratic stump-speakers continue to predict civil strife if the people do not fall in with "My Policy." These foreboding will fail of their effect. The people are going to sustain this Congress, and choose another to match it, in spite of these prophets of evil. It is a circumstance which should be kept in mind, that all predictions of disaster if "My Policy" is thwarted, come from a party which formerly professed to regard the voice of the people as omnipotent, from which there could, in republican governments, be no appeal.

AMERICAN AND FOREIGN PATENTS.
R. H. EDDY,
Solicitor of Patents,
Late Agent of the U. S. Patent Office, Washington, under the Act of 1857,
78 State Street, opposite Kilby Street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the merits or validity of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for procuring patents more moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that in *three pendency.* Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

Morning Chronicle.

Portsmouth N. H.

FRIDAY, OCTOBER 12, 1866.

MR. JOHNSON'S NEXT STEP.—The Philadelphia Ledger's Washington special of the 10th has the following important dispatch:

"The President has just sent to the Attorney General the following questions, and requested a response to them to be returned in writing:

First—Is the present Congress, composed of members from the Northern States alone, such a Congress as the Constitution requires?—or is it an illegal and unconstitutional assembly?

Second—Would existing circumstances justify the President in sending his next annual message to an illegal and unconstitutional assemblage pretending to be the Congress of the United States?

Third—Does that clause in section 5 of the 1st article of the Constitution, which makes each House the judge of the election returns and qualification of its own members give to the present Congress the right to exclude the members from ten States, or to impose dishonorable or unconstitutional terms upon their admission?

Fourth—Does the President's oath of office require him to enforce those provisions of the Constitution which give to each State an equal right of representation in Congress, viz: article 1st, section 2d, section 3d; article 5th, last clause?

Fifth—What steps does the Constitution and his oath of office require the President to take in order to secure the assemblage of a Constitutional Congress?

Upon the reply that may be made by the Attorney General to the above, the President, there is reason to believe, has determined to take his stand. The questions put to the Attorney General are all the more important when taken in connection with the bold utterances of the President at the Fifth Avenue Hotel, declaring that the "present was only an assumed Congress," and "not the Congress the Constitution called for," and also in connection with similar declarations, though less pointed, that fell from his lips prior to his return to the Capital.

From these utterances it is clear that the Executive has fully made up his own mind that the 39th Congress is not a legal body. He now asks the opinion of the Attorney General upon this grave and deeply momentous subject, and when it is given he will govern himself accordingly; and it is not difficult to foreshadow what the response of Mr. Strausberry will be, and that he will chime in fully with the opinions of the Executive, as already expressed, there seems to be no doubt."

[If the existing Congress of the U. S. is no Congress, then Mr. Johnson is no President, and Mr. Stansberry is no Attorney General. But if Mr. J. and Mr. S. take the course here indicated—the way is quite clear to impeach both of them: Congress is able to do it; and the People will sustain them! If we have such an insane, reckless person in the White House, whether his insanity be caused by liquor or anything else, it is high time to put him out!]

CONGRESSIONAL CANDIDATES in the First District of New Hampshire are brought to view as follows in the Portsmouth correspondence of the Boston Herald:—

Gen. Marston having served three terms in Congress, it is evident that a new man will be selected to run as the radical candidate. The threatened removal of Hon. E. Ashton Rollins, the present Commissioner of Internal Revenue, and the probable return of Ex-Senator Hale, render the "situation" at present a rather dubious one for those who are now working for the nomination, as either of the above named gentlemen would sweep the field against the contestants, were it known that their return was fully decided upon. In the event of the retention of Messrs. Hale and Rollins in their present positions, it is evident that the contest among the rival candidates will be lively. It is not at all improbable that the vote of Portsmouth and many adjacent towns will be concentrated upon Mayor Bailey, Hon. Marcellus Bufford, or Hon. Horton D. Walker, of this city, in which case the contestants from other sections of the district will go under, and only defeat the one who receives this support by uniting on a new man. The wire-pullers, now so active in laying out plans for favorite candidates, may find their plans knocked into flinders by the action of the people at the primary caucuses.

RECONSTRUCTED LEGISLATION.—The Texas Legislature passed through both Houses, a bill providing for the removal of the Federal dead to a potter's field. The cause assigned for this act, endorsed on the bill and placed on record, and on the statute books of the State, was that the "vile dust of those Yankees might not be permitted to contaminate the dust of brave Confederate soldiers of the State." This bill was pushed through both houses in the short space of two hours.

☞ Atlanta, Ga., which was so nearly "cleaned out" by Gen. Sherman, now boasts two large and handsome daily papers, and has 7220 mechanics and laborers at work within its limits.

— The Dayton Journal suggests that when talking about "swinging round the circle," the President no doubt means that he began by voting for Breckenridge, and has swung back to that point.

NEW HAMPSHIRE ITEMS.

—— The Franklin St. Society [trinitarian congregational] of Manchester, have called Rev. Mr. Tucker of Fisherville, to be their pastor, at a salary of $1600. He will probably accept.

—— Wm. N. Blair of Lawrence, in a letter to the Mirror, deserts the Bread and Butter Brigade, to which he was lately attached, and condemns the policy of Johnson, the New Orleans affair, &c. He thinks the pending Constitutional Amendment will not be adopted soon enough; [we think it *will be*:]—and he advocates prompt and decided action of Congress, making the government rest on justice and equal rights to all, holding the rebels down till they behave about right.

BEFORE AND AFTER.—The Portland Advertiser of Sept. 25, said of Pennsylvania:—

A Democratic and Conservative victory is sure in the Keystone State.

The same paper of Sept. 27, said:—

The prospect in this State is cheering for the success of the Democratic and Conservative ticket at the election in October. In the eastern tier of counties the friends of speedy reconstruction of the Union have completed a thorough amalgamation, and in the north west, the Radicals are distracted and divided; their Congressional nominations are not satisfactory to their constituents, &c.

The same Advertiser, after the elections, now says, under date of Oct. 11:—

We are among the grieved, but not among the *disappointed*.

The stalking horse of terror, which the *old leaders* of the Democratic party could not give up—would not withdraw—was Democratic sympathy with secession; and not Johnson restoration of the South.

The coalition between the Conservative Republicans and Democrats, tendered by the *Philadelphia Convention*, the Democratic leaders, *through selfishness*, ignored and repudiated, and the consequence is, an ignominious defeat, final and fatal to the Democratic organization, now and forever.

The Administration of Johnson has been sacrificed to a hope and claim of individual aggrandizement and temporary elevation of old party hacks, of whom the Democratic masses, and the opposing masses were alike sick, tired and disgusted.

We now say and proclaim that Johnson's administration has been sacrificed to a selfish, personal ambition, for which he is in no wise responsible, and with him the Democratic organization has been irretrievably damned everywhere.

The reader will make his own comment.

CHOICE EXTRACTS, from the New York Atlas of Oct. 6. Speaking of the elections of Tuesday, it says:

Both parties are sanguine of success, and one or the other must accordingly be greatly disappointed.

The radicals have a two-thirds vote in both houses of Congress. Unless they can be deprived of this advantage, the President will be powerless to check pernicious legislation and protect the rights of the South and the minority in the North.

What, then, the Administration and its friends are most concerned about in the October elections, is the gain of ten or more members of Congress. The National Unionists ought to carry at least twelve districts now represented by radicals, and have good reason to expect to triumph in more than that number.

We confidently expect that such will be the result of the elections next Tuesday. Our friends in Pennsylvania are very sanguine. The State was carried for Lincoln in 1864 by immense frauds in the return of soldiers' votes, which cannot be repeated now. Again, they have the influence of the *administration* in their favor, and the conservative republican element, which is strong in many localities.

RECRUITING FOR "MY POLICY."—On the 10th of September last, J. W. Addison plead guilty on four indictments, charging him with stealing letters from the Boston Post Office, and appropriating their contents, and was sentenced to ten years's imprisonment in the Dedham jail—two years and a half on each indictment. He was pardoned by the President after serving about thirty days of his sentence.

THEATRICAL LAWSUIT DECIDED.—The trial of the case, Laura Keene v. J. S. Clarke, in the Supreme Court at New York, for the damages for performance of the comedy of "Our American Cousin" at the Winter Garden last October, without her consent, she claiming to be the proprietor of the play, was closed on Tuesday, and resulted in a verdict for the plaintiff for $2168.67, the amount of profits made from the representation of the piece by the defendant.

— At a Democratic meeting in New York, last week, Mayor Hoffman, Democratic candidate for Governor, begged his hearers not to hiss the name of Charles Sumner, calling him the great leader of a great party and a power in the land.

— A daughter of Capt. John Roe, master of a boat on the Morris Canal, fell from the boat into the water, near Hackettstown, N. J., Monday. Her father immediately jumped into the canal in order to save his daughter, and they were both drowned.

— Clement L. Vallingham, in the course of a long speech delivered at Rossville, Ohio, last week, pronounced against the President and his policy. He asserted, among other things, that "he had no better right as commander-in-chief or as President to require of them (the Southern States) conditions precedent, than Thaddeus Stevens, or Charles Sumner or Benjamin Wade."

PRESIDENT JOHNSON AND THE FENIANS.—The Sandusky Register states that in a speech in that city a few days ago, the Hon. Joseph M. Root, late United States District Attorney for Northern Ohio, said he considered he was not breaking official faith when he related one fact in regard to the Administration and the Fenians which occurred during the Canadian excitement. He, as District Attorney, and Marshal Bill, received instructions from Washington to watch closely all organizations, learn about the storage of arms, &c., but in case of any attempted expedition from Cleveland, not to interfere to prevent the movement until it was under way. But, said the instructions, when the boats, barques, etc., have gone a mile or two from the city, blow them up! And it is known that for three or four days the Fessenden lay in the Cuyahoga river, with steam up, ready to execute this order.

CLAIM AGENTS.—The Secretary of War referred to the Attorney General the following questions: Whether the Secretary of War has legal authority to exclude authorized attorneys and agents from collecting bounties? And whether the presentation of claims and payments are to be made by and to the claimants in person?

The Attorney General replies that no provision requires the claimant to present his claim in person, or requires the payment to be made to the claimant in person. If the act should be construed so as to require every soldier and every child of a soldier to make the claim in person, and collect the money in person, comparatively few could avail themselves of the bounty of the government. I am therefore of opinion that you have no legal authority to exclude authorized attorneys and agents from collecting bounties, and that in the presentation and payment of claims the claimant may act by attorney.

MISSISSIPPI.—There is progress in Mississippi. In the 5th Judicial District a white man has been convicted of killing a negro, the evidence being solely that of negroes against him. Judge Campbell, in passing sentence, referred to the fact that it is a new thing in the law to admit the testimony of negroes against a white man in an alleged offense against a negro, and especially in a capital crime. He said, however, that "every principle of justice and humanity, every consideration of honor and manliness, alike with motives of policy, combined to require even handed justice in vindication of the unfortunate negro against the brutal outrages of lawless white men." Yet, he said that in order "not to shock men's sensibilities by the suddenness and violence of the change, he should pass a lenient sentence." He then sentenced the man, named Winter, to confinement in the county jail for twelve months, and to pay the cost of prosecution. This is a great stride for Mississippi in the direction of justice, and the Jackson Clarion says the public mind was much exercised thereby.

AN UNEXPECTED MESSENGER.—Last Thursday afternoon two boys, named Gordon and Rich, were quietly lying on the ground under a tree in a field in Brighton, Mass., when a Minie ballet struck Gordon in the leg just below the knee, and passing downward, lodged some four inches below where it entered. The boys made their way to the office of a surgeon, who extracted the ball from young Gordon's leg, and the wound is now healing. Neither of the boys heard any gun discharged, and probably the person who fired the shot was not aware of the harm he caused.

☞ Seven more persons have been picked up in boats from the Evening Star, including two women. Thus 24 are saved. According to some accounts the Evening Star, although rated A 1, was a very unsafe boat, and one of the New York papers publishes documents sustaining this opinion. The owners, on the contrary, insist on the strength, character and safety of their steamer.

The value of the Evening Star was $500,000, and she was not insured. Her cargo, was full, worth half a million dollars or more; that was insured. The amount involved will thus be at least a million dollars.

As only two of the six life boats have been heard of at Savannah, the others are still at the mercy of the waves or all have gone down.

☞ We have received a copy of President Smith's Baccalaureate Discourse, on "Abuses of the Imagination," delivered at Dartmouth College, July 15th,—able and timely.

☞ The Republican Union men of Boston and vicinity, held a great conference meeting in Faneuil Hall, Wednesday evening, in which they expressed the state of their minds over the elections in Pennsylvania, Ohio, and the rest of the States.

— The J. Monroe Taylor Gold Medal Soap the ladies cannot do without; as a matter of economy it is worth more than twice the cost of it; one pound will go farther and do much better work than two pounds of any other; for washing paint and all kinds of wood work, it has no rival; it will not injure the finest fabrics, while it will make your washing so much easier, besides looking so much better than any other in the market; it is acknowledged by the ladies to be the best, the cheapest, and the only soap fit for a washing day. 23

Recommended for the treatment of Dyspepsia, Indigestion, General Debility, and Fever and Ague, and warranted a cure. Invented by Dr. G. C. Segur. It is a vegetable compound of thirteen distinct articles, and is approved and prescribed by the medical profession. A physician who has made use of it in his practice says: "It is harmless, while it is potent; not dose it, as is the case with many medicines, leave a shattered constitution in its track." THE PEOPLE'S FRIEND.

PERRY DAVIS' VEGETABLE PAIN KILLER possesses virtue, which not alone removes pain instantly, but regulates the stomach, gives strength, tone and vigor to the system. It is one of the medicines that is worth more than gold.

Don't experiment in testing new remedies, when you can buy the genuine Pain Killer, which everybody knows to be good.

The Woodstock (C. W.) Sentinel says: "It is a generally admitted fact that the medicine manufactured by Messrs. Perry Davis & Son, has been instrumental in alleviating much pain, and giving relief to millions of suffering humanity. The medical faculty almost everywhere recommend the Pain Killer, and its reputation is now established as the most beneficial family medicine now in use, and may be taken internally and externally to expel pain." o1—dawlm

Read what Dr. Scovill says of ALLEN'S LUNG BALSAM:

MESSRS. J. N. HARRIS & CO.:—

GENTS—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep-seated PULMONARY CONSUMPTION. I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption! It causes the phlegm and matter to raise, without irritating those delicate organs (the lungs), and without producing constipation of the bowels. It gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state.

Yours respectfully, A. D. SCOVILL.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know their worth of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by DR. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. **Price $1.50 per bottle.**

Perry's Moth and Freckle Lotion.

☞ Chloasma, or Motlipatch, (also called Liverspot,) and Lentigo, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than on a brunette; but they greatly mar the beauty of either and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. DR. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations, which is at once prompt, infallible and harmless.

Prepared by B. C. PERRY, Dermatologist, No. 49 Bond street, New York, and for sale by all druggists; price $2 per bottle. Ask for PERRY'S MOTH & FRECKLE LOTION.

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians as prepared in Paris from

PURE SHERRY!

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or Inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA and DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD! "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. V. B. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

GOLD, Thursday, 153 3-8. This rise in gold is accounted for by President Johnson's questions to the U. S. Attorney, about an illegal Congress, which seems designed as the first steps towards a new civil war, in which the President expects to put down the U. S. Congress and the People who elected its members, by using the Military and Naval power, which he may wield as Dictator! If he really means this, he reckons without his host, and may find himself a prisoner, instead of a dictator. REDUCTION IN PRICE

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

BE TRUE.

Thou must be true thyself,
If thou the truth would'st teach;
Thy soul must overflow, if thou
Another's soul would'st reach:
It needs the overflow of heart
To give the lips full speech.

Think truly, and thy thoughts
Shall the world's famine feed;
Speak truly, and each word of thine
Shall be a fruitful seed;
Live truly, and thy life shall be
A great and noble creed.
—H. BONAR, D. D.

☞ The Memphis Avalanche understands that "a move is on foot to invite Henry Ward Beecher to visit Memphis, and to enlighten our people as to their duty in the existing crisis." The Avalanche thinks that if Mr. Beecher comes of his own accord he should have a respectable hearing if he behaves himself; but he is, nevertheless, "a Puritan peddler of religion and politics." "Let us not be deceived by the small demonstration he has recently made in our behalf. His craven soul," &c. This is too bad; and we doubt if Memphis is yet prepared to give Mr. Beecher a safe hearing.—*Tribune.*

AUSTRIAN VANDALISM.—The Italian papers protest against the conduct of the Austrian authorities in Venetia, which is acquiring the proportions of a scandal. The State property is being illegally disposed of at nominal prices, and those sales are producing a most demoralizing effect among the lower classes. The Austrian Government is said to disavow those abuses, but the functionaries nevertheless continue their work of depredation. As Venetia may be said to belong to France, valuable objects are carried off under the form of fictitious sales to French subjects. Some foreign speculators are even said to have made offers, which have not been rejected, for the purchase of the palace and its grounds.—Sufficient wood for making packing cases for the objects sent to Vienna cannot be obtained, and the artistic flooring of the palace of the Doges is being broken up for the purpose.

BISHOP CLARKE.—Some months since measures were taken by a few liberal men of the Episcopal Church to place the Episcopate on a permanent and independent foundation. A fund has been raised, the income of which, with a small assessment on the parishes, will yield support for the office and enable the Bishop to surrender the rectorship which has shared his attention with the diocese. This provision secures the undivided service of the Bishop. Accordingly Bishop C. resigned the rectorship of Grace Church, and took leave of his parish, in a sermon which was listened to with devout attention, by as many as the church could hold of those who for the last eleven years have profited by his ministrations.—*Providence Journal, 8th.*

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually.
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World) not obtainable by the select as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses of the Old Worlds, not obtainable elsewhere, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with unfailing Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healthy and destroyed the vigor of their minds, their delaying themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a Physician who has secured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in that manly vigor which renders life truly happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of the terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the cure of those diseases upon which he now offers his services.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichon's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid these Pills. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) they will be sent, free, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 9 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this address all letters to

☞ Caution in Time.
Persons that desire to use DR. HERRICK'S Oblong Kid Sweetening Pasters, that cure pains, weakness, and distress in five hours, and that had stood the test of experience thirty years, should not confound them with the miserable unbleached muslin paper, and other worthless preparations called Plasters, offered for sale at all stores, and cheaper, given in place of HERRICK'S. Dr. Herrick's Kid Plasters and Sugar Coated Pills are used in the U. S. Army and Navy, are introduced into most Hospitals, Alms Houses, and Prisons, and startle community with their wonderful cures. Five thousand physicians and surgeons use and endorse them. Call for and see that you get none but HERRICK'S KID PLASTERS AND SUGAR COATED PILLS. Sold by dealers everywhere.

"Dr. J. Collis Browne's Chlorodyne."
This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secreting of the body. Thousands of persons testify to its wonderful effects and medical men extol its virtues, using it in great quantities in the following diseases: Consumption, Asthma, Bronchitis, Whooping Cough, Neuralgia, Diarrhœa, Rheumatism, Spasms, &c., &c. CHOLERA.—Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in CHOLERA was CHLORODYNE. (see Lancet, December 31, 1864.)
CAUTION.—None genuine without the words "Dr. J. COLLIS BROWNE'S CHLORODYNE" on the Government stamp. Overwhelming medical testimony accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, No. 33 Great Russell Street, Bloomsbury, London.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing made so subject to adulteration as they are by the introduction of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on as at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innoxious coloring materials, and the neatest and most tasteful style of manufacturing constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal - Weakness, Impotency, Emissions, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Sight, Nervous Debility, Premature Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.
It will restore the Sexual Energy and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists, or will be sent free express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Bloody Urine, Smarting, Brick Dust Deposits*, and all diseases that require a diuretic, and can be used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended for those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5.
The Cherokee *Cure*, "*Remedy*," and "*Injection*" are to be found in all well-regulated stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit; some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

VOL. XXIX. PORTSMOUTH, N. H. SATURDAY, OCTOBER 13, 1866. No. 88.

The Chronicle.

AN INCIDENT.—As a train of cars was approaching the suspension bridge, near Niagara, the conductor found a young man who could not pay his fare. The poor fellow was evidently in the last stages of consumption, and emaciated to skeleton proportions. He sat by himself, and his eyes were red as though he had been weeping; but the laws of the company could not be transgressed, and he must leave the train. Not a person moved or spoke as the conductor led him from his seat, all shivering with the cold, but just as he reached the door a beautiful girl arose from her seat, and with bright sparkling eyes demanded the amount charged for the poor invalid. The conductor said eight dollars, and the young and noble girl took that sum from her pocket-book and kindly led the sick youth back to his seat. The action put to shame several men who had witnessed it and they offered to "pay half," but the whole-souled woman indignantly refused the assistance. When the train arrived in Albany the young protectress gave the invalid money enough to keep him over night and send him to his friends the next morning.—*Albany Argus.*

OLD TYPE.—At a type founders, feast, held at the Crystal Palace in London, in August, Mr. Caslon mentioned the curious fact that matrices from punches originally cut by William Caxton in 1725 were now taken down for daily use, after having been laid aside since 1772 as obsolete—nearly fifty years after their first invention—"for," said Mr. H. Caslon, "with the returning taste for the beautiful in form—a necessary consequence of the greater popularization of art in our times—the 'old faced type' had come to be regarded as the most elegant letters within the range of typography."

— Lord Braxfield's butler came to give up his place because he could not bear his lady's continual scolding. "Man!" Braxfield exclaimed, "ye've little to complain o': ye may be thankfu' ye're no married to her."

— Without cause, against right, deliberately and wickedly, the Rebel Representatives and Senators walked out of Congress into the battle-field, and fought till they were exhausted to destroy the Government and conquer the Free States. They went out when they pleased. Is it not right that they should come back when we please.—*Tribune.*

Morning Chronicle.

Portsmouth N. H.

SATURDAY, OCTOBER 13, 1866.

NOT SO.—The Washington correspondent of the Boston Journal under date of Thursday, exposes as follows, the great hoax of the President:

The malicious falsehood appearing in the Philadelphia Ledger yesterday, stating that the President had propounded certain questions in writing to the Attorney General relative to the recognition of the present Congress as a constitutional body, and the publicity given to the dispatch by the Agent of the Associated Press in Philadelphia, caused a flood of private telegrams to be sent to this city to day, inquiring whether the statement was true or not. The temporary suspension of telegraphic communication between that city and the North enabled the gold speculators to have the thing all their own way until late in the afternoon.

I am authorized by the President and the Attorney to say that there is not the slightest foundation in truth for the statement of the Ledger correspondent. It is a falsehood out of the whole cloth. The correspondent, who is a Clerk in the Post Office here, had the hardihood to affirm his telegram to the proprietor of the Ledger.

[Better that this clerk should be found a liar, than that the President should be a fool or a madman. It is a great pity that he should have acted so that such a story could be believed.]

GOVERNOR WORTH, OF NORTH CAROLINA, TO THE FREEDMEN.—At the educational convention of colored people at Raleigh, N. C., last week, Governor Worth said:

"Let me advise you not to meddle in government affairs. You know how few of your race are now capable of understanding matters of this sort, and you see the strifes and troubles in which party politics have involved the whites. Avoid politics. Practice industry, virtue, and cultivate the kind feeling which now exists between the races, and you will thus acquire competence and elevate your condition."

[How condescending and kind in its show!—how mean and contemptible in reality.]

☞ The U. S. Circuit Court met at Trenton, N. J. Thursday, Oct. 11. A letter was read by Judge Field from Judge R. C. Grier, stating that he had received a letter from Chief Justice Chase with an opinion showing that the United States had no right to hold Circuit Courts anywhere until there is a new assignment of Circuits lately made at Washington, so that he cant hear no more cases as Circuit Judge until after next December. All cases went over for want of jurisdiction. The Court adjourned for the term.

☞ A Washington dispatch says Secretary McCulloch's forthcoming report will show that the cash on hand June 30, 1866, was $858,309.15, and on June 30, 1866, $130,660,815.19: net gain $129,811,506.04; if converted into currency it amounts to $160,000,000.

☞ In Pennsylvania the Bulletin of Thursday says Gen. Geary's majority as Governor is between 18,000 and 20,000. In Indiana legislature the Republicans will have 40 majority on joint ballot.

☞ The New York correspondent of the Cincinnati Gazette says:

"President Johnson lately requested several prominent editors of the country to meet him at Washington to discuss the condition of the country, and the failure of 'my policy,' and perhaps to devise a new one on the Herald's basis. Noon of the New Orleans Crescent and one or two others have made their appearance here, but finding that a certain editor of that city, who lately recommended the President to abandon his course and ill-tempered opposition to Congress, had declined the invitation, they have concluded to go no further, and deny the story of their invitation to Washington.

NEW HAMPSHIRE ITEMS.

—— Mr. Nathaniel Evans, of Alton has raised the present season eleven bushels of good market onions on a piece of land 18 by 20 feet, being at the rate of 1331 bushels to the acre. Mr. Evans wants to know the name of the man that can beat this.

—— Gilbert A. Clay, of Danbury, was fatally injured at Sawyer's Mill, in Franklin, on Wednesday of last week, breaking an arm in four pieces, and otherwise injuring him, causing death on Saturday morning.

A GREAT RAINSTORM occurred at Washington, Baltimore and vicinity, on Wednesday and Thursday, causing floods, which swept away bridges, mill-dams, fences, and several houses; in one case drowning a whole family,—father, mother and four children—and in another case drowning a family of four persons. Dead sheep, swine, cattle and horses are found on the rivers' banks.

— In a recent speech Lord Grey said that during the "strike" in the blast furnaces of England the sum of £50,000 in wages was lost, and that among those connected with the rolling mills, who are still on a strike, about £100,000 in wages has already been lost.

— Rev. S. P. Fay, recently of the Salem street church in Boston, has accepted a call as pastor of the Hammond street church, Bangor, Me.

Correspondence of the Chronicle.

EXETER, Oct. 11, 1866.

Dear Chronicler:—Having been deprived of the perusal of the issues of your spicy sheet for some days, I am at a loss to know whether what I propose to pen has received the attention of your active reportorical corps, and therefore give you full privilege (which I know you would exercise whether I consented or not,) to excoriate as you please my communication, if you think any part of it worth publication.

The present has been rather a lively week for our usually quiet town, and if you have had no reporter here, (and if you have I have not seen him,) a brief record may not be unacceptable.

The U. S. Circuit Court held a term here, commencing on Monday and terminating on Wednesday. Judge Clifford was present at the opening, and charged the grand jury, and then left Judge Clark, (who made his first appearance here in his official capacity,) to finish up the business of the Court. A number of indictments were returned by the grand jury, which a regular reporter would of course chronicle, and we supposed we should have had some jury trials; but the evidence against the culprits secured by the shrewd detective, J. Horace Kent of your city, was so strong that like the coon before the famous hunter, they came down without a shot, assured that they "couldn't stand the fire."

A young man, charged with robbing letters at the post-office at Nelson, plead *nolo contendere*, and appealed to the mercy of the Court; and in consideration that he had served his country in the war, and had previously sustained a good character, was let off with a fine of $20 and imprisonment in the jail at Concord for nine months. The sentence, light as it was for so grave an offence, appeared to make the young man (who in appearance is not more than 20 years of age,) reflective, and his saddened appearance after receiving his sentence, showed that he was not elated at the harvest which resulted from the sowing of his "wild oats."

One John Grimshaw, fully convicted of carrying off and enticing a marine to desert, was let off on the legal quibble that a marine is not a soldier. Webster defines a marine as "a soldier doing duty on board a ship," and we all know that seamen will not acknowledge him as a sailor. Well, perhaps the decision is just, although we unlearned people cannot understand the "quips and quirks" of the law by which culprits go "unwhipt of justice."

One Geo. W. Stearns of Nashua, for having in his possession and passing a quantity of 50 cent counterfeit government scrip, was sentenced to two and a half years in the State Prison, and James W. Tuttle, for having in possession and 'uttering," as the legal phrase is, counterfeit "greenbacks," was sentenced to five years in the same *reformatory* institution. The Court adjourned on Wednesday.

The first Fair of the Exeter Agricultural and Horticultural Society, recently organized, which was holden on Tuesday and Wednesday, was a complete success, giving lively encouragement to the Society, and a grand impetus to the exertions of our people, towards progress in the arts which it is the purpose of the Society to stimulate. The show of fruits and vegetables, (the frosts of the previous week killed the anticipated show of flowers,) is pronounced by all who witnessed it to have been the best ever exhibited in the county, and the display of fancy articles was highly creditable. For myself I may say I have never seen such an attractive display since those that used to be made by the Portsmouth Horticultural Society, (correct me if I am not right in the designation,) about fifteen years ago in Congress Hall. The exhibition was well attended, and in the evenings crowded. On Tuesday evening there were addresses by the President, Wm. P. Moulton, Esq.; Rev. Mr. Chickering and N. Gordon, Esq., and on Wednesday evening by Gov. Fred. Smyth, Judge Clark, Hon. Wm. C. Patten, Hon. Amos Tuck and N. G. Gilman; with music on both evenings by the Exeter Cornet Band, a Glee Club, and a class of juveniles under the direction of Mr. Sperry French of one of our Grammar Schools. The exhibition passed off most happily, and gave conclusive evidence to all our citizens who witnessed it, that the Agricultural and Horticultural Society, is an institution worthy of general encouragement. The list of entries and awards of premiums would not perhaps be of general interest to your readers, and perhaps the notes I have here made of the exhibition may be more extended than you think interesting, and perhaps like many other effusions from my pen may be "crowded out by press of other matter." Well, no matter; I have given up all hope of newspaper fame; and whether my productions go into print or into the waste basket, is a matter of indifference.

What think you of the late election returns? Are not the people putting their stamp of odium upon treason?

Yours, EX.

— A Washington soldier stole the artificial leg of his sleeping comrade.

THE PHŒNIX HOTEL, CONCORD, N. H. The public will be glad to learn that Mr. L. B. Elliot, so long connected with this popular house in various capacities, has become a partner in it. The Boston Commercial truly says, "Mr. Elliot is too well known to the travelling public to need a word of commendation. The old patrons of the house will be glad to learn of his renewed connection with it as one of its keepers. His name is guarantee for all that is good, comfortable and attractive in a hotel. Mr. Elliot has come up all the way from a porter's berth to his present position. He knows all the ropes. To know how to keep a hotel to the satisfaction of the public, is to be a man of mark. A successful and popular hotel-keeper is a bigger man than any member of Congress alive. Mr. Elliot is a successful hotel-keeper. He has been porter, steward and chief clerk at the Phœnix for years, and consequently has got the hang of the house to a dot. The senior partner of the Phœnix, Mr. Dumas, is running a hotel at Boars' Head, and Mr. Thompson, his late partner, has been seriously ill for many months. Hence the Phœnix has suffered; but, with Mr. Elliot at the helm, all its old prosperity will speedily return. Let the travelling public remember the Phœnix."

THE FINANCIAL EFFECT OF THE PRESIDENT'S POLICY.—In reply to a question as to what effect the success of the President's policy would have upon our National Securities, the Hon. Thaddeus Stevens has written the following important letter:

"*John Giger, Esq.* Dear Sir: In answer to your inquiry, 'What effect the success of the President's views will have on the National Securities?' I am of opinion that its effect would be very injurious.

The President contends that the body of men acting as a Congress has no Constitutional powers, and can do no valid act in the absence of the excluded States. The Congresses that authorized the war debt, and laid the internal duties to pay it, were composed of precisely the same number of representatives, from the same States, as the present. If it should be decided that those Congresses had no constitutional existence, then the 5-20s, 10-40s, 7-30s, and the legal tender greenbacks will have been issued without authority, and will be worthless.

Whether they would ever be redeemed would depend on what the President would consider a Constitutional Congress, after the admission of the rebel representatives, when the condition of the debts of both belligerents would be considered. Yours truly,

Sept. 21, 1866. THADDEUS STEVENS.

☞ A Louisville, Ky., dispatch of Thursday says two men who are supposed to have been engaged in the recent robbery of Adams' Express, were arrested near Seymour.

As the Paymaster's train of the Louisville and Nashville Railroad was going South that morning, it was thrown off the the track in consequence of a rail having been loosened and pulled from its bed by some men near Bowling Green. Mr. Church, the train master, was seriously injured by the overturning of a car. The robbers obtained $11,000. The Company has offered $2000 and a quarter of the money recovered for the apprehension of the robbers.

THE UNITARIAN NATIONAL CONVENTION.—A dispatch to the Transcript says that the attendance at this gathering is quite large. Dr. Hedge of Brookline preached the Convention sermon, the subject being the Historic Atonement; or, Christianity considered as a Reconciliation of the Antagonism in Religion and Life. Governor Goodwin of New Hampshire called the Conference to order, and 180 churches responded to the roll call. Hon. T. D. Eliot of New Bedford was chosen President of the Convention; Vice Presidents, James Speed of Kentucky, C. S. May of Michigan, S. Partridge of Missouri, John Wells of Massachusetts, M. S. Force of Ohio, Gen. Burnside of Rhode Island.

Mr. Eliot made an eloquent speech on taking the chair.

INDIANS.—A St. Joseph special dispatch says the latest advices from Montana report that 40 miners out of a party of 75 in the Green river diggings, had been killed by the Cheyenes and the others were driven away. The miners on Wind river had also been driven off by the Sioux, and compelled to fly to the nearest forts for protection.

It is reported that very rich mines have been recently discovered in Montana and Colorado.

SUICIDE IN PORTLAND.—The wife of Mr. Richard Goodhoe, of Portland, committed suicide on Tuesday last, by swallowing two ounces of laudanum. She was laboring under temporary insanity at the time.

MEXICO.—The N. Y. Herald's city of Mexico correspondence says Maximilian's new Ministry, though industrious, has done nothing to restore public confidence. The compact between the Emperor and the Church party required the latter to pay over to the former twenty-five million dollars for the restoration of their power.

RUMORS OF CABINET CHANGES.—A Washington dispatch to the New York Tribune states that Seward and Stanton are said to be on the point of retiring, the former to his home in Auburn, and the latter to Spain in place of Hale.

IMPEACHMENT OF A NEW YORK OFFICIAL.—Charges of official misconduct have been presented to Governor Fenton against Charles G. Cornell, Street Commissioner of New York city. There are seventeen charges for alleged fraudulent abuse of official power, misconduct, malfeasance and malversation in office.

—It is supposed by some that the Prince of Wales visited this country in part to obtain a package of Herrick Allen's Gold Medal Saleratus. Whether he did or not, it would do honor to the Queen's table to have as nice light Biscuit as that article always makes. If any one has any doubts on that subject, go to your Grocer and get a paper immediately, and find of a truth that there is nothing like it. Everybody sells it. 49

THE PEOPLE'S FRIEND.

PERRY DAVIS' VEGETABLE PAIN KILLER possesses virtue, which not alone removes pain instantly, but regulates the stomach, gives strength, tone and vigor to the system. It is one of the medicines that is worth more than gold.

Don't experiment in testing new remedies, when you can buy the genuine Pain Killer, which everybody knows to be good.

The Woodstock (C. W.) Sentinel says: "It is a generally admitted fact that the medicine manufactured by Messrs. Perry Davis & Son has been instrumental in alleviating much pain, and giving relief to millions of suffering humanity. The medical faculty almost everywhere recommend the Pain Killer, and its reputation is now established as the most beneficial family medicine now in use, and may be taken internally and externally to expel pain." o1—dawlm

Read what Dr. Scovill says of ALLEN'S LUNG BALSAM:

Messrs. J. N. HARRIS & CO.:—

GENTS—I make the following statement from a perfect conviction and following experience of the benefits of ALLEN'S LUNG BALSAM in curing the most deep-seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption! It causes the phlegm and matter to rise, without irritating those delicate organs (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the nightsweats, and changes all the morbid secretions to a healthy state.

Yours respectfully, A. L. SCOVILL.

Hygienic Wine,

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re-animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the strain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

IN BOARD OF ALDERMEN, Thursday evening, the City Marshal's quarterly report was accepted.

The petition of Ichabod Goodwin and others, and a communication from the Selectmen of Kittery, Me., enclosing a petition from citizens of Kittery, for extension of quarantine ground, were severally laid on the table, on account of the absence of several members of the Board.

A joint resolution from the Common Council transfering the appropriation of $9600,—for the purchase of the Academy, was passed in concurrence. The resolution transfers $3000 to the appropriation for repairs of Hanover St. School House, and $6600 for payment of the city debt.

A joint resolution also passed both Boards requesting the selectmen of the different wards to insert in their warrants for the November election the following clause, viz: "To see if the citizens will ratify and accept the act of the Legislature of the State of New Hampshire, entitled An Act in relation to Schools in the City of Portsmouth, approved July 7, 1866." [The act of the Legislature provides for the election of six of members of the school committee in each ward at the regular municipal election, and in case the Act is adopted by the vote the citizens in November the first election members of the committee will take place on the fourth Tuesday of November, 1867.]

A joint resolution authorizing the sale of the fish market at Liberty Bridge, by the Mayor, passed in concurrence.

A NOBLE SON OF PORTSMOUTH.—At Columbus, Ohio, on the 4th of October, there was a great republican demonstration, and Gen. Butler and Mr. Shellabarger were among the speakers. An Ohio paper giving an account of the doings, has this item:—

Considerable comment was made to day over the fact that the United States Assessor's office displayed a good sized flag in honor of the occasion. This was done by the Assistant, John Wheeler, who was given to understand that he could remain in office until after the elections, but just for effect only. He promptly declined to accept the proposition, and he will therefore resign to morrow.

John Wheeler is a Son of Portsmouth, and was here at the Sons' Return, several years ago. His firmness to the right, as above, reflects honor upon his birthplace.

BASE BALL.—A match game of Base Ball comes off this afternoon on the grounds of the Rockingham Club, at Rundlett's Hill, between the "Star" Club of Kittery, and the "Nationalist" of this city. Much sport is anticipated, both clubs being juniors. The catcher of the first nine of the "Nationalist," Mr. George H. Whittemore is a youth of ten summers.

☞ The New York Commercial says the Philadelphia Ledger's hoax concerning the President and Congress was sent to the Ledger from New York city for stock-jobbing purposes. If the author can be found, and law enough found to reach him, he should be made to suffer for the fraud and libel.

☞ The three Biddeford roughs, (none of them 21 years of age,) who beat and probably caused the death of Chas. F. Spear, at Saco, are in jail for trial. Their counsel set up the defence that Spear's death was caused by intoxication, a fall on the curb-stone, and neglect afterwards.

Dr. Schenck's NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of **No. 35 Hanover Street**, Boston, where he will be professionally every WEDNESDAY from 9 to 3. Every person complaining with Consumption or any disease leading to it, are invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part, also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par.

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass.
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade-marks or price,

ALL THE PRODUCTS OF THEIR FACTORY
ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

ALL READY FOR THE FALL TRADE

'The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have *no superior* in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

Morning Chronicle.

OCTOBER.

On hill and field October's glories fade;
O'er hill and field the blackbirds southward fly;
The brown leaves rustle down the forest glade,
Where naked branches make a fitful shade,
And the last blooms of autumn withered lie.

The berries on the hedgerow ripen well—
Holly and cedar, hawthorn and briar;
The partridge drums in some half-hidden dell,
Where all the ground is gemmed with leaves that fell
Last storm from the tall maple's crown of fire

The chirp of crickets and the hum of bees
Come faintly up from marsh and meadow land,
Where reeds and rushes whisper in the breeze,
And sunbeams slant between the moss grown trees,
Green on the grass, and golden on the sand.

From many a tree whose tangled boughs are bare,
Lean the rich clusters of the clambering vine;
October's mellow haze dim the air
Along the uplands and the valley, where
The distant steeples of the village shine.

Adown the brook the dead leaves whirling go;
Above the brook the scarlet sumac burn;
The lonely heron sounds his note of woe—
In gloomy forest swamps doth rankly grow
The crimson cardinal and feathery fern.

Up or Down?—Mr. Jones met Mr. Smith, as he was going on board a steamboat on the Mississippi, and asked, "Which way, Smith, up or down?" "That depends upon circumstances," remarked the latter. "*If I get* a berth over the boilers, I shall probably go up; if in the cabin, down." We have not heard from him since.

☞ Three thousand millions of debt half a million of soldiers' graves, two and a half millions of the people clothed in garments of mourning, surely are solemn monuments of the earnest purpose of a nation to save its life. A "policy" that will waste this sacrifice—a political "policy" that will voluntarily surrender the fruits of such a costly war and give to the Rebels the advantages and power they failed to conquer by arms—such a policy, argued to tax-payers, cannot but be accepted as treason—urged upon the relatives of the slain, must be felt to be blasphemy—pronounced in the hearing of the world, surely will be considered the phenomenon of insanity or idiocy.—*Tribune.*

— When may the hand of a barometer be supposed to be engaged in commercial transactions? When it's on Change.

— When is a vessel smaller than a bonnet? When it is cap-sized. (The author has since had his head shaved.)

— "Does the razor take hold well?" inquired the barber who was shaving a gentleman from the country. "Yes," replied the customer with tears in his eyes, "it takes hold first rate, but it don't let go worth a red cent."

— I have had occasion to observe that a warm, blundering man does more for the world that a frigid, wise man. One who gets in the habit of inquiring about proprieties, not expedencies and occasions, often spends his whole life without doing anything to purpose.—*Cecil.*

NOW OPEN!
MONTGOMERY'S
MUSIC PICTURE FRAME, AND VARIETY STORE,
10 1-2 Daniel Street,
(Over Miss Beal's Dry Goods Store.)
The Subscriber, formerly with S. F. COB would inform his friends and former patrons o Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Sheet Music, Covers, Sheet Music, Flutina, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.
PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.
PICTURE FRAMES on hand and made to order. LAMPS altered and repaired.
Having made arrangements with Prof W. E. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr. Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.
Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. DAY. Also, the celebrated SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made,
higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow's imports and baxter sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

☞ **Caution in Time.**
Persons that desire to use Dr. HERRICK'S *Oblong Kid Strengthening Plasters*, that cures pains, weakness, and distress in five hours, and that has stood the test of experience thirty years, should not confound them with the miserable unbleached muslin paper, and other worthless preparations called Plasters, offered by some druggists, and often given in place of HERRICK'S. Dr. **Herrick's Kid Plasters and Sugar Coated Pills** are used in the U. S. Army and Navy, are introduced into most Hospitals, Alms Houses, and Prisons, and startle communities with their wonderful cures. Five thousand physicians and surgeons use and endorse them. Call for and see that you get none but HERRICK'S KID PLASTERS AND SUGAR COATED PILLS. Sold by dealers everywhere.

"Dr. J. Collis Browne's Chlorodyne."

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies; and unhappily there is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to make them themselves, which is known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innocuous coloring materials, and the neatest and most tasteful styles of manufacturing constitute Southmayd's candies among the best, safest, and the most popular in the market.—*Boston Journal.*

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,

Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night Emissions, Impotency, Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Sight, Premature Decrepitude, Old Age, Weak Nerves, Difficult Breathing, Pale Countenance, Palpitation of the Heart, Dyspepsia, Consumption*, and all diseases that follow as a sequence of youthful indiscretions.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. Thirty-two page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists, or will be sent free express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.

Cherokee Remedy,

Cures all Urinary Complaints, viz: *Gravel, Inflammation of the Bladder and Kidneys, Retention of Urine, Strictures of the Urethra, Prostatic Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fluor Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " " $2, " " $5
The Cherokee "*Cure*" "*Remedy*," and "*Injection*" are to be found in all well supplied drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds,—in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

SUMMER DYING.

On the scarlet mountains yonder,
Summer lieth down to die;
She gathers her robes of splendor
Around her royally.
Her tender, purpling mosses
Pillow her royal head;
Her myriad, gentle grasses
Are weeping about her bed.

It failed, the precious promise
Of her beauty's golden reign—
Hoarse, she lies, her sunny music,
The silence, and the pain.
She was cruel in her splendor,
She mocked us in her reign;
She held her careless carnival
Above our idol slain.

'Tis not the hand that crowns us,
The hand held out to bless;
'Tis the hand that robs and wrongs us,
That is oftenest caressed.
Still, O, beguiling Summer,
We o'er thy beauty lean;
Thou did'st rob us, yet we love thee—
Discrowned, we hail thee queen.

All passionate fervor faded,
With eyes at last serene,
Turned towards thy conqueror, Autumn,
Thou art dying, O, our queen!
All that thou gavest to us
In thy morning's gracious glow,
All thou hast taken from us,
Only our God can know.
—[Springfield Republican.

NORTH CAROLINA.—Some resolutions adopted by the Colored Educational Convention at Raleigh, N. C., a few days since, show very plainly what the condition of the colored people in that State is. The resolutions set forth that inasmuch as in many counties of the State the freedmen are killed, shot and robbed for the most trifling offences, and often for no offence at all, the offenders being allowed to go freely at large, they should form auxiliary leagues in every town and district, which leagues should communicate to a central bureau at Raleigh all cases of outrage, that the Government and the world may know of the cruelties inflicted upon them. The resolutions express gratitude for the passage of the Freedmen's Bureau Bill, the Civil Rights Bill and the Constitutional Amendment, and signify the hope that further similar legislation will take place till their rights as American citizens shall be fully protected. They claim the right of representation in the Government, and conclude as follows:

Whereas, in the different counties in this State our children, the dearest ties of which bind us to domestic life, and which make the ties of home endearing, are ruthlessly taken from us and bound out without our consent, therefore

Resolved, That we earnestly protest against such violation, and will do all in our power to prevent its further continuance.

—"Shall sheep and swine be permitted to run at large" is a question to be decided by an election in Iowa." That little question has long ago been decided by rogues in localities that we know of.—*Atlanta (Ga.) Era.*

(Over Miss Beal's Dry Goods Store.)
The Subscriber, formerly with S. F. COB would inform his friends and former patrons o Mr. Cobb, that he has opened a store of a similar kind, for the trade in Piano Fortes, Organs, Melodeons, Stools, Covers, Sheet Music, Flutinas, Accordeons, Stringed Instruments, Pictures, Frames, Cord, &c.
PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.
PICTURE FRAMES on hand and made to order.
PIANOS altered and repaired.
Having made arrangements with Prof. W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering & Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.
Every instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Morning Chronicle.

Portsmouth N. H.

MONDAY, OCTOBER 15, 1866.

☞ A man in Washington, Sec. McCulloch in a late letter, speaks in favor of the President, as a very honest patriot,—but says of his late stump speeches:

In his unpremeditated remarks he may have indulged in a plainness and directness of speech, unusual in the Chief Magistrate of the nation, and offensive to some very critical and fastidious people.

This is rather rich, but we copy something better as follows, from the Gloucester Telegraph, which has all along spoken as well of Pres. J. and his policy, as it possibly could within sight of the truth,—and sometimes we thought almost lost sight of it. But in swinging round the circle the President has opened the eyes of many. The Telegraph said, on the 10th:—

Elections took place yesterday in the States of Pennsylvania, Ohio, Indiana and Iowa. In most of them State officers were to be elected, and in all members of the next Congress were chosen. Three months ago there was good grounds to suppose the National Union party would carry three of these States, if not the whole four, and make a large gain among the congressmen; but the President undertook to electioneer for himself, and in endeavoring to kick his opponents, kicked the bottom out of his own platform, and let his friends fall into the whirlpool which is swallowing up everything in the North of a political character.

THE HOAX ON THE PRESIDENT.—A Washington dispatch to the Tribune says that the correspondent there denies sending the dispatch concerning the President's consulting the Attorney General relative to the constitutionality of Congress, &c., and the belief is that the story was concocted in Philadelphia. What is singular, the Associated Press reporter telegraphed the story all over the country, excepting to Washington, and nothing was known there of it until the arrival of the Baltimore papers.

At Philadelphia, the proprietor of the Ledger has caused a rigorous investigation to be made into the origin of the dispatch. All the facts connected with the dispatch—the original papers, the names of the Washington informants of the Ledger's correspondent, and the grounds upon which the dispatch was based—have been forwarded to Washington for submission to President Johnson.

If the questions were drawn up by any partisan of the President, as a *feeler*,—or by an opponent for the same purpose,—the public response must satisfy the enquirer, that the people *do not* approve the *policy* of disregarding Congress. The New York World condemns it, utterly.

IMPEACHMENT OF THE PRESIDENT.—There is something very grateful to the minds of Republicans in the proposed impeachment of President Johnson, and his trial by the Senate for malfeasance in office. Gen. Butler is broaching the subject to Western audiences, and the applause with which the suggestion is received shows how the wind blows. But "discretion" is usually regarded as "the better part of valor." However much the President has trascended his duties; however much he has insulted Congress, and degraded his office; his power for mischief is now nearly or clean gone; and it may be found better to let patience do its perfect work, than stir up anew those elements of strife, which, again agitated, might result in irreparable disaster. The country needs repose. The terrible rebuke administered on Tuesday to the President will make him better or worse. Let us wait and see.—*Concord Statesman.*

[We *must* wait till Congress meets, on the 3d of December; and the "discretion" in the case belongs to Congress itself. The People have assured Congress (so far as the elections have gone) that the next Congress, like the present, will have *two thirds* of both Houses, in favor of *equal* representation, or else none at all from ex rebel States,—and opposed to the "policy" of rewarding rebellion and treason. The President deserves impeachment; Congress has power to impeach him; and he should be impeached, unless the Senate shall reject the great mass of his recent appointments, and unless Congress shall define and limit his powers very considerably,—and even then he would be troublesome. The country has a right to be safe. Gen. Ben. Butler, in a recent speech, recommended that the impeachment take place March, 1867,—rather than to have a new struggle with a rebel-Johnson Confederacy in March, 1869. "The country needs repose," says the Statesman;—and we add, it would repose much more quietly if President Johnson were impeached, than it possibly *can* do while he holds office. He has utterly forfeited the public confidence, and should be made to take a back seat. U. T.]

— A fire in New York, Friday night, destroyed the Hobby-Horse Manufactory of A. Christian & Son, on Margin street. Loss $120,000.

— Forney's Philadelphia Press says it is computed that not less than twenty-five hundred men were "constructively" employed in the navy yard there preceding the recent election, and that of this vast army all were forced to vote, if not against their conscience, certainly against their country, on the 9th instant.

NEW HAMPSHIRE ITEMS.

—— Apples were frozen, upon the trees, in Enfield, during the first week in October.

—— Mr. Parker Fisk of Dublin, 73 years old, retired in his usual health on the evening of the 7th, and was found dead in his bed next morning.

—— The Pine Valley Company, chartered at the last session of the Legislature, have made the preliminary surveys, and will soon build a new carpet mill on the Souhegan river at Milford.

—— Mr. D. A. Spalding, of Manchester has been placed in charge of the track from Manchester to this city, and of the yard tracks at Manchester. He is also Road Master from Manchester to Lawrence.

—— Lawyer Bellows, of Walpole, has created a sensation in New York city, by a stud of eight black horses which he carried from this State, and which he drives "six in hand" or tandem. It is said that any of them driven singly can go "inside of three minutes."

—— Nashua is excited over recent burglaries there. The house of George W. Perham was entered Wednesday afternoon, while all but the servant girl were absent; a gold watch worth $150 and other articles were taken from Mrs. Perkins' room. On Wednesday night Luther A. Roby's house was entered and a pocket-book containing $1400 was taken from Mr. Roby's pantaloons in his sleeping room. Another house was entered early in the week, but a burglar aroused a lady in his efforts to get in, and she frightened him away.

TUESDAY'S ELECTIONS, are summed up in Saturday's republican papers, thus:

In Pennsylvania, Geary's majority above 18,000; the returns to come in will not greatly vary it. We make a gain of two Congressmen—Gen. Cake and John Covode. In the 12th District, Mr. Archibald (Republican) will contest the election, on the ground of an immense number of illegal votes said to be given to his competitor.

In Ohio, the Republican gains come in finely. The majority of last year, 29,936, has been carried up to 45,000 and possibly above. In the 13th District, Delano (Republican) appears to have been beaten by Geo. W. Morgan, the Democratic candidate. It is true that Mr. Delano too generally acted with the Johnson party in the House, but we should still much prefer him to his successful competitor. His defeat is a Republican loss in the delegation.

[Not a great loss, if he acted so: an open opponent is better than an unreliable ally.]

In Indiana, the later reports cut the Republican majority in the State down to between 13,000 and 14,000. Democratic gain of one in the Congressional list.

Iowa right, a general Republican gain of five or six thousand over last year.

Members of Congress, exactly as before: the two gain in Pennsylvania, offset by one loss in Indiana, and one in Ohio.

We have *before us*, an Ohio copperhead *estimate, made just before election.* The Johnsonians were to gain 6 members in Pennsylvania, 9 or 10 in Ohio, and 3 or 4 in Indiana. That is they *were* to gain 18 or 20, where they gain none.

RESPONSE TO DOOLITTLE.—Senators Howe and Doolittle of Wisconsin have been having a public discussion. The popular dissatisfaction with Doolittle was so constantly expressed by the audience that Mr. Howe's friends had to exert themselves to preserve order. In the way of interruptions, a correspondent relates the following

"While Mr. Doolittle was discoursing of the loyalty of the South, some one in the crowd called out 'New Orleans.' The Senator was greatly angered at this, and called out: 'Who was that? Get up and show yourself!' Whereupon a young man in the audience got up and showed himself conspicuously, and declared that he was the man. Doolittle shouted, 'What is your name, sir?' The prompt and emphatic reply was, 'My name is Smith, and I served four years in the army, fighting just such men as you are!'"

RECONSTRUCTED ELEGANCE.—The spirit that purloined the bones of our gallant dead to make trinkets of is not yet extinct in Virginia, though it finds vent in words instead of deeds. As an instance, we give the following extracts from an article in the Richmond Examiner on the visit of the Southern delegation to the tomb of Lincoln:

"The gorillas, orang-outangs and apes appointed by the Mulatto Convention as a Committee of Pilgrims to visit the tomb of the king ape have begun their imitative tour."

And again:

"We are afraid that the apes will have to go back to the middle ages for a suggestion. In those days there were fantastic pilgrimages, in which certain holy relics were borne to attract and inspire all the devout along the journey. Wherefore not exhume the bones of the King Ape (him who played such fantastic tricks before high heaven as made the angels weep) and parade them through the land?"

☞ In the United States there are 750 paper mills in active operation. They produce 270,000,000 pounds of paper, which at an average of ten cents per pound would be worth $27,000,000. As it requires about a pound and one-half of rags to make one pound of paper, there are consumed by these mills 400,000,000 pounds of rags in a single year. If we estimate the rags to cost four cents per pound, there would be a profit of $11,000,000 in this branch of manufacturing.

THE U. S. UNITARIAN CONVENTION at Syracuse, N. Y., has just closed an animated session. Rev. Mr. Hinckley offered a resolve pledging the Conference to the cause of temperance, which, after brief affirmative addresses, was unanimously agreed to. The subject of fraternization with Universalists and other denominations in sympathy with this body was decided by the passage of a resolution affirming warmly the duty and pleasure of this body to agree to such a policy, and by the appointment of a committee to promote such fraternization.

The Meadville Theological School was considered, and on the statement that $30,000 was imperatively needed at once to put it in the best condition of usefulness, the sum was pledged by the conference in less than thirty minutes. The smallest subscription was $20, (by the class of 1866 of the Cambridge Divinity School,) and the largest $2000, by a lady of Meadville. Rev. Dr. Stebbins and five other gentlemen were appointed receivers, and the money is to be paid before January 1, 1867.

The Convention passed a series of resolutions relating to national political affairs. They gratefully referred to God's providence in the end of the war; called upon all citizens to see to it that those who were the custodians of the Union in the fight shall continue to be so; proffered sympathy to the tried people of the South, black and white, and promised continued activity until equal and impartial suffrage prevails; and promised ceaseless effort to educate and Christianize the lately emancipated slaves.

MISS GILSON.—In Chelsea, Massachusetts, Wednesday evening, a marriage occurred betwixt parties, one of whom has become endeared to thousands by acts that have become historical. In the Universalist Church, by Rev. Mr. Leonard, Mr. Hamilton Osgood was united to Miss Helen M. Gilson, in the presence of an audience of invited guests that filled the church.—The bride was given away by Hon. F. B Fay, of whose family she has been a member for many years. The name of Miss Gilson has a charm in the ears of the soldiers of the Army of the Potomac, with whom she was for three years a ministering angel in the hospitals, and an attendant on battle fields, giving aid and consolation to the suffering, and performing offices of the most important character to the wounded. Upon leaving the field with impaired health, she was followed by the prayers of thousands before whom she had walked as an example of patience and Christian duty, and her nuptials will be hailed with a blessing from many heroic lips.

NO MORE TROTTING ON THE CHICAGO DRIVING PARK.—The recent murder of McKeever (the driver of Gen. Butler) on the Chicago Driving Park, having brought the park into disfavor, the Association owning it held a meeting on Wednesday last to take into consideration the best means of disposing of the property. It was resolved that all racing should be discontinued on the grounds; that no more purses shall be given by the association for public racing, and that the grounds shall be kept exclusively for a driving park until disposed of by the association. Riley, the driver, and Hastings, the owner of the horse Cooley, were ruled out from further enjoyment of the privileges of the course, for gross misconduct on the day of the McKeever murder.

ACQUITTED.—Rev. W. C. McClone of Cincinnati was charged by seven different Presbyteries with "holding and defending a fundamental and serious error on the subject of Church Fellowship." At the late United Presbyterian Synod, held at Shiloh, Ind., the case came up for trial. Some time during last winter Mr. McCune published a book in which he maintained the position that all who gave credible evidence of a faith in Christ ought to be received in the Christian Church, without reference to their ability to subscribe to this or that denominational peculiarity. After a careful investigation of all charges specified, the reverend gentleman was acquitted by a vote of 43 to 15.

☞ Gonzales and Pellicier, who, with a man named Viele, murdered Senor Otero, of Cuba, on the night of the 22d of November, of last year, in the city park at Brooklyn, N. Y., were hanged on Friday in the jail yard at Brooklyn. They confessed the crime, and said that Viele was the instigator of it.

— Rev. W. L. Gage, who has been absent in Europe two years, engaged in the preparation of a biography of the great German geographer, Ritter, has returned. He will deliver one of the courses of lectures before the Lowell Institute, Boston, this season. His subject: "Biblical Geography."

— The J. Monroe Taylor Gold Medal Soap has acquired pre-eminence over all other soaps, in point of economy and utility, from the wash-tub to the printer's devil. It is without doubt the best soap made; it has many inferior imitations, but no rivals, and can be safely said to be ahead of all others. 24

☞ At the Republican Convention at Worcester, Mass., Thursday, Maj. McCafferty, heretofore one of the prominent Democrats of Worcester, made a speech, in which he said this was the first time he ever attended a Republican Convention as a delegate; that he subscribes fully the platform of the Republican party; and that while the Republicans remain on the broad ground they now stand upon for humanity and freedom, he should stand with them.

Read what Dr. Scovill says of ALLEN'S LUNG BALSAM:
Messrs. J. N. HARRIS & CO.:—
GENTS—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep-seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption! It causes the phlegm and matter to raise, without ir itating those delicate organs (the Lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state.
Yours respectfully, A. L. SCOVILL.

Hygienic Wine.

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY!

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It replaces with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and dissipates Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE.

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous GRAPE, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be *above all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

Dr. Schenck's NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor at **No. 35 Hanover Street**, Boston, where he will be professionally every WEDNESDAY from 9 to 3. Every person complaining with Consumption or any disease leading to it, are invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part, also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

PERRY DAVIS' VEGETABLE PAIN KILLER possesses virtue, which not alone removes pain instantly, but regulates the stomach, gives strength, tone and vigor to the system. It is one of the medicines that is worth more than gold.

DON'T experiment in testing new remedies, when you can buy the genuine Pain Killer, which everybody knows to be good.

The Woodstock (C. W.) Sentinel says: "It is a generally admitted fact that the medicine manufactured by Messrs. Perry Davis & Son has been instrumental in alleviating much pain, and giving relief to millions of suffering humanity. The medical faculty almost everywhere recommend the Pain Killer, and its reputation is now established as the most beneficial family medicine now in use, and may be taken internally and externally to great pain." o1—dawlm

Local.

☞ We learn that every effort is being made by the managers of the Citizens' Lyceum for a course of first-class lectures the coming season. Among those already engaged are Geo. William Curtis and Rev. Dr. Bellows, of New York, who are well known as being among the most eloquent and interesting speakers in the country. The committee are in correspondence with Maj. Gen. Butler, Maj. Gen. Logan, of Illinois, Wendell Phillips, Hon. Geo. S. Boutwell, Bishop Simpson of Philadelphia, Maj. Gen. Banks, Bayard Taylor, and other distinguished lecturers. In connection with the lectures there will probably be a Grand Concert by the Mendelssohn Quintette Club of Boston.

Communication.

Messrs. Editors:—I shan't keep quiet! I've kept quiet more than twenty years, hoping that in the course of general improvement the nuisance of which I am about to complain might be removed. Yes, gentlemen, for more than twenty years I have stubbed my toes almost daily against the upheaved stones of said nuisance, and in rainy weather have almost nightly wet my feet and spattered my clothing by stepping into some of the puddles this nuisance fosters on our most public thoroughfare. I am but a small integer of the great whole, which is affected by this nuisance, and have hitherto held my peace in the hopes that "Old Square Toes," or some other philanthropist would speak on the matter. True it is we have still extant in our midst a relic of semi-barbarism—the uncouth old stone pavement around our city building and in front of the First National Bank. If public finances are so straitened that we cannot have a brick walk, let us so far respect decency as to have a good gravel walk laid, which would be far more agreeable to the pedestrian than the present shabby affair.

"Stand ye in the ways, and see, and ask for the old paths, where is the good way."

YOUNG SQUARE TOES.

TROTTING PARK.—We learn that a Trotting Park is being laid out in the vicinity of Fountain Head, near the Abednego Robinson Farm. A tract of land containing twenty acres has been purchased at an expense of $800. A fence 8 feet high is to enclose the track, costing one thousand dollars. Suitable buildings and seats for spectators are to be erected at a cost of fifteen hundred dollars. The park will be ready in about a month. The principal proprietors are Henry Stoddard, Charles W. Carter and Woodbury Locke.

☞ Many readers who have admired the noble teams of draft horses belonging to the brewers in this city—will regret to learn that one of Mr. Frank Jones' fine greys was killed a day or two since. Another horse of the same team, a bay, and usually a very kind, gentle creature, too—slipped his halter in the stable, and kicked the grey terribly, as he stood in his stall, injuring him so severely that it was deemed advisable to kill him a day or two afterwards. He was worth several hundred dollars, and his owner, who well knows and appreciates a fine horse, probably would hardly have taken a round thousand for him.

☞ The match game of Base Ball, Saturday afternoon, between the "Star" Club of Kittery and "Nationalist" of this city, Juniors, was stopped by the rain at the conclusion of the fifth inning—the score standing "Star" 39, "Nationalist" 30. Mr. Jas. H. Dow acted as umpire, and Messrs. Jackson and Fitzgerald as scorers.

☞ We understand that the promising trotting mare "Nellie Locke" was seized by Government officials on Friday, at Portland, for alleged infraction of revenue regulations when imported from Canada.

☞ Philharmonic rehearsal Tuesday evening at half-past 7—Mercantile Hall.

☞ From London, Oct. 10, it appears Prussia and Saxony have adjusted their difficulties and made peace.

BOAT RACING—*Yankees at the French Regatta.*—On the 10th ultimo there was a regatta in the French harbor of Cherbourg, and among the prizes was one given for man-of-war boats. Seventeen entered for the race, including all the crack boats attached to the French iron-clad squadron, all of them pulling sixteen oars each. The barge of Admiral Goldsborough was also in the list—a New York built craft, and very handsome—but with row-locks for only twelve men. On starting the Yankee boat had an unfavorable position, but this was soon rectified, and the Yankee boys went ahead and made themselves the winners in a race of nearly two miles by about a hundred yards. The boat which beat all others in the Mediterranean fleet was in the race, with her sixteen oars, but the American twelve oared barge whipped her out of sight. The result was a great surprise to "Johnny Crapo."

GOLD, Saturday, 152 3 4.

— A man about town was lately invited to a sewing party. The next day a friend asked him how the entertainment came off. "Oh, it was very amusing," he replied "the ladies hemmed and I hawed."

A REMINDER OF SHERMAN'S RAID.—The Richmond Dispatch says that on Thursday last eight hundred tons of rails from the Charlotte and South Carolina Railroad were received at the Richmond and Danville Railroad depot, to be sent to the Tredegar Iron Works. The rails were some of those destroyed by Sherman's Raid, and some of them were tied in a bow-knot, and in the centre of one coil of iron bar was the trunk of a tree, around which it had been wrapped. The iron will be worked up again into rails.

— The Norfolk Dominion says it is "useless to deny that our city is at a stand-still in every sense of the word."

— Halibut fishing on the coast of Greenland, has proved very successful to some Gloucester vessels.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest and most infallible preparation in the world for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine. **Price $1.50.**

Prepared by Dr. JOHN L. LYON, 183 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases of female weaknesses. **Price $1.50 per bottle.**

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

From the Portsmouth Journal

FRANCE AND NAPOLEON.—The Parisian correspondent of the New York Tribune, as matter of speculation of course, understands the "policy" of the Emperor on this wise.—The change of his first minister has no generally perceptible bearing, unless it be that the new Secretary has less friendly feelings towards Italy. But whatever may be the ulterior plans, (if he have any,) of the Emperor, he will punctually fulfil all engagements; keep on friendly terms with Prussia; lengthen out, but not desert the Italian interest; settle nothing in regard to the Pope; but preserve *peace, until after the Great World's Fair, at Paris*, which commences in April next. But in the mean time, though "hard worked" for months, and somewhat disappointed in his Mexican connection, as well as the rebuff he received from Prussia, and dislike of her sudden growth in power and influence, he has selected from various *candidate shooting irons*, the gun of one Monsieur Charrepat, as most satisfactorily *murdering*; has ordered pressing fabrication of the same to the number of 200,000, and conferred upon said *meritorious killing invention*, the cross of the "Legion of Honor."

The French people are first to be amused, flattered, and served, by making the Great Exhibition a magnificent success, a dazzling show, a fertile source of solid profit to French folks in general, and especially to his Parisian liege.

We are not only to be great competitors, but thousands in addition to the usual thousands of European summer visitors, will be on hand to swell the profits of French railroads, hotels, theatres, &c. &c. The hinted designs and objects, to succeed this great display, may, after all, be mere speculation, and Europe settle down in peace and brotherhood!

LATER.—The Cable Telegraph announces the signing of the Treaty of peace between Austria and Italy. Napoleon makes the annexation of Venetia to the Italian kingdom depend on the popular vote of the people, but of the result nothing is doubtful. The last difficulty now to be overcome, is the Pope.

The Italian Government assumes the debt of Venetia, of 25 millions of florins. The Prussian Government takes possession of Hanover.

THE PROPOSED IMPEACHMENT OF THE PRESIDENT. We take the following from the Washington correspondence of the Worcester Spy:

The Cleveland speech of Gen. Butler, whose practical radicalism means as well as accomplishes something, has created a profound sensation here in administration circles.

The question of impeachment begins to assume form and force. Doubtless to the inmate of the White House the feeling is, take "any shape but that." The kitchen cabinet and the court organs here imply in no very doubtful phrase that should the attempt be made, resistance will be the result. The President will plant himself upon the assumptions which he for months past has argued. Congress, being illegal and revolutionary — "a body as it were hanging on the verge of the government," — being but a "rump," how can it legally impeach the Executive? Will he not be desperate enough to attempt resistence? Certain it is he intends to some whose antecedents point to their giving such advice.

Mr. Johnson is destined in his own person to illustrate how dangerous it is to tamper with the liberties of an aroused and intelligent democracy.

One report which comes to me from a respectable source, is, that under pretence of reorganizing the army, there is to be a considerable gathering of troops here this fall. Twelve thousand is the number given.

FOREIGN ITEMS.—*The English Cattle Plague.*—London Journals of the 19th of September announce that the English cattle disease has again broken out in several districts from which it was thought to have been eradicated, and a large increase in the weekly returns of the number of animals attacked by the plague was anticipated.

The cholera has reappeared on the French and Italian seaboards at Marseilles, Nice, Genoa and Naples. In Marseilles, an alarming increase of cases has taken place, more than sixty deaths occuring daily, scattered over the whole city without distinction of districts. Toulon has escaped, but at Nice the disease has pronounced itself with unusual violence.

The potato disease was making sad ravages in some parts of England.

Advices from Bombay announce the failure of Premichund Roychund, a Parsee merchant, whose engagements are understood to be of enormous magnitude. He had been a large operator in cotton and in various great joint stock speculations in Bombay. It is understood his liabilities were as high as £8,000,000.

On a single day, Thursday last, 130 patents were issued by the department in Washington. This indicates an inventive power in the American people, never equalled before. We wonder how many of these patents will ever pay the cost of the parchment!

WHAT PLEDGE HAVE I BROKEN?

Andy said that he would lead 'em
Out of bondage into freedom,—Andy did!
Promised he would be their Moses.
Country says that all it knows is,—*And he did so!*

The Greenfield and Troy Railroad to the tunnel, is at last to be completed. The State authorizes the contract—not to exceed six hundred thousand dollars.

CYRUS W. Field, the hero of Ocean Cables, has arrived in Boston, the great work, with the new lines across the Gulf of St. LAWRENCE, being completed. A dispatch from England awaited his arrival, stating that his health had been drunk at a great meeting in London. It bearing the same date and hour, *at both places!*

In consequence of "difference of views" between Judge French, the President of the Massachusetts Agricultural College, and the large Board of Trustees, the Judge has resigned.

The personal property of Gen. Lee, on the Arlington estate, has been restored, by order of the President, simultaneous with turning out a Union man appointed by President Lincoln for services and suffering, and appointing one of his *pardoned rebels!* All right—that's his *policy*.

Rev. Dr. Chapin's new Church, in New York, is to be opened in November: cost $120,000, and to seat 1800 persons. The corner stone of Dr. Osgood's new church was laid on the 28th ult.

Minnesota, it is estimated will this year produce *16 million* bushels of wheat! In 1860, but 2,196,000 bushels.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than confectionery, and happily there is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe use to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Temple Place, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The purest and purest material, the use of none but the most innocent and innoxious coloring materials, and the neatness and cleanliness of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

CHEROKEE CURE,
THE GREAT
INDIAN MEDICINE,
Cures all diseases caused by self-abuse, viz:—*Spermatorrhœa, Seminal Weakness, Night-Emissions, Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Diffidence, Nervous Debility, Weakness, Insanity, Consumption*, and all diseases that follow as a sequence of youthful indiscretion.
The Cherokee Cure will restore health and vigor, stop the emissions, and effect a permanent cure after all other medicines have failed. The 32-page pamphlet sent in a sealed envelope, free to any address.
Price $2 per bottle, or three bottles for $5. Sold by all druggists; or will be sent by express to any portion of the world, on receipt of price, by the sole proprietor,
Dr. W. B. MEEWIN, 37 Walker St., N. Y.

Cherokee Remedy,
Cures all Urinary Complaints, viz: *Gonorrhœa, Inflammation of the Bladder and Kidneys, Retention of Urine, Stricture of the Urethra, Dropsical Swellings, Brick Dust Deposits*, and all diseases that require a diuretic, and when used in conjunction with the
CHEROKEE INJECTION,
does not fail to cure *Gonorrhœa, Gleet and all Mucous Discharges* in Male or Female, curing *recent cases in from one to three days*, and is especially recommended in those cases of *Fever Albus or Whites in Females.* The two medicines used in conjunction will not fail to remove this disagreeable complaint, and in those cases where other medicines have been used without success.
Price, Remedy, One Bottle, $2, Three Bottles, $5.
" Injection, " $2, " $5.
The Cherokee "*Cure*," "*Remedy*," and "*Injection*" are to be found in all well regulated drug stores, and are recommended by physicians and druggists all over the world, for their intrinsic worth and merit. Some unprincipled dealers, however, try to deceive their customers, by selling cheap and worthless compounds, in order to make money—in place of these. *Be not deceived.* If the druggists will not buy them for you, write to us, and we will send them to you by express, securely packed and free from observation. We treat all diseases to which the human system is subject, and will be pleased to receive full and explicit statements from those who have failed to receive relief heretofore. Ladies or gentlemen can address us in *perfect confidence.* We desire to send our thirty-two page pamphlet free to every lady and gentleman in the land. Address all letters for pamphlets, medicines, or advice, to the sole proprietor,

NEGLECTED GOOD ADVICE.—The Cincinnati Gazette tells the following:

"The day before George H. Pendleton started for Washington, in July, 1861, the following conversation occurred between him an old Democratic citizen, who called upon him at his office.

'George, you have known me, ever since you have known anybody, always to have been a Democrat, and I have called to see you and give you my views before you leave for Washington. My view is, that if the Black Republicans ask for 250,000 men to crush out this rebellion, do you go in for 50,000 to 100,000 more; and if they ask for $400,000,000, do you go for $100,000,000 more. If the rebels find that the Democratic party have taken this stand, they will cave in, in six months; but if they find the Democratic party siding with them, God only knows when it will be ended.'

After his return from Washington the next winter, I met him on Main street, and after shaking hands, I asked him if he recollected what I said before he left for Washington. He answered, 'I shall never forget it.' I then said to him, 'You did not follow my advice.' He observed, Mr. G. it is not possible for a man who is attached to a party to take a stand in opposition to that party.' I then observed to him, 'You are mistaken, sir; if you had followed that advice and had stood alone, it is my opinion it would have made you one of the most popular men in the United States in five years' time, and eventually placed you in the Presidential chair.'"

THE CONSEQUENCES.—A letter from New Orleans says that among the consequences of the recent riot in that city are the stoppage of emigration from European countries to Louisiana and the threatened removal of several millions of Northern capital invested there, the gentlemen owning it having become alarmed at what they conceive is an indurated opposition to Northern men generally and radicals in particular.

☞ The London Times' American correspondent admits that the President has destroyed his political prospects by his own indiscretions on his Western tour. The Times itself begins to desert the losing side, as usual, and even goes so far as to say: "When the animosities of the war have somewhat passed away, and the feelings with which the negroes are regarded somewhat softened, the Southerners will, it is to be hoped, confer the franchise on black men, under proper regulations."

— It is ascertained by the cholera returns in London that the cases were always heavier on Mondays and Tuesdays than on any other days, owing to greater drunkenness which prevails on Saturday night, often extending over Sunday morning.

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the *intermittent type*, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its importance to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. Our agent complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.

Prepared by J. C. Ayer & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au29—2m

Morning Chronicle.

Portsmouth N. H.

TUESDAY, OCTOBER 16, 1866.

THE HOAX.—The Philadelphia Ledger publishes a history of the dispatch relative to the President and Attorney General Stanberry, in which it appears that H. M. Flint ("Druid") furnished it to the Ledger's correspondent. Flint refuses to tell the name of the man of whom he got the news, but says he was a person in office.

The Washington correspondent of the Boston Journal gives Druid the following notice:—

For the present it is only necessary to say, in addition to that statement, that Flint, the author of the fabrication, is the man who wrote the infamous correspondence to the World during the war of the rebellion over the signature of "Druid." This correspondence was written up at Baltimore; and, though attracting considerable attention, was generally the merest untruth. Flint has no standing here among newspaper correspondents, nor does he ever come in direct contact with the original sources of information. All that he has heretofore sent to the newspapers with which he corresponded was but speculation. He is personally unknown to the heads of Departments.

☞ At Washington, last Saturday night, the Columbia Typographical Society, at their meeting, adopted an amendment to their scale of prices, as follows: "Compositors and pressmen employed by the week shall receive no less than $24 per week; eight hours to constitute a day from Oct. 1 to March 31, and ten hours to constitute a day from April 1 to Sept. 30, inclusive; for extra work, 50 cents per hour; after midnight, 75 cents per hour. Time work in all offices, excepting those of morning papers, which has heretofore been 45 cents per hour, is increased to 50 cents." A committee was appointed to inform the employers of the city that the new scale will go into effect in Washington.

The Bookbinders Association also held a meeting and passed a law to work from one hour after sunrise to sunset from October 1 to March 1 inclusive.

☞ The Rebel debt is $2,500,000,000. The Constitutional Amendment forever prohibits its payment. The Constitutional Amendment equalizes representation in all the States. Yet it is opposed by the Copperheads in defiance of the alarming fact that if the Rebel States were admitted to Congress without the passage of the Amendment, it would only require the votes of 27 Northern Copperheads in the House, and 8 in the Senate, to make the assumption of the Rebel debt possible. This would double the National debt and the National taxes.

☞ It was stated several days ago that a detachment of Washington police had arrested a party of five men, whose only offense seemed to be that they had large sums of money with them. Over $180,000 in gold and silver coin were found on their persons, besides numerous chunks of gold and silver, and gold and silver ore. They satisfied the officers that they been mining in Montana since 1859, that on their way to W. they stopped and had their precious metals coined and that they were en route for their homes in the State of Georgia. They were accordingly dismissed from custody.

☞ The great slumbering volcano, Popocatapetl, has recently been explored by a party which reports the crater accessible. Millions of tons of sulphur are lying in there, and in many places in a pure state. It can be carried to the summit of the volcano, and from thence to the base of that eternally snow-crowned mountain, at an expense of only 50 cents the hundred pounds. The value of 100 pounds in Mexico is $10. The crater is big enough to hold several cities, but it is not probable that any will be built there at present.

BLOOMER COSTUME.—A matter of notice to persons in the vicinity of the yard gates of some of our manufacturing companies when the operatives are going to, or returning from their work, is the number of female operatives who have donned the short dress and trowsers, considerably in vogue years ago. So popular has this costume become among "mill girls," while about their work, that it is believed the adherents of "Bloomerism," in this regard, are now numbered by hundreds in this city. The operatives present, as a reason for the change, that the newly adopted dress is more comfortable while at their work than the old style.—*Lowell News.*

☞ The other day, a well-known citizen of St. Louis, who has the reputation of being something of a wag, rushed into the Central Station, and reported that on the night previous a fellow came stalking into his house stark naked, and that he was unable to put him out, and that he was there yet. Three policemen at once started on the run to oust the intruder. When they got into the house they asked to see the fellow that came in the night before. The nurse brought out the baby, which the citizen's wife had presented him with the night before. The policemen suddenly disappeared.

— Over 5000 prosecutions against liquor selling have been made by the Massachusetts State Constabulary within the past eight months. Nearly 1600 persons have discontinued the traffic.

NEW HAMPSHIRE ITEMS.

—— Mary Thornton has been arrested in Manchester, for stealing dry goods from a store.

—— A boy of 14 years, named Wm. Morrison, tried to walk on the iron picket fence of the Unitarian Church in Manchester, on Tuesday of last week; but fell upon it, and was so injured that he died in about 40 hours.

UNIVERSAL POLICY. — The United States Convention of Universalists have just closed their Annual Meeting at Galesburg, Ill. They unanimously passed the following resolutions on the country. The committee to prepare these resolutions submitted their report. The reading was constantly interrupted with applause. It moved the patriotic blood:

While we make expression of devout thankfulness to Almighty God that the loyal men and women of the nation, through its strong military arm, have been enabled to overcome the rebellion as an organized political and military power;—while we congratulate the country heartily upon the re-establishment of such degree of peace as the nation is permitted to enjoy, we nevertheless cannot ignore the fact that, even in its bloody aspect, the war has not yet entirely ceased. Let the memorable Memphis riot and the more recent premeditated slaughter at New Orleans, where atrocious murders were committed, as it seems, almost, if not quite, by authority,—let the general tone and temper of the disloyal press and people of the South attest the truth of what we here assert. We believe that an important national crisis is at hand, that, at no period before or during the war have the issues before the country been more gravely important than now, or more deeply fraught with weal or woe to the future peace, prosperity and glory of the nation. *To falter in duty now is to relinquish or forego all the advantages which the successful termination of the long and bloody conflict has placed fairly within our reach.* Believing that the great loyal heart of the nation beats responsive to our own, and that it is the high privilege as well as the imperative duty of all religious bodies to speak out in no uncertain phrase on these vastly important national questions; be it, therefore, by this Convention,

Resolved, That as heretofore, this General Convention of Universalists affirms its fealty to the government;—that it desires now to have it specially understood that the denomination represented here aims to occupy the highest and best position of patriots and reformers.

That we view with deep regret the manifest sympathy of purpose existing between our President Andrew Johnson and those who were so recently open traitors, arrayed against the nation's life.

That we deeply deplore the reproach which has been cast upon the people of this land, by the disgraceful personal conduct of our Chief Magistrate,—conduct which prevents the expression of that homage which is always due from a loyal people to their President; and we respectfully submit that the employment of abusive epithets, profanity, and drunkenness are not qualities calculated to win a nation's regard, or obtain the support of Christian people.

That we entirely dissent from any policy of Reconstruction which would admit rebellious States to their former position in the Union, before we have received sufficient security against any renewed attempt at rebellion.

That men who, as former Senators and Representatives in Congress, or officials in other positions, have basely violated their solemn obligations, and have stained their hands with fraternal blood, and their hearts with atrocious crimes, should never be permitted again to occupy such official positions.

That we heartily commend the action of Congress in the passage of the Civil Rights Bill, and give our approval to their acts of loyal legislation; yet, we earnestly protest against final reconstruction of our country which fails in any way to do ample justice to all the loyal defenders of the country, or fails to recognize to the fullest extent, the principles of human brotherhood.

That no policy of reconstruction can meet with our approval which does not embrace impartial suffrage.

That the Council is in hearty sympathy with all organizations whose object it may be to promote the cause of Temperance.

A JOHNSON CLUB.—Such an "institution," has been established in Dover, as we learn by the last Gazette. We looked over the list of officers and motion makers to see what "conservative republicans" had joined in the work; as we are *told* by the Gazette a few weeks ago that a goodly number of such were anxious to do so. But "marry one" was there. Dr. Paul A. Stackpole, a tolerably well known specimen of adamantine Democracy, is President of the Club, and the rest of the officers are like unto him; while for the Constitution of the Club, adopted on motion of John T. Gibbs, Esq., who "still lives" up to the faith which he inculcated through the Gazette for a quarter of a century and more, it was voted, "that we adopt the Preamble and Constitution of the National Democratic Club, changing the name Democratic where it occurs, to Union Johnson, &c. So we have the democracy under an alias, but it is the "same old coon"—only a little more so.—Even the very moderate Unionism of our neighbor of the Gazette was sufficient to debar him from any place in the affection of these "Union Johnson men?"—*Dover Enquirer.*

☞ In England it is stated that the recent wet weather has destroyed a tenth part of the whole wheat crop. The Woolwich Arsenal has been leveled to the ground by an explosion of gun cotton. No lives were lost.

— A counterfeit of the new 5 cent coin is said to be in circulation. It may be distinguished from the genuine by the softness of the metal.

Correspondence of Chronicle.

NEW YORK, Oct. 14.

Broadway has blossomed out this autumn more gay and more brilliant than is its wont. Some of the fabrics just imported are really very unique and often very beautiful. The rage for bead and jet trimmings still continues, though as winter comes on there must be some abatement, as the black glass is getting quite too general to be much longer patronized by the novelty-loving leaders of the *beau-monde*. Cloaks are to be made of plush, beaver cloth and velvet. All sorts of tufted cloths will also be worn, and many of them, in the silver greys and stones, are very stylish and handsome. The "polar bear," a white shaggy cloth, is also very comfortable. The shapes are the tight-fitting pointed *sacque* and half fitting *paletot*, also the circular, though these last are rather for elderly people. They are generally trimmed very simply, except the plain cloths, which are literally loaded with jet beads.

The favorite hats are the "Cataline"—a sort of paralellogram—the "Gladiator" and "Ristori." These latter are the most stylish and becoming hats we have had for a long while. The willow plume is an almost necessary accompaniment. Hoop skirts will be worn very much smaller. All dress stuffs are striped, and embroidery both in linen and silk is quite in vogue.

One of the favorite resorts of the beauty and fashion of the city is the gallery of the Crosby Art Association on Broadway. There can be seen paintings by the very first and best known of our American artists. There is a delightful feeling of proprietorship which every holder of a certificate must feel in entering these rooms. You have paid your $5,—you stand a fair chance of gaining $600,000 in the shape of the Chicago Opera House. The association seems to me to be a real benefit to the community and any one who does not invest at least $5, makes a very sad mistake.

Politics are once more looking up after the slight lull attending the recent elections. Nearly every party has had its primary meetings. Some of the Congressional conventions have also held their sessions. Dodge has been nominated by the Republicans, and Brooks by Morgan in the eighth district. In this district Mrs. Elizabeth Cady Stanton has offered herself as free candidate. She claims that she can hold the office, although she cannot vote. She can at least lay some claim to shrewdness, as she takes from the Democrats free trade, and from the Republicans free suffrage. Should there be but one Democratic candidate, she may have some votes. Charles Spencer, an old city politician, has been nominated by the Republicans, in Raymond's district, and Fernando Wood is also up for Congress, through the goodness of "Mozart."

Tuesday the 16th, the books of the registration officers are to be opened, and naturalization is going on at a rapid rate meanwhile.

Brooklyn is daily outrivaling New York in criminal sensations. Only the other day a policeman was killed in the most mysterious manner, and now a jeweler of "most perfect respectability" is very indignant for having been arrested on a charge of buying a diamond ring, once the property of Rachel, from a band of street urchins. He paid to these youths the immense sum of fifteen dollars, and most carefully concealed the transaction, though a prize of five hundred dollars had been offered for the recovery of the property. He thinks his reputation has been injured to the amount of ten thousand dollars by his short imprisonment.

TOUCHSTONE.

☞ The removal of good Union men from office, and the appointment of Copperheads, has in every State done good to the Union cause. A correspondent in Harrisburg, Pennsylvania, writes: "It is apparent to every one in this vicinity that the removal of certain 'disaffected officials' has done more good to the Republican party of this country than all the speeches made during the campaign."

— The needlewoman's exclamation—Ahem!

— Richard H. Dana, Jr., denies the correctness of the remark attributed to him that Mr. Adams, our Minister to England, in speaking of this "nation" said petulantly "it is no nation—nothing but an association of States." No such conversation ever took place between Mr. Adams and Mr. Dana.

— Schuyler Colfax is re-elected to Congress by over 2,000 majority. He had spoken at least once each secular day since his return from Washington. His district was filled with Copperhead speakers, and he spoke alternately with his competitor at several great meetings. We believe this is his seventh re-election and his largest majority.

— More than one-half the diseases of the human system are caused from the use of impure Breadstuffs; and as Saleratus and Soda are the essential properties for using, it becomes doubly necessary to be watchful.—Herrick Allen's Gold Medal Saleratus is the only perfectly healthy article to be relied upon. Try one paper, and you will be convinced what we say is true. Never use Soda if you can procure this article. Go to your Grocer and get a paper. Depot 112 Liberty Street, New York. 50.

☞ The Boston Herald entertains the opinion that the acknowledged evils of intemperance cannot be suppressed until a class of men different from those who have advocated the the Temperance cause for years past engage in the work. We suggest that the editor of the Herald and those who sympathize with his views in regard to abating the acknowledged evils of intemperance," lead off in a moment for this object. They have acted the dog in the manger long enough; let them now take up the work which they think should be done in a better manner. It would be refreshing indeed to see the editors and proprietors of the Herald, and some of the other Boston dailies, forming a temperance organization, and leading off in a temperance movement!—*Universalist.*

Hygienic Wine.

Approved by the Imperial School of Medicine, Paris.

Tested by the Committee on Chemistry of the American Medical Association, at their Convention, held in Baltimore, May 1st, 1866, and endorsed by its most prominent members.

This *IMPORTED* Tonic, recommended by the most eminent Physicians, is prepared in Paris from

PURE SHERRY;

Admits in its composition only Tonic, Aromatic, and Febrifuge substances. It *replaces* with a great superiority all other Bitters, which have for a base, nothing but Alcohol or inferior Whiskies. It is richer than any other Bitters in

Aromatic and Balsamic Principles,

and its taste is exquisite. Its soothing effects on the NERVOUS FLUIDS is most astonishing, for, while it gently exhilarates, by re animating the functions of the DIGESTIVE ORGANS, and disciplines Languor, by gently refreshing and stimulating the brain, giving a healthy tone to the whole organism, it leaves behind none of the baneful influences that follow Alcoholic stimulants.

HYGIENIC WINE

is moreover

MOST DELICIOUS TO THE TASTE,

Possessing wonderful virtues in all cases of DYSPEPSIA AND DEBILITY, and moreover is unexcelled as an

Appetizer,

IT IS NOT INTOXICATING IN THE LEAST.

MUSCAT PERLE, (Imported)

Is a rare fine Wine of most delightful flavor. It is the Pure Juice of a Most Delicious and generous Grape, and surpasses in excellence *any Table Wine in the Country.*

All who are solicitous about obtaining a *pure* and a superior Wine, will be delighted with

"Muscat Perle."

☞ Church people are solicited to examine this Wine for communion purposes. A Communion Wine should be above *all things* PURE! In the second place it should be MILD. "Muscat Perle" combines these two most essential qualities, and a trial will convince any one of its superiority over all other wines at present in the market.

These Wines are sold by all respectable Druggists and Dealers.

ALCOCK'S POROUS PLASTERS.

BEST STRENGTHENING PLASTER IN THE WORLD.

ALLCOCK'S POROUS PLASTERS relieve and assuage pain by calling forth the acrid humors from parts internal to the skin and general circulation—thus, in many cases, positively evaporating the disease. JAMES LULL, M. D.

There is nothing equal, in the way of a plaster, to the Porous Plaster of Mr. ALLCOCK. Everything is pleasant about them. They are the plaster of the day, and a fit type of our present advancement in science and art. In Asthma, Cough, Kidney Affections, Gout, Rheumatism, and local deep-seated pains, they afford permanent relief.

J. F. JOHNSON, M. D., on 'Topical Remedies.

From a personal knowledge of these plasters, we can state that they are decidedly preferable to any other in use. Wherever relief is to be obtained by the use of a plaster, we should recommend them.

Read what Dr. Scovill says of ALLEN'S LUNG BALSAM:

Messrs. J. N. HARRIS & Co.:—

GENTS—I make the following statement from a perfect conviction and knowledge of the benefits of ALLEN'S LUNG BALSAM in curing the most deep-seated PULMONARY CONSUMPTION! I have witnessed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs and all the early stages of Lung complaints, I believe it to be a certain cure, and if every family would keep it by them, ready to administer upon the first appearance of disease about the lungs, there would be very few cases of fatal consumption! It causes the phlegm and matter to raise, without irritating those delicate organs (the lungs), and without producing constipation of the bowels. It also gives strength to the system, stops the night-sweats, and changes all the morbid secretions to a healthy state

"MIND YOUR BUSINESS"—This, the very apt and pertinent motto of the Mechanics' Association of this city, is sometimes stupidly rendered "Mind your *own* business," which is not sure to be either apt or pertinent to the occasion which calls it forth. But be that as it may—it is certainly necessary in order to success in almost any business, that it be well minded—and we don't see anybody about town who to our appreciation, pays much closer attention to his own business, than our friend Coleman of Batchelder's news-room and variety store. Early and late we find him at his post, and his store is always "in apple pie order," (if anybody knows what that is,) and customers promptly served with the best in the market. No matter if he be not the *only* shopkeeper who does all this—he came into town a stranger among us, and has apparently built up a good paying business—and we are always glad of an opportunity to commend energy and enterprise in any young man—especially when combined with sufficient sagacity to appreciate the Chronicle as an advertising medium.

☞ We are informed that the anonymous placards and advertisements, "per order of Committee," which appeared at the street corners and in the newspapers last week, advising Catholics not to rent pews, &c., in their church, in this city, was the work of a few rumsellers, with whose business the new Priest here has interfered not a little by counseling his people to temperance. And we learn, further, that Father Murphy's anathema and excommunication of one of said parties, caused a disturbance in the church last Sabbath, and resulted in a police trial. All good citizens, not to mention christians, will of course wish Mr. Murphy success in inculcating temperance among his flock.

POLICE COURT, October 15.—Michael Cunningham for an assault upon Daniel W. Murphy, upon Sunday last, was fined $5, and costs $8.22.

☞ A trial term of the S. J. Court, commences in this city, this morning.

NAVAL.—Actg. Vol. Lieut. Charles Norton, has been detached from the Resaca and granted leave.

☞ One of the most elegant stocks of Dry Goods in the State may be found at the store of Messrs. A. Q. Leach & Co., 29 Market street. These gentlemen are comparatively new comers here, but their energy in business, added to courteous and gentlemanly manners in dealing, has won for them hosts of patrons and friends.

CITIZENS' LYCEUM.—The fourth annual course of Lectures by this Association will be given the coming season, at the Temple. Particulars will be announced as soon as arrangements are completed.

☞ It will be seen by Mr. Joy's advertisement, that the schools to be taught by him will open next week.

☞ Philharmonic rehearsal Tuesday evening at half-past 7—Mercantile Hall.

☞ The Boston Herald's Washington correspondence of Sunday says:—

Mr. Bogue's appointment as Commissioner of Indian Affairs is severely canvassed. The records show that he was connected with the Sons of Liberty branch of the Golden Circle.

What if he was? Doesn't he support "my policy?" And if he does, why should any lower degree of rascality keep him out, when higher rebels and greater rascals go in.

☞ A fire in Nashua, on Sunday morning, damaged a building occupied by Eaton & Ayer, and others, for mechanical purposes, to the value of $10,000, including stock and tools.

☞ The Louisville, Ky., theatre, took fire at 11 1-2 o'clock, Friday night, about 5 minutes after the audience were out, and is a mass of ruins.

GOLD, Monday, 151.

CAPT. JOHN CLARK, formerly of the Boston Courier, a good printer and a loyal man, died at Chicago, on Sunday, aged 44, unmarried. He served the U. S. in the late war.

A GREAT FIRE occurred in Quebec, on Sunday night, in St. Roche and St. Savear suburbs. Fifteen hundred houses were destroyed, four men killed, one soldier blown up, and one officer wounded.

PAINFUL ACCIDENT.—Charles Perham, a returned soldier, had both hands blown off and one eye destroyed, Friday morning, while firing a salute at Farmington, Me., in behalf of the Soldiers' and Sailors' Convention of that town, in honor of the late Union victories.

— There has not been a case of insolvency in Nantucket county, Mass., since 1861.

— The extract from the forthcoming report of the Secretary of the Treasury on the finance, published recently, was without his consent. He has taken measures with a view to prevent in future similar premature exhibits.

— Girls are like peaches; the nearer they are ripe the more they blush.

— What is the difference between a piece of honeycomb and a black eye? One is produced by a laboring bee and the other by a belaboring.

— The sheep seized at Newport, Vt., recently have been released, it being made to appear that no fraud on the Custom House was intended by the importers.

— An eccentric fellow from Cincinnati says, drink a quart of Ohio river water, and stand in the sun fifteen minutes, and you can hear the gravel rattle in your stomach as you walk.

CONUNDRUM FOR CONVOCATION.—A reverend gentleman, the canon of a cathedral, had his pocket picked. Why was this canon like an Armstrong gun? Of course, because he was rifled.—*Punch.*

PROCLAMATION.

TO THE PUBLIC GENERALLY.

WHEREAS, being armed and equipped with such a stock of Fall and Winter Dry Goods as cannot fail to strike the beholder with bewildering amazement, and please the fancy of all lovers of the Beautiful; and Whereas, Having entered the field for the Fall and Winter Campaign of Trade, we are determined to repulse if not entirely vanquish the great system of monstrous prices and murderous profits, which has settled upon our whole country like a mighty incubus—sinking the poor into deeper depths of poverty, and dragging the affluent down, and even driving many to distraction:—and Whereas, we have taken unusual pains in the selection of our New Stock, and have purchased it all at the Lowest Cash Prices, which will enable us to accommodate the purchaser at the lowest possible figures:

Therefore, We, A. Q. LEACH & CO., do hereby issue this our proclamation, to dispose of our Stock upon such terms as must give satisfaction.

In witness whereof we have this, the 16th day of October, A. D. 1866, and of the independence of the United States of America the ninetieth year, hereunto placed our hands and caused the Great Seal to be affixed.

REDUCTION IN PRICE
OF THE
AMERICAN WATCHES,
MADE AT WALTHAM, MASS.

In consequence of the recent great improvements in our facilities for manufacturing, we have reduced our prices to as low a point as they can be placed

With Gold at Par,

so that no one need hesitate to buy a watch now, from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

More than 200,000 Watches,

have given our productions the very highest rank among time keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together we have been unable to supply the demand. We have repeatedly enlarged our factory buildings, until they now cover over three acres of ground, and give accommodation to over eight hundred workmen.

We are fully justified in saying that we now make MORE THAN ONE-HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy & Co.," Waltham, Mass
3. "P. S. Bartlett," Waltham, Mass.
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co.," Waltham, Mass.
6. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY
ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that, unlike the guarantee of a foreign maker who can never be reached, this guarantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

Every person complaining with Consumption or any disease leading to it, are invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part, also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

STOVES! STOVES!

ALL READY FOR THE FALL TRADE

The Best Cook Stove Out!

URIAH BLAISDELL,

No. 43 Market Street,

Offers to his friends and the public the celebrated

KEARSARGE

COOK STOVE,

Which he WARRANTS to have no superior in the market, in each and all of the qualities of a first-class Stove. It is a new Stove, of neat and symmetrical pattern, very heavy castings, well made, of the best of stock, and, what is rare, works equally well with coal or wood.

In getting up this Stove, it was designed, as its name implies, to make it one that could not be surpassed, and it is believed that perfect success in this has been attained. It is a moderate consumer of fuel, heats up very rapidly, and bakes surprisingly quick; requires no shoveling and makes no dust in cleaning out; will keep fire day and night with as much certainty as the best parlor heaters, and is so simply and conveniently arranged in all respects that a child can work it. The demand for it was so great upon its introduction, late last Fall, that the foundry could not keep up a supply, while the sales have since been steadily increasing, and in every case it has given the fullest satisfaction.

A few names, in different localities, of the many purchasers of this Stove, are subjoined, for convenient reference:

Morning Chronicle.

BILLIARDS AND YOUNG MEN'S CHRISTIAN ASSOCIATIONS.—Wm. L. Stone delivered a lecture the other evening before the Young Men's Christian Association of New York, in which he took ground in favor of billiard playing as in itself an innocent and healthful recreation. He thought many a merchant would do well for his clerks by fitting up a table in a room of his store where they could spend part of their leisure under judicious restrictions. He continued:

"Or still better—and I throw this out merely as a suggestion—how would it answer to have a billiard table in the reading room of this association? There need be no fear of its making this place a resort for blacklegs and loafers. Those would only come here who love the science of the game, and those who play under the excitement of betting or drinking would stay away.—The effect of such a step would be that hundreds who now enter the billiard saloon for the first time for the amusement of the game, would find that same relaxation here, amid healthful surroundings; and thus many of our youth be saved from mental and physical destruction."

A LUXURIOUS PRISON.—The County Down jail in Ireland was examined by inspectors the other day, and in one of the cells were discovered bottles of brandy, whiskey and other stimulating liquids, viands, books, and various luxuries that never were contemplated by the prison authorities.

— A lady went into a fair at St. Louis the other day, called for a cup of coffee, and paid for it with a check for $500.

— *A monster trout* measuring four and a half feet in length, three feet round the body, and weighing seventy pounds, was lately caught in Lake Erie.

— A corn-cutter in France has recovered in an action at the law, 600 francs for corn-cutting, nail-pairing, scissors, files, and rose-colored pomatum for the tips of the fingers of Mdlle Leblanc, a retired actress, whose "last life" has created quite a sensation even in Paris.

Furs! M. WALKO & Co. respectfully inform their friends and customers that their well assorted stock of FURS, manufactured by M. WALKO, personally, is now ready for inspection. Also, wish to inform ladies who have **Old Furs to Alter or Repair** not to leave it too late in the season, as the earlier they are brought the better attention can be paid them.

☞ PLEASE TAKE NOTICE—*Not in the Mercantile Building, as formerly, but directly opposite, next door to Hovey & Co.'s*, 29 SUMMER ST, Boston. Also, a good assortment of Ladies' and Children's Hats. Ladies' Riding Hats. Highest price paid for Raw Furs. 06—StarBlm

The State of New Hampshire.
EXECUTIVE DEPARTMENT,
CONCORD, Sept. 22, 1866.

PROPOSALS will be received at the Office of the State Treasurer until the 20th day of Oct. next, for a loan of $1,500,000, payable as follows:
$300,000 October 1, 1867.
250,000 October 1, 1868.
250,000 October 1, 1870.
250,000 October 1, 1871.
250,000 October 1, 1872.
250,000 October 1, 1873.
250,000 October 1, 1874.
Registered Coupon Bonds of $1,000 and $500 each, will be issued, bearing date October 1st, 1866, at six per cent. interest, payable semi annually, on the first days of October and April, and the principal at maturity, at the Office of the State Treasurer, or at the National Bank of Redemption, Boston, at the option of the holder.
No bid below par will be accepted: parties may offer for either of the series named, the highest bid having the preference, until the series is exhausted. The right to reject any and all proposals is reserved.
Interest will commence at the date of the bonds, but payment may be made at any time in October, November or December, adding accrued interest.
These bonds are issued under authority of a recent act of the Legislature of the State, for the purpose of a more speedy extinguishment of the State debt, and funding the present floating debt, will take the place of the longer authorized bonds, unissued, which have been destroyed by order of the Legislature, and will constitute a large portion of the indebtedness of the State.
For perfect security and remunerative interest, this loan is believed to be the most desirable investment now before the public.
FREDERICK SMYTH, Governor.

Important to the General People.
Next to the common articles of daily food, fruits, &c., there is nothing in more universal use than candies, and unhappily there is nothing made so subject to adulteration as they are by the adoption of the use of deleterious substances destructive to health. An exposure of these adulterations and their pernicious effects was recently made in this paper, which caused much speculation, and no doubt warned many that the only safe one to be made of candies and confections was to obtain those which are known to be pure. The knowledge that they are thus pure is what has made Southmayd's candies so popular, and what has so enhanced his business as to encourage him to build a splendid marble edifice in Boston, for his manufacturing and wholesale trade, while his retail business will be carried on at Horticultural Hall as usual. The finest and purest material, the use of none but the most innocent and innoxious coloring materials, and the neatest and most tasteful styles of manufacturing, constitute Southmayd's candies among the best, the safest, and the most popular in the market.—*Boston Journal.*

PIANOS and REED INSTRUMENTS tuned, repaired, rented, bought, sold, or taken in exchange.
PICTURE FRAMES on hand and made to order. LADIES altered and repaired.
Having made arrangements with Prof W. K. DAY, I now have the exclusive agency in this city for the sale of the celebrated Piano Fortes of Chickering, Sons, and Geo. M. Guild & Co. The superior merits of the former have too long been established to need any comments. Of the latter, suffice it to say that the sale of over fifty of them within the last five years by Mr Cobb, proves a sufficient guaranty of their excellence. Also the celebrated Estey Cottage Organs for sale on reasonable terms.
Every Instrument carefully selected and fully warranted, under the inspection and approval of Prof. Day. Also, the selection of SHEET MUSIC adapted to the wants of the musical community, will receive a just consideration by the same gentleman. D. H. MONTGOMERY.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, BOSTON, on all diseases of a PRIVATE OR DELICATE NATURE. Twenty years of the most practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of GONORRHŒA AND SYPHILIS.
SEMINAL WEAKNESS.—Dr. Dow devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting them for immediate individual for business or society. Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with private rooms, and charges for board moderate.—Medicines sent to all parts of the country, with full directions for use, on receiving descriptions of your cases. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail. Three or $1 and a red stamp.
Highly Important to Females.
IN DELICATE HEALTH.
Dr. DOW, Physician and Surgeon, No. 7 Endicott Street, Boston, is consulted daily by all diseases incident to the female system. Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston. Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment. Dr. Dow, since 1845, having confined his whole attention to our office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered. Office hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street. Those who need the service of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Three for $1 and a red stamp.

CHEROKEE PILLS,
Or Female Regulator,

Cure *Suppressed, Excessive and Painful Menstruation, Green Sickness, Nervous and Spinal Affections, Pains in the Back, Sick-Headache, Giddiness*, and all diseases that arise from impurity, by removing the cause and all the effects that arise from it. They are perfectly safe in all cases, except *when forbidden by directions*, and are easy to administer, as they are nicely sugar coated. They should be in the hands of every Maiden, Wife, and Mother in the land.
Ladies can address us in perfect confidence, and state their complaints in full, as we treat all Female Complaints, and prepare Medicines suitable for all diseases to which they are subject.—Thirty-two page pamphlet, in a sealed envelope, free.
The Cherokee Pills are sold by all druggists at $1 per box, or six boxes for $5; or they are sent by mail, free of postage, in ordinary letter, free from observation, by addressing the sole proprietor,
Dr. W. R. MERWIN, 37 Walker St., N. Y.
N. B.—Cherokee Pills No. 2 are prepared for *special cases*, when milder medicines fail; these are sent by mail, free of postage, on receipt of $5, *the price of each box.*

DR. WRIGHT'S
REJUVENATING ELIXIR,
Or, Essence of Life,
Cures *General Debility, Weakness, Hysterics in Females, Palpitation of the Heart and all Nervous Diseases.* It restores new life and vigor to the aged, causing the hot blood of youth to course the veins, restoring the energies of *Generative life*—*restoring Manhood, and this Elixir rejuvenates Debility, restoring Manliness, at the system and add full vigor*, thus proving a *universal* and *perfect Restorer of Love*, removing *Sterility* and Barrenness in both sexes. To the young, middle-aged, and aged, there is no greater benefit than a "Elixir of Life." It gives a new lease of life, causing the weak and enfeebled to have renewed strength and vigor, and the entire system to thrill with joy and pleasure.
Price, one bottle $2; three bottles $5; sent by express to any address.
Our medicines are sold and recommended by all respectable druggists in every part of the habitable globe; some unprincipled dealers, however, try to deceive their customers by selling cheap and worthless compounds in order to make money. Be not deceived—ask for these medicines and take no others. If the druggist does not keep them, write to us, and we will send them by express, carefully packed, free from observation. We will be pleased to receive letters with full statements in regard to any disease with which ladies or gentlemen are afflicted. Address all letters for medicines, pamphlets, or advice, to the sole proprietor,

STOKES ON JOHNSON.—At a great meeting in Columbus, Ohio, Oct. 4, Mr. S. J. Critchfield, introduced Colonel Stokes of Tennessee, to make a few remarks till General Butler arrived. His declaration that Tennessee would before Christmas put the ballot in the hands of every soldier and every true loyalist, without distinction of color, was loudly cheered. [A person in the crowd shouted, "Tell us about Andy Johnson's sufferings?"] Colonel Stokes replied that he would not have introduced the subject of the President had he not brought it before the people at St. Louis. He knew whereof he affirmed when he spoke about A. J.

Andrew Johnson's sufferings commenced in 1861, when he left Tennessee in a good buggy, and drove into Kentucky without molestation. From thence he went to Washington as a Senator, where he had as finely a stuffed cushion chair as any of the Senators whom he has since sneered at on that account. Likewise he suffered there to the tune of $3000 a year, his salary as Senator. He remained in Washington until Lincoln made him Brigadier General, when he went to Nashville and was provided with a home a few steps from the Capitol, which also was well furnished. That was the extent of his sufferings. As the Confederate Judge was his relative, he never lost a dollar's worth of property. He never smelt powder, and never saw a battle during all the war.

Col. S. said that whoever voted for the copperhead candidates, voted either to enslave the negro or have the national Government pay for him; voted either to assume the rebel debt, or repudiate the national debt; voted either to pay pensions to the rebel soldiers and their widows, or orphans, or have those pensions to our boys in blue and their widows and orphans stopped. That was the rebel programme. It was discussed in every district in the Southern States. He knew it from personal knowledge. That is the reason why they support Johnson. Every assassin and bush whacker voted for him. He pleaded earnestly for the young men to cast their first ballots so as to make treason odious by sustaining Congress.

— Prof. Agassiz says that "God save the Queen" is an old Swiss national air that has been known for centuries.

— Young ladies are very economical. They resort to tight lacing in order to avoid waistfullness.

Ayer's Ague Cure,
for the speedy cure of
Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the miasma of miasmatic countries.
Fever and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malarious districts, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the same intermittent type, or become periodical. This "CURE" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and its influence to those afflicted with the complaint cannot be over-estimated. So sure is it to cure the Fever and Ague, that it may be truthfully said to be a certain remedy. Our Dealer complains that it is not a good medicine to sell, because one bottle cures a whole neighborhood.
Prepared by J. C. AYER & Co., Lowell, Mass., and sold by all Druggists and Dealers in medicine everywhere. au29—2m
